Carnality classes? Why not?
The girls here are willing to trot.
They too have their lessons,

A mutual thing I would think,
For together we learn ev'ry kink.

20716 CONGRESS - TEACHING - SERIES

20717 CONGRESS - TEACHING - SERIES

"'Hey Chuck, we don't need it that bright',
She complained. 'But I do, 'cause it's night,
And I need to read charts

Have you Chuck? To be blunt,
If you have you're quite useless to me.'"

20720 CONGRESS - TEACHING - SERIES

Can't you see, foolish boy, that this part
8=3D=3D=3D> labelled C should be P?

Do it doggie-style each night in bed.

21122 CONGRESS - WEDDED Al Willis P9712

There was a young fellow named Goring,
Who used his own wife for his whoring.
When they said, "Thrice a nighting
Must be quite exciting?"
She replied, "It's excessively boring."

21123 CONGRESS - WEDDED G0083

There once was a man named Fred Fearly,
Who loved his wife very dearly.
At first they fucked daily,
Both lewdly and gaily;
Now he's lucky to fuck her twice yearly.

21124 CONGRESS - WEDDED Phred

Said a hipshot young bride of Atlantic,
"This fucking is driving me frantic.
I hate to disparage
The sex side of marriage,
But a whole night of cock's unromantic."

21125 CONGRESS - WEDDED G0009

One night, Maw shouted Fuck You to Paw;
Fuck You Too shouted Paw back to Maw.
After minutes of thought,
Said Ma, quite distraught,
I don't like oral sex anymore!

21126 CONGRESS - WEDDED Friar

The professer, with ample proportions,
Loves screwin' while doin' contortions.
Said his wife, "Watch my head,
And don't DARE break the bed,
Or your prick will be thick with distortions!"

21127 CONGRESS - WEDDED

Said a canny old husband named Hind,
"Yeah, I stay close to home; I'm not blind;
For I know that I'm right,
If you're out of their sight,
You're sure as hell out of their mind!"

21128 CONGRESS - WEDDED Armand E Singer 291

There once was a man named Sherman,
Whose bed was infested with vermin.
His wife he would fuck
Amidst maggots and muck;
He said it felt good when she's squirming.

21129 CONGRESS - WEDDED Puff Adder

Please somebody, give me a break.
The limericks you want are hard to make.
We're used to insulting
Or downright revolting,
Not Valentines, flowers and cake.

21130 CONGRESS - WEDDED - SERIES Arden

I've stuck with you for twenty-five years,
And I've had it right up to my ears,
Which have taken to twitching
Because of your bitching;
When I leave you, I break out in cheers.

21131 CONGRESS - WEDDED - SERIES Arden

I've had twenty-five years of your crap,
And I wish you would button your trap.
Though you've nothing to say,
You rant on anyway,
Till I want to disfigure your map.

21132 CONGRESS - WEDDED - SERIES Arden

As we enter our twenty-fifth year,
You're wellspring of all I hold dear.
As the years rush on by,
My heart tells me why
You're the one that I always want near.

21133 CONGRESS - WEDDED - SERIES Arden

My sweetheart, it's been twenty-five years
Since the day filled with laughter and tears.
Husband and wife
For the rest of my life,
Through joy, sorrow, closeness and fears.

21134 CONGRESS - WEDDED - SERIES Arden

There's nothing that I would have changed;
My life I would not rearrange.
I'm sticking with you
Like some Krazy Glue,
Deleriously, happily deranged!

21135 CONGRESS - WEDDED - SERIES   Arden

"Save pennies," they said, "for a year
One each time you make love to your dear.
And then take one out
For each subsequent bout;
'Twill be years before all disappear."

21136 CONGRESS - WEDDED - SERIES

Well, I tell you that gang was all wrong;
And it didn't take us all that long.
What we had put in
Went for whisky and gin.
And the need for that money was strong!

21137 CONGRESS - WEDDED - SERIES

Ther was a young fellow named Fyfe,
Whose marriage was ruined for life,
For he had an aversion
To every perversion,
And only liked screwing his wife.

21138 CONGRESS - WEDDED - SERIES

Well, one year the poor woman struck,
And she wept, and cursed at her luck.
"Oh, where has it gotten us
This goddamn monotonous
Fuck after fuck after fuck?"

21139 CONGRESS - WEDDED - SERIES

While fucking one night, Dr. Zuck,
His wife's nipples in his ears stuck.
Then, his thumb up her bum,
He could hear himself come,
Thus inventing the Radio Fuck.

21140 CONGRESS - WEDDED - SERIES L0365

Then on further experiment bent,
An improvement he thought he'd invent:
With his prick as conductor,
Combed her bush while he fucked her,
And his balls shot off sparks when she spent.

21141 CONGRESS - WEDDED - SERIES L0366

Dr. Zuck then went out on the street,
To feel the first girl he might meet.
And he knew that he'd made her
With his sexual radar,
But somehow it seemed incomplete.

21142 CONGRESS - WEDDED - SERIES Neal Wilgus P8211

So he invented a matter transmitter
And any size cunt, he could fit her.
But he injured his dong
When the setting were wrong
And his girl friend was killed when he split her.

21143 CONGRESS - WEDDED - SERIES Neal Wilgus P8211

Last night, after marital flack,
We cussed as we head for the sack.
Don't know what took place
But there's hair on my face,
And she's nursing bite marks on her back.

21144 CONGRESS - WEDDED - SERIES Cubbie

I think you forgot how to do it.
Take heart, there is not much to it.
You don't fuss and fight
When you bed down at night.
If you want, I can talk you two through it.

21145 CONGRESS - WEDDED - SERIES   Jeanie

Is Jeanie a voyeur? I think so.

21147 CONGRESS - WEDDED - SERIES   Jeanie

I wonder what my wife will want tonight;
Wonder if the wife will fuss and fight?
I wonder can she tell
That I've been raising hell;
Wonder if she'll know that I've been tight?

21148 CONGRESS - WEDDED - SERIES   L0106

My wife is just as nice as nice can be,
I hope she doesn't feel too nice toward me,
For an afternoon of joy,
Is hell on the old boy.
I wonder what the wife will want tonight.

21149 CONGRESS - WEDDED - SERIES   L0106

There was a young man with a prick
Which into his wife he would stick,
Every morning and night,
If it stood up all right.
Not a very remarkable trick.

21150 CONGRESS - WEDDED - SERIES L0082

His wife had a nice little cunt.
It was hairy, and soft, and in front.
And with which she would fuck him,
Thought sometimes she'd suck him,
A charming, if commonplace stunt.

21151 CONGRESS - WEDDED - SERIES L0082

Who's keeping her warm? I don't know;
My wife just won't give a good blow.
She must have a hex
'Cause she doesn't like sex,
And that is my true tale of woe.

21152 CONGRESS - WEDDED - SERIES

I'm gifted (or cursed) you might say;
Lots of hormones, much to my dismay.
I don't know what to do;
I just love to screw,
And my wife just won't give it away.

Given the chance, I give a good show.

Then maybe one more,
Depending if I get a good blow.

You must have an ass huge and wide,
To smuggle that much crack inside.

So exclaimed a rich man from Missouri
As he ran ten red lights in a fury:
"Traffic laws are absurd!"...
Now the last thing I heard,
They're presenting his case to the jury.

Some of this strife is implicit:
A lifestyle which trends towards illicit:
A person who steals
Or does shady deals,
Or calls on the phone to solicit.

21595 COPS AND ROBBERS - MISCREANTS

Just as justice to the just is,
Injustice to the unjust, a must is.

Swipe all the umbrellas,
It just disgusts the just's sense of justice.

21602 COPS AND ROBBERS - THEORY   Eve LaForte

Edwin Sutherland had nine props.
Behavior is learned; ask the cops.
From your friends, not the books;
With bad friends you're a crook.
Avoid bad friends and the crime rate drops.

21603 COPS AND ROBBERS - THEORY   Holly Sullivan

Beccaria so long ago,
Said Free Will keeps the crime rates not low.
When the costs are outweighed
By the funds to be played,
Then theft happens, much to our woe.

21604 COPS AND ROBBERS - THEORY   Jona Meyer

Cesare Lombroso once said
You can tell the bad guys by their heads.
Big skulls, beady eyes,
Means it is no surprise
That crime springs from ways that we're bred.

21605 COPS AND ROBBERS - THEORY   Jona Meyer

Lombroso biological theory
Had findings there were all too eerie.
Animal-like with beady eyes,
He believes tells us why,
Which leaves us all very leery.

21606 COPS AND ROBBERS - THEORY   Jeremy Ceruti

Sutherland said so many things;
To the theory of crime he brings
Committing crime is learned
For rewards quickly earned.
To this idea one clings.

As neighborhoods changed
A folks rearranged,
The crime rates were not faded.

It all began with Darwin;
He said all is predetermined.
Crime being included,
His ideas weren't secluded
From those who have committed sin.

21609 COPS AND ROBBERS - THEORY   Adam Goess

Lombroso said criminals are born as such,
They're not developed quite as much.
Their most obvious traits
Are their deviant gaits.
They're weird and different from us.

Differintial Association
Says crimes are committed through motivation.
Duration and frequency,
Intensity and priority,
And don't forget rationalization.

21611 COPS AND ROBBERS - THEORY   Moneka Walls

Criminal behavior is learned.
Peer gratification is earned,
Through communication
And differential association,
Even if friends get burned.

21612 COPS AND ROBBERS - THEORY   RAC

Once a theorist named Durkheim,
Pondered 'bout life all the time.
"Ah, 'tis easy," said he.
For it is Anomie
That leads us all to commit crime."

21613 COPS AND ROBBERS - THEORY   Jona Meyer

There once was a man named Durkheim,
Who believed each society has crime.
An anthropologist
Became a sociologist;
We all have anomie from time to time.

21614 COPS AND ROBBERS - THEORY   Shannon Cabrera

Crime is a problem of our nation.
The state exists for exploitation.
The Capitalist State
Came to just dominate.
Crime occurs due to administration.

21615 COPS AND ROBBERS - THEORY   Kristen K Letterman

There are five responses to anomie.
The first consists of conformity.
Hard work is ritualism.
Drop outs have retreatism.
Inovation and rebellion finish enormity.

21616 COPS AND ROBBERS - THEORY   Bob Nehring

Old Freud was an odd one at best;
He said crime springs from mental distress.
To old Siggy it seems
Crime escapes from our dreams,
And we all need treatment, he guessed.

21617 COPS AND ROBBERS - THEORY   Jona Meyer

Some people use biological theory;
Towards twins and xyy be leary.
The behavior 'tis said
Doesn't stem from the head,
But also from genes that are dreary.

21618 COPS AND ROBBERS - THEORY   Caesar Primus

Sigmund Freud had said long ago,
The id outweighs the superego.
The unconsciousness
And mental illness
And some theories got him some dough.

21619 COPS AND ROBBERS - THEORY   Brian Hobson

These people are lame.
They have no shame.
When caught they will do the time.

21623 COPS AND ROBBERS - THEORY   Shawn Wright

There once was a man named Hooten,
Who said he could stop crime and lootin',

The Marxist Theory states,
That Capitalists we hate.
Oppressed by their wealth,
We steal for our health.
We need to emancipate.

21625 COPS AND ROBBERS - THEORY   Kristen K Letterman

Conformity is the first adaptation;
Stealing requires innovation.
Hard workers are riualists;
Lazy losers are retreatists.
A rebels goals are his motivation.

21626 COPS AND ROBBERS - THEORY   Anon

Ours is a material nation;
The response to Anomie is variation.
Attitudes toward goals;
Merton plugged all the holes,
He's an answer for all situations.

21627 COPS AND ROBBERS - THEORY   Anon

Crime stems from a type of anomie,
In accordance with Merton's theory.
Keeping up with the Jones
Is steeped in our bones.
One is robbed 'cause another is greedy.

21628 COPS AND ROBBERS - THEORY   Michelle Hanssen

Consisting of goals and of preference,
This phase controls
The acceptable goals.
His ideas are extremely intense.

21629 COPS AND ROBBERS - THEORY   Leslie Miller

A guy in the 30's named Merton

Conformity, innovation, retreatism,
Rebellion, don't forget ritualism.
That's our funky rhyme; Drop the curtain.

21630 COPS AND ROBBERS - THEORY   Jason Romeo

Robert Merton once said,
We've a material culture and big head.
Woking hard, it is ritualism.
Not working hard, it's retreatism.
That's why he is so widely read.

21631 COPS AND ROBBERS - THEORY   Anthony Basantis

Beccaria said Punishment should fit the crime.
Commit the act -- you must serve the time.
This was not the case,
This would not save face.
And this is the end of my rhyme.

21632 COPS AND ROBBERS - THEORY   J M Student

There must be opportunity,
Before crime can take place fruitfully.
Not any dumb fool
Can steal the Crown Jewels;
In the end, know-how is the key.

21633 COPS AND ROBBERS - THEORY   Jona Meyer

The Criminal Justice System was bad;
There was death for many a lad.
The fit to the crime;
All should do their time.
A good system would make all people glad.

21634 COPS AND ROBBERS - THEORY   Ivonne Rivera

Low self-control leads to crime;
Some guys believe this all the time.
Tell a child he'll become one;
He'll steal just for fun.
He'll remember in the back of his mind.

21635 COPS AND ROBBERS - THEORY Anon

The laws should be publicized
So that the public would abide.
Vice laws were opposed,
For no harms arose.
Punishment to be too quick to hide.

21636 COPS AND ROBBERS - THEORY Micheala Jones

Sykes and Matza had their theory;
'Twasn't their fault they were leery.
You can deny the pain
And reassign blame.
When you speak to the judge, please speak clearly.

21637 COPS AND ROBBERS - THEORY Anon

Sutherland thought that crime is taught,
Whether you get away or get caught.
With peers you will yearn;
Like your friends, you will learn.
Differential association was his thought.

21638 COPS AND ROBBERS - THEORY Marc S Goldberg

Bentham liked punishment with pain,
Countering potential gain.
This rough sort of measure
Was, to his displeasure,
They need swift punishment to refrain.

21639 COPS AND ROBBERS - THEORY Kristen K Letterman

Sykes & Matza[s theory of neutralization
Says criminals try decriminalization.
Of the crimes they commit
They don't have to admit,
Using denial, appeal, and condemnation.

It must have been Thorsten Sellin
Who found neighboring cultures get mean.
Often, it's conquerors
Who label newcomers'
Acts as criminal and unclean.

21641 COPS AND ROBBERS - THEORY Jona Meyer

Beady eyes and those with ugly faces
Should be confined in other places.
Criminals atavistic
Are now thought ballistic
And no longer used in today's cases.

21642 COPS AND ROBBERS - THEORY Kristen K Letterman

Certain people can be born bad;
This ideas is what Lombroso had.
So if your looks go astray,
Lombroso would say:
"You're a criminal!" That's pretty sad.

21643 COPS AND ROBBERS - THEORY Marnee Jackson

"I've just been attacked", said the cop,
"As I made my way out of this shop."
And he stood there with mud
On his trousers and blood
From his nose streaming down on his top.

21644 COPS AND ROBBERS - ZSERIES

"Your assailant; which way did he go?"
I said. Blankly he said, "I dunno."
"Was he short?" "He was tall."
"Was he fat?" "Not at all;
He was thin as a rake don't you know."

21645 COPS AND ROBBERS - ZSERIES

"What clothes was he wearing?" I said.
"I dunno", he replied, "Ooh, my head."
"Did he have a moustache?"
"I don't think so; but gosh,
I remember some writing instead."

21646 COPS AND ROBBERS - ZSERIES

"'No Parking' it said, fore and aft."
And I looked at him, grinned and then laughed.
"It's this lamp-post right here
You bumped into." "Oh dear",
He said, looking quite sheepish, "How daft."

21647 COPS AND ROBBERS - ZSERIES

I've heard some great maxims from cops,
But this one I judge to be tops:
If ever your shot,
Don't worry a lot,
All bleeding eventually stops.

21648 COPS AND ROBBERS - ZSERIES Lilsil

Now that's a comforting thought,
One I feel sure that I ought
To feel good
When down in the 'hood
And the farm in the sky I just bought.

"New Year's Eve would turn into a drag,"

"I agree," said Skag, the lady cop.
"It's too risky for a traffic stop

A fun-loving copper named Yates,
Sought out bosomy doxies for dates.
He'd say "Put down your gin,
Cause I'm turning you in
For packing concealed 38's."

21654 COPS AND ROBBERS - ZSERIES

The doxie cried, "Please! Oh no, Please DON'T sir,
Turn me in for attempting to bolster,
My figure with stays,
And sheer overlays.
If you're kind you can fill up my holster!

21655 COPS AND ROBBERS - ZSERIES

Said Yates, "Empty that holster I will;
For to fondle those globes I would kill!
And there's a holster so scuzzy,
Down there where you're fuzzy,
That my eight inch magnum howitzer will fill."

The rising crime rate has us baffled.
Our Judicial system's all snaffled.
Though we build jail on jail,
It is clear this will fail.
What we need to be building is scaffold.

The criminals don't seem to stop,
And each day we do get a new crop.
If they do some foul crime,
We should give them time;

Fast lodged to his utter dismay,
He started to rise
But was caught by the thighs.
In her cleavage his wanker did stay.

His partner ran up right away
And said, "I'll assist if I may".
Great force he was wielding,
But the pud was unyielding.
"She's stiffening up!" Gus did say.

But here's a good tale instead;
Here's Charlie Black, dead on his bed.
A look of surprise
Still shines in his eyes,
With a hatchet blade stuck in his head.

21683 COPS AND ROBBERS - ZSERIES Tiddy Ogg

Lieutenant Colombo: "Charles Black?
A second-rate newspaper hack.
Who died in a snooze
After far too much booze.

And next arrive Starsky and Hutch,
With squeals of tires, riding the clutch.
They're hunting Blacks car,
Which ain't very far.
It's here, close enough to touch.

21686 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

Now Quincy comes, looking for clues.
Ignoring the hatchet, he'll choose
An adamant claim,
(For such is his game),
"'Twas chicken pox, heightened by booze."

21687 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

The whole merry crew is perplexed.
And Husky and Starch wholly vexed:
They've not had a chase;
Had to hang 'round this place.

An entrance is made, to impress,
By young widow Black, in a dress,

You can near see her toe,
Down the cleft, and she purrs: "I confess."

21689 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

That's good or we'd ne'er end this tale.
For surely our brave sleuths would fail
A jigsaw to do,

So here it is; right from the start:
Our Charlie has been to a part-

He felt bad, from down near his heart.

21691 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

A yawn, technicolored, and Pete,
The cabbie, irate,

21692 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

He throws Charlie out on his own,
In darkness, and so with a groan,
Off Charlie now plods,
Away, hoping God's

He finds one, and boy is he mighty
Relieved, and phones wife Aphrodite --,

Soon Aphro pull onto the verge;

Aroused by the shutting door's clunk,
Our Charlie considers: "I thunk

He starts to drive home to his bunk.

21697 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

And Aphro sees tail-lights receding
'Round bend, yells, but hubby's not heeding.
She walks for an hour,
Cold, angry, and showered

21698 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

She's home, marches straight to the shed,
Gets wood axe, finds husband in bed,

21699 COPS AND ROBBERS - ZSERIES   Tiddy Ogg

A moral you want, I suppose.
For once, folks, I'll tell it in prose:
A woman can stand
A sore head or hand,

When I broke her arm,
But she wouldn't let got of the purse!"

But the judge said, "I do not believe
T'was the purse that you tried to retrieve.
For as evidence here
Is that nurse's brassiere --
What tricks have you now up your sleeve?"

Said the thug, "You're right, Judge, I got caught;
The purse was just an afterthought.
The brassiere I did take,
'Cause I thought it would make

He'd shoot anybody who'd burp.

The fastest draw of great fame
Kept his gun in his pants - what a shame.
'Cause he drew at High Noon,
Pulled the trigger too soon.
"Wild Bill Hick" is now his new name.

21848 COWBOYS AND INDIANS - HEROES   Theo M. Heller   P9509

Wild Bill Hickok and several card cheats
In the backroom had taken their seats.
Bill was shot in the belly
As he dined with Fast Nelly --
In his hands they found asses and eats.
(instead of aces and eights now called 'dead mans hand')
21849 COWBOYS AND INDIANS - HEROES   Martin Wellborn   P8412

21850 COWBOYS AND INDIANS - HEROES P8205

Well, hey, now, my name's Wyatt Earp,
I've been known to fight, fart, and burp.
I once met that silly
L'il kid they call Billy
And kicked the crap out of that twerp!

21851 COWBOYS AND INDIANS - HEROES H Whelchel

Wyatt Earp chewed tobacco, the clod!
Which continued to a habit quite odd:
When he popped out his chaw,
While he practiced his draw,
It was clear, he'd been shooting his wad!

21852 COWBOYS AND INDIANS - HEROES

So sensitive was Wyatt Earp
In Dodge no man his soup could slurp.
To Earp it became
An insult to his name.
Boot Hill's filled with men who'd burp.

21853 COWBOYS AND INDIANS - HEROES Irving Superior P8412

On the shores of the great Gitchygoomi,
Hiawatha was standing, quite gloomy.
Watching birds and beasts mating;
'Twas time he was dating.
"I will build a canoe, big and roomy."

21854 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

So he built it with birch sticks and hides,
And lined it with 'coon fur inside,
And a chrome figurehead
Of a squaw giving head,
Imagining it his future bride.

21855 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

Some scholars of certain genus,
Have suggestied this "girl eating penis"
Motif thus inspired
Anon, that great bard,
In creating the epic "Ship Venus."

21856 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

He filled it with all sorts of treasure,
Blankets and furs without measure.
And some silk negliglee
He bought at Ira Hays,
Which he thought would give all the girls pleasure.

21857 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

(Ira Hays fought the Japs in the war,
Turned to drink, like so many before.
His life turned to ash,
As told by Johnny Cash,
And he died in a ditch, sickly poor.)

21858 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

(You may think there's a rift in chronology,
But for this I will make no apology.
Pass to Einstein your query,
It's all due to his theory
Of space-time and twists in cosmology.

21859 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

All the birds whistled, "Hey Hiawatha!
You really are such a tosser!"
And they all dropped their kak
On his wondrous kayak,
Which caused him a great deal of bother.

21860 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

He pondered now which way to go,
And decided to drift with the flow.
'Cause if he found a whore,
Then he'd give her an oar,
Which would double his power to row.

21861 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

He arrived at the land of the Chippewas,
And he found that the ladies there were no bras.
But with the braves' meat,
He could not compete.
He had never seen such big cigars.

21862 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

(Now that last verse was quite spurious,
And Longfellow would have been furious,
But the Chippewa word
Has an ending absurd,
So to rhyme it, I was very curious.)

21863 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

Down the great Gitchygoomi he drifted,
And at last his poor spirits were lifted,
For there in a glade
Stood a young Indian maid,
And with bosoms she was truly gifted.

21864 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

When he saw this wonderful creature,
Admiring 'most every feature,
He cried, "Lady, Hey!
I'll take you away."
(Romance was not in his nature.)

21865 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

She said, "'Fore you take me away,
My old daddy you will have to pay.
And those moth-eaten furs
And blankets of yours,
Ain't much, dude, so you'd better play...

21866 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

..."It careful and sly with my dad,
'Cause the old fart's not easily had.
If you want your nookie,
You'll be a smart cookie,
Or you will get nothing, my lad."

21867 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

It's true daddy was hard to please,
But grovelling down on his knees,
And a porn book or two
Saw our hero come through,
And caused the old man to unfreeze.

21868 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

"So take my girl, Laughing Dollar,
Or as you call the bitch, Money-Ha-Ha.
She's naught but a jerk,
Does no stroke of work,
She ain't worth the half of a Mars bar."

21869 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

So 'Watha sailed off with his prize,
With his eyes firmly fixed on her thighs.
But did she help row?
I tell you No! No!
She happily took a free ride.

21870 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

At her muff he's continually peering,
Not looking quite where he is steering,
And they'd ground. Hiawatha
Would thereupon boff 'er,
While the birds and the beasts all stood cheering.

21871 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

Now I know what you're going to say,
Tiddy's verses all end the same way.
With a down-trodden fell-
ow going through Hell.
For the rest of his life, he would pay.

21872 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

But no, once young Money'd been laid,
She really came out from her shade.
She was sexy and cute,
Knew the whole Kama Sut-
ra and pleased him the rest of their days.

21873 COWBOYS AND INDIANS - HIAWATHA Tiddy Ogg

They were camped in a city, Toronto,
The exiled Lone Ranger and Tonto;
Feeling ever so lonely,
He chased after his only,
Pleading, "Give me some tail, I mean pronto."

21874 COWBOYS AND INDIANS - L RANGER Armand Singer

He bedded alone, this Lone Ranger;
No lady to perch on his twanger.
In the morn when he woke,
With no-one to poke,
The crack of dawn was in danger.

21875 COWBOYS AND INDIANS - L RANGER Bob Watson

Whenever the Ranger yelled "Tonto!"
It didn't take much to catch on to
The fact that the plot
Had crooks to be caught,
So Tonto attended him pronto.

21876 COWBOYS AND INDIANS - L RANGER R. J. Winkler P8412

The Ranger, too often like ill Ver-

Increasingly ill,
He belloweed in pain, "Heigh-ho, Silver!"

21877 COWBOYS AND INDIANS - L RANGER Robin K. Willoughby P8412

"In Paris it comes as a wrench,"
Observed an old tourist named Mensch,
"When Westerns appear
On TV and you hear
Them shout, 'Hi ho, Silver!' in French."

21878 COWBOYS AND INDIANS - L RANGER A. N. Wilkins P8412

The faithful companion is dead.
The Lone Ranger filled him with lead.
This result came about,
When the Ranger found out
That "Kemo-sabe" always meant "Shit-head."

21879 COWBOYS AND INDIANS - L RANGER John K. Roberts P9302

The Lone Ranger, captured by bad guys,
Last wished for a smoke; they were unwise.
He puffed mightely,
Hoping Tonto would see
Smoke signals to rescue him, rise.

21880 COWBOYS AND INDIANS - L RANGER Jim Weaver Collection

Over the hill Tonto rode,
With Indian girls all in tow.
The Ranger was bummed
That he was so dumb;
Posse, not pussy, he bellowed!

21881 COWBOYS AND INDIANS - L RANGER Jim Weaver Collection

The Lone Ranger was writing his will -- ver-
Sion II -- since he'd gotten quite ill; ver-
Sion I had named Tonto
But now he said, "I want to
Leave all of my fortune to Silver."

21882 COWBOYS AND INDIANS - L RANGER Robin K. Willoughby P8412

On the range, a young cowgirl named Granger,
Was seduced by a copper-skinned stranger.
It was Tonto, no less,
But he lacked the finesse
Of the man in the mask -- The Lone Ranger.

21883 COWBOYS AND INDIANS - L RANGER Albin Chaplin 3024-2974

As far as his masked eye could see,
Surrounding them were Cherokee.
You take left, me right;
Till death we will fight.
Tonto mounts. "What do you mean we?"

21884 COWBOYS AND INDIANS - L RANGER S&M

A lively young girl of Toronto
Was harder than hell to hold on to.
It required the Lone Ranger,
With his horse, and a stranger,
To restrain her while fucking old Tonto.

21885 COWBOYS AND INDIANS - L RANGER Albin Chaplin   3024-0355

"Who was that masked man?" they cried,
"And what was he doing inside
Of your dark bedroom?
Was he in your womb?"
"No," she said, coy, "But, he tried."

21886 COWBOYS AND INDIANS - L RANGER

He bedded alone, this Lone Ranger.
No lady to perch on his twanger.
In the morn when he woke,
With no one to poke,
The crack of dawn was in danger.

21887 COWBOYS AND INDIANS - L RANGER

Oh, Marlboro Man, or Lone Ranger,
Or Redford, or you, Handsome Stranger,
To lift up your mask
Is all that I ask,
And roll you around in the manger.

21888 COWBOYS AND INDIANS - L RANGER Cow Sheep Petersen Rhodes

Lone Ranger, you're selfish as sin, so
Your bias we'll have to look into --
For Silver, of course, is
The Rolls Royce of horses,
While Tonto gets only a Pinto.

21889 COWBOYS AND INDIANS - L RANGER Cow Sheep Petersen Rhodes

The masked man said, "Those Indians out there
Want our horses! Our guns! And our hair!
So it looks like we're dead!"
"That's tough shit," Tonto said,
"But quite frankly, white-eyes, I don't care."

21890 COWBOYS AND INDIANS - L RANGER William N Nesbit P0010

Lone Ranger said, "Silver, you're true blue.
I'll live with nobody but you."
And that's why the lasses
Exclaim as he passes,
"Who was that masked man -- Phe-eww!"

21891 COWBOYS AND INDIANS - L RANGER Cow Sheep Petersen Rhodes

"In a western," observed Mr. Shirk,
"The villain is always a jerk,
Who shows every way
That crime doesn't pay,
Except that of writing the work."

21892 COWBOYS AND INDIANS - MOVIES A. N. Wilkins P8412

Holt, Gibson, Mix - those cowboys past!
They'd "shucks" but never kiss a lass.
And at the end
Would Westward wend.
Those days were called, "The Horse's Ass."

21893 COWBOYS AND INDIANS - MOVIES Irving Superior P8205

"A greeting card I need," said Ibsen,
"To send to a friend -- I don't fib, son.
My requests before
You simply ignore.
Perhaps you don't give a hoot, Gibson."

21894 COWBOYS AND INDIANS - MOVIES Thomas M Patton P9901

A cowboy of strength and audacity
Consumed beer with prodigious capacity.
What he swilled down in taverns
Could fill Carlbad Caverns!
That's why he's called "Hop-along" Cassidy.

21895 COWBOYS AND INDIANS - MOVIES   Vassar W. Smith   P9506

One man combining brawn and brain--
For Indians, complete disdain--
One man would not quit;
One man with True Grit;
The hero of the West, John Wayne.

21896 COWBOYS AND INDIANS - MOVIES   Irving Superior   P9509

Some heroes in Westerns were bored
By heroines villains adored.
But cared for the needs
Of intelligent steeds,
Till justice and peace were restored.

21897 COWBOYS AND INDIANS - MOVIES   R J Winkler   P8412

The posse, in many a thriller,
Would bungle when chasing a killer;
Though horsemen were dense,
Their horses showed sense --
The plot made the audience iller.

21898 COWBOYS AND INDIANS - MOVIES   R. J. Winkler   P8412

Old Roy has now been rebuffed
And his pride? It has now been scuffed.
"Horse," he did say,
"Want some more hay?"
Said Trigger, "No thanks, I am stuffed!"

21899 COWBOYS AND INDIANS - MOVIES   Les Stewart

Then Roy Rogers rode in on trigger,
Dale Evans said "How could I figure
That big palomina
Would have such a weiner,
And Roy's would be 8 inches bigger."

21900 COWBOYS AND INDIANS - MOVIES   Theo M. Heller   P9509

Roy Rogers has trouble with Trigger;
He sings and the horse will just snigger
When he hits the high notes.
So Roy took back the oats --
Which makes him a dirty reneger.

21901 COWBOYS AND INDIANS - MOVIES   Arthur Deex   P8209

When I was a boy, it was Roy!
A cap gun my favorite toy.
To the radio glued
As he shot the bade dude,
Pretending I'd shot him!...What joy!

21902 COWBOYS AND INDIANS - MOVIES   TuttaGioia

When Buttermilk met up with Trigger,
She used all her horse sense to 'figger'
That Roy would wed Dale
(A cowgirl, his frail)
Unless she backed out, a reneger.

21903 COWBOYS AND INDIANS - MOVIES   R. J. Winkler   P8412

No reunion can ever compete
With one Roy Rogers makes so complete.
It's the annual fete
For his late horse so great,
Held each Holloween, called "Trigger's Treat."

21904 COWBOYS AND INDIANS - MOVIES   Loren C. Fitzhugh   P9608

The lady who stuffed the late Trigger
Kept a part for herself, for a frigger.
But this lust-inspired ploy
Didn't slip past old Roy,
Who wailed, "Dang 'er! His whanger was bigger!"

21905 COWBOYS AND INDIANS - MOVIES   Robin K. Willoughby P8412

He wore chaps and a torn leather vest.
He ate food you'd never digest.
He was a cowhand,
Who tamed the land.
He liked screwing Miss Kitty the best.

21906 COWBOYS AND INDIANS - MOVIES   Thomas M. Patton   P9509

In Westerns, quite often, a varlet,
With sins that were crimson or scarlet,
Had eyes for a girl
Disdaining the churl! --
A role for an innocent starlet.

21907 COWBOYS AND INDIANS - MOVIES   R. J. Winkler   P8412

"In most westerns," declared Mr. Barter,
"The heroine is, as a starter,
More pretty by far
That the hero and star,
And his horse usually seems somewhat smarter."

21908 COWBOYS AND INDIANS - MOVIES   A. N. Wilkins   P8412

He was born too soon, poor old Tom Mix.
Kissing horses was his only kicks.
He'd have lots more jollies
(As well as more dollies)
Driving Formula Ones on Gran Prix.

21909 COWBOYS AND INDIANS - MOVIES   Eos   P8411

When movies were made by Tom Mix
The young and the old got their kicks,
As Tom and his horse
(In trouble, of course)
Finagled ways out of a fix.

21910 COWBOYS AND INDIANS - MOVIES   R. J. Winkler   P8409

In Westerns, on eyeing a cutie,
The villains would lust for her beauty.
But heroes ignored
What villains adored,
Responding (most always) to duty.

21911 COWBOYS AND INDIANS - MOVIES   R. J. Winkler   P8412

Portraying a cowboy, in part,
Required a hero with heart,
Both devoted and tender
To the opposite gender --
An actor like William S. Hart.

21912 COWBOYS AND INDIANS - MOVIES   R. J. Winkler   P8412

With North and South to war inclined,
The war to win the West declined.
The blood spilled each day
Was either Blue or Gray,
But Red again when peace was signed.

21913 COWBOYS AND INDIANS - SOLDIERS Irving Superior

The soldiers of Custer were clustered;
Then mustered they never got flustered.
They were scared but declared
They were always prepared;
The same as the Boy Scouts or mustard.

21914 COWBOYS AND INDIANS - SOLDIERS Albin Chaplin   3024-2502

Colonel Custer said, "Good folks, of course,
I do not have the slightest remorse
For what I have done
To see the West won
And just who is this guy, Crazy Horse?"

21915 COWBOYS AND INDIANS - SOLDIERS Loren C. Fitzhugh   P9509

An Indian, who claims we can trust her,
Insists she was raped by George Custer.
Despite what he planned,
His three-inch last stand
Was all Colonel Custer could muster.

21916 COWBOYS AND INDIANS - SOLDIERS Ray A. Billington   P9312

The General, though victory could sweeten
His career, instead, suffered defeat in
Little Big Horn's ironic,
And oxymoronic,
Great battle which saw Custer beaten.
(Buster Keaton?)
21917 COWBOYS AND INDIANS - SOLDIERS Bob Giandominico   P0107

A sergeant at Little Big Horn,
Said he wished he had never been born.
For the General he'd got
Wasn't really so hot
And he'd not have a scalp in the morn.

21918 COWBOYS AND INDIANS - SOLDIERS Warrick Elrod

The Colonel was noted for luster;
His tactics: heroics and bluster.
Then old Sitting Bull
An ambush did pull;
And that was the end of poor Custer.

21919 COWBOYS AND INDIANS - SOLDIERS Gifford Wherry

A dashing figure was George Custer;
Vain, boastful, and all full of bluster.
Was sorry he was born
At the little Bighorn,
When Custer's bluster spelt disuster.

21920 COWBOYS AND INDIANS - SOLDIERS Tony Burrell

With an overabundance of gall,
General Custer answered the call;
He rode out in force
Against Crazy Horse.
He was riding that spring for a fall.

21921 COWBOYS AND INDIANS - SOLDIERS RDH9995

In annals of history, a scribe,
With ear to the ground, heard a vibe.
He'd Custer advise,
A charge would be wise,
Sure result would cause DIATRIBE.

21922 COWBOYS AND INDIANS - SOLDIERS Chris Papa

That scribe's advice must have been late,
For Custer did suffer dire fate;
'Twasn't tribe who died,
But troops who lost hide
In face of sharp arrows a spate.

21923 COWBOYS AND INDIANS - SOLDIERS Daniel Ford

At dawn, as the bugle blew muster,
Up galloped the bold General Custer.
From his feet to his crust,
He was covered with dust.
He said, "Somebody lend me a duster."

21924 COWBOYS AND INDIANS - SOLDIERS Michael Palin

According to wild western lore,
As it was George Custer who swore
That whatever the test
He'd be properly dressed,
Arrow shirts are the brand that he wore.

21925 COWBOYS AND INDIANS - SOLDIERS A. N. Wilkins P8701

The old Western General looked grand,
As he stood with his gun in his hand,
Till a stray Indian arrow
Struck, punctured his marrow...
Alas, that was Custer's last stand.

21926 COWBOYS AND INDIANS - SOLDIERS

While awaiting the Sioux to disband,
Colonel Custer took matters in hand.
Despite his dejection,
He achieved an erection.
That was almost Custer's Last Stand.

21927 COWBOYS AND INDIANS - SOLDIERS Ray A. Billington P9312

With a squaw, Custer made out just grand,
Till her hubby arrived, Chief Fire Brand.
With his spear and a sock,
He removed Custer's jock.
History notes it as Custer's Last Stand.

21928 COWBOYS AND INDIANS - SOLDIERS Clarence E. Boyle P8704

On a faster and much bigger steed.

21974 COWBOYS AND INDIANS - WOMEN

Please let me clear up what I said:
Old 'Cookie' is what we call Fred;
For nigh 60 years
He's helped us brand steers,
And cooked all the beans we've been fed.

21975 COWBOYS AND INDIANS - WOMEN

Now, Fred, in his day was a stud,
That is, until he caught the crud
From whores he would stick;
Stuff shrunk up his dick,
As small as a tiny rose bud!

21976 COWBOYS AND INDIANS - WOMEN

So, Fred takes the gals that I hire,
And breaks 'em in down by the fire;
He feeds 'em his grub,
Then with his old nub
He work's up their nookie's desire.

He had found that her "truc"
Was a match for his "je ne sais quoi".

22039 COWBOYS AND INDIANS - WOMEN   Keith MacMillan   35a

The chief of the tribe, Sitting Bill,
The rain-dance has altered at will:
Through his limerick form,
He can bring on a storm
Of laughter, and downpours of thrill.
(in praise of Bill Backe-Hansen on 70th birthday 12/15/88)

22040 COWBOYS AND INDIANS - ZSERIES Carl Ludwig Kjelsen P8901

Behold, in hilarious rage,
When editing page after page
Of effluent verse,
He's defying the curse
Of illiterates, and that of age!

22041 COWBOYS AND INDIANS - ZSERIES Carl Ludwig Kjelsen P8901

Anniversary greetings are sent,
And all of them heartily meant:
May Bill Backe-Hansen
Still carry on dancin'
For many more years round his tent.

22042 COWBOYS AND INDIANS - ZSERIES Carl Ludwig Kjelsen P8901

Buck Beecher, the blacksmith in Danville,
Spied Primrose, a starlet from Granville;
The sway of her hips
And big pouty lips
Caused Buck to start pounding his anvil.

22043 COWBOYS AND INDIANS - ZSERIES Travis Brasell

Is anvil a new word for penis?
A love-arrow pointed at Venus?
Among all the titles
Conferred on those vitals,
We've never put 'anvil' between us.

22044 COWBOYS AND INDIANS - ZSERIES Barbara Bluebird

An 'anvil', as real women know,
Is large, hard, and takes a good blow;
If you'd like to see one,
(A big one, not wee one,)
Then mine I'll be happy to show.

22045 COWBOYS AND INDIANS - ZSERIES Travis Brasell

He shouted, "Hey Primrose, I've got
A thing here all steaming and hot.
I'm feeling just grand,
And have the right brand;
I'll land it in just the right spot!

22046 COWBOYS AND INDIANS - ZSERIES Tiddy Ogg

But Primrose a glance at him shot.
"I'll tell you," she said, "I care not!
If you feel so grand,
Why not use your hand?"
The blacksmith just stared and asked: "What?"

22047 COWBOYS AND INDIANS - ZSERIES Eva

Then following Primrose's glance,
While Buck was still froze in his trance,
Said she, "What you're pounding
Is near as astounding
As what's pounding there in your pants!"

22048 COWBOYS AND INDIANS - ZSERIES Travis

Then suddenly Primrose relents;
Her feelings becoming intense.
With thoughts running wild,
She impishly smiled,
And whispered, "I love your horse scents."

22049 COWBOYS AND INDIANS - ZSERIES Observer

With that, little prissy Primrose,
Started ripping and tearing her clothes.
About to give in,
Then to Buck's chagrin,
She said, "Hold on Buck, whose are those?"

22050 COWBOYS AND INDIANS - ZSERIES Carol

"Why those are my pride and joy dear,
This one's Buick Junior right here.
And those are the twins
Harry and Quinn;
I hear you've a daughter, let's see her.

22051 COWBOYS AND INDIANS - ZSERIES Gearhart

Reaching 'round to her back pocket,
Primrose pulls out her gold locket,
Saying, "There you go.
That's my triplets on show.
Now would you not like to help with my socket?"

22052 COWBOYS AND INDIANS - ZSERIES Sharon

Thought old Buck, "I'll lay this filly down,"
But his smile was replaced with a frown.
Prim's words went unheeded,
Buck knew he'd be needed...
The stagecoach had just pulled into town.

22053 COWBOYS AND INDIANS - ZSERIES Observer

Said Buck, "I don't mean to be rude,
But horses will have to be shoed.
So, just wait a spell...
Meet me at the hotel,
Right after my duties conclude!"

22054 COWBOYS AND INDIANS - ZSERIES Observer

Time passes so slow while you're waiting...
Prim sat in the room contemplating...
What's taking so long?
She tugged at her thong...
Her perfumme was intoxicating.

22055 COWBOYS AND INDIANS - ZSERIES Observer

The sun was approaching high noon;
Thought Prim, "Buck should be here real soon."
'Twas then that young Billy
Saw Buck and Miss Lily
Slip into the Sundance Saloon.

22056 COWBOYS AND INDIANS - ZSERIES Observer

Buck ordered a shot and a beer;
Miss Lily's intentions were clear.
Her hand on his hip,
Old Buck bit his lip,
And her tongue encircled his ear.

22057 COWBOYS AND INDIANS - ZSERIES Observer

While Primrose was waiting on Buck,
Young Billy thought "Oh, what the fuck!
Forget what Buck told her,
Who cares if she's older
Than me? My young dick she can suck!

22058 COWBOYS AND INDIANS - ZSERIES Travis Brasell

Then, quickly, he made up a plan,
Then down the back alleys he ran,
And while he was running,
He thought, "I'm so cunning...
With Primrose, I'll prove I'm a man!"

22059 COWBOYS AND INDIANS - ZSERIES Travis Brasell

And back at the Sundance Saloon,
Weak at the knees, ready to swoon,
Buck's joy turned to dread,
When Miss Lily, she said,
"Oh no! It's sherrif Jim Calhoon!"

22060 COWBOYS AND INDIANS - ZSERIES Carol

Miss Lily was known near and far,
As belonging to that there tin star.
Though many had tried,
All of them had died
An untimely death, most bizarre.

22061 COWBOYS AND INDIANS - ZSERIES Carol

As Calhoon wandered in through the door,
He saw Lily laid out on the floor.
"My God, are you dead""
"No, knackered!" she said.
I know now what makes a good whore."

22062 COWBOYS AND INDIANS - ZSERIES Richard

The Sherrif Calhoon gave a shout,
"I'll find out what it's all about.
Just tell me 'who dunnit'
And filled up your punnet,
Then I'll give to them a good clout."

22063 COWBOYS AND INDIANS - ZSERIES Richard

But Lily would not tell the lad
The name of the person who had
Tried hard and then done it;
Put in to her punnet,
But now she was feeling so sad.

22064 COWBOYS AND INDIANS - ZSERIES Richard

For Buck had leapt up off the floor
When he saw Sherrif Cal' at the door.
With his pants 'round his knees,
He took off to the trees,
And that was the last that she saw.

22065 COWBOYS AND INDIANS - ZSERIES Richard

Of Buck, that fine ram of a man,
Who proved that with luck, we all can
Take the fruit from the punnet
And shout out I've done it.
I've shivered her timbers, old man!"

22066 COWBOYS AND INDIANS - ZSERIES Richard

A stranger called Abilene Herb
In the rodeo was simply superb.
He took the first prize
To the judges surprise,
For he thought that 'cow-poke' was a verb.

22067 COWBOYS AND INDIANS - ZSERIES Martin Wellborn   P8412

A rodeo grand prize, so I've heard,
Has been wone by an indigent Serb
Who amassed a high score --
A 99.4 --
And thought that 'cow poke' was a verb.

22068 COWBOYS AND INDIANS - ZSERIES Arthur Deex   P9011

This little old man, Cowboy Bob,
Tried, but could not play with his knob.
He lamented one day
In greatest dismay,
"What damnfool thing next will they rob?"

22069 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

The Indian Chief, Sitting Bull,
Had eaten and so he was full.
And drinking firewater,
He said to his daughter,
"It's time you gave this thing a pull."

22070 COWBOYS AND INDIANS - ZSERIES Archie

His daughter said, "You pull your knob.
I've got me a much better job.
He'll pay me to hunt
For his missing front --
I'm working for old Cowboy Bob."

22071 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

That old Cowboy Bob's quite a job;
A foul, evil-smelling old slob.
And his wrinkled old gun
Measures inches just one.
He's depleted by his brother Rob.

22072 COWBOYS AND INDIANS - ZSERIES Archie

S. Bull's daughter, looking for Bob's,
Or other guys interesting knobs,
Has heard what you claim,
So that sneaky dame
Is tiptoeing over to Robs.

22073 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

Bob has an interesting knob,
Considering it is just a squab.
Though hard, it's a shorty,
And all hairy and warty;
It's like a Rorschachean blob.

22074 COWBOYS AND INDIANS - ZSERIES Archie

We don't like those ink-blot-type knobs.
S. Bull's daughter and I are snobs.
We like normal spew
And not what those do --
They squirt out those little blue gobs.

22075 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

The Old West was won by this mob;
On indians they did a fine job.
It wasn't the whiteys
Who were high and mighty,
But Bob's corps of little blue GOB's.

22076 COWBOYS AND INDIANS - ZSERIES Archie

Bob's gobs overwhelmed S. Bulls daughter;
It was not the thing that they oughter
Be doing in plain view.
She said 'til their brains grew,
She'd wash them away with creek water.

22077 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

S. Bull found out someone had mussed her;
He asked her just who was the buster
Who'd had a good screw
In everyone's view,
And she said that she thought it was Custer.

22078 COWBOYS AND INDIANS - ZSERIES Archie

"He has gone way too far, this damn Yank.
His army and he, need a spank!
We'll hide in the coulee.
When I get this fool, he
Won't even be good for a wank!"

22079 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

While daddy's away with his muster,
He thought that his daughter, he'd trust her;
But he couldn't, you see,
'Cause in the teepee
Was the daughter and Bob with his thruster.

22080 COWBOYS AND INDIANS - ZSERIES Archie

As naked as when she was born,
S. Bull's daughter looks at Bob's thorn.
"Short. Wide. Knobby things --
I can see that this brings
New meaning to 'Little Bighorn'."

22081 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

Escaping from Little Bighorn
Is futile, all mothers will warn.
So now that he's caught her,
He'll leave S. Bull's daughter
To waken alone in the morn!

22082 COWBOYS AND INDIANS - ZSERIES Archie

And now we can leave Cowboy Bob,
And S. Bull's daughter knocks on his knob.
While he sneaks away,
We can simply say --
Don't like to hear grown up men sob.

22083 COWBOYS AND INDIANS - ZSERIES Marlene Lewis

You cowboys are just so polite,
It's hard to resist that invite.
If you need a change,
Then come graze my range;
It's dewy almost every night.

22084 COWBOYS AND INDIANS - ZSERIES Carol

If, when home on your range, which tastes sweet,
That prarie dog, Trav, I should meet,
Popping out of a hole
With his knee-banging pole.
My discouraging word would be "Sheeeeeeet!"

22085 COWBOYS AND INDIANS - ZSERIES RanDog

That would not be a savory treat
And I'd beat a quite hasty retreat.
Antelope and the deer
Would be running, I fear,
'Cause we all want no part of his meat!

22086 COWBOYS AND INDIANS - ZSERIES RanDog

If you want me to graze on your range,
You'll most certainly have to arrange
A Travis-free night
For my bison's delight,
Where the Brits can all watch. Is that strange?

22087 COWBOYS AND INDIANS - ZSERIES RanDog

His true love of life was named Clara;
In youthful days she was much fairer.
But when she grew older
One day ol' Gus told 'er
"Your top lip is covered with hair'er!"

22088 COWBOYS AND INDIANS - ZSERIES

Encounters came with ol' Blue Duck,
An injun who'd wore out his luck;
One day by the shore
He chased Gus's whore
And caught her, then gave her a fuck.

22089 COWBOYS AND INDIANS - ZSERIES

Since cowboys always make me swoon,
When riding one, I always croon
An old western ditty,
Like "Mules Make Me Giddy"
Or some other old cowboy tune.

22090 COWBOYS AND INDIANS - ZSERIES Carol

She'd gaze at the cowboy and drool,
Then sit down to ride on his tool.
It was a nice ride,
With a stud by her side,
But she'd rather be under the mule!

22091 COWBOYS AND INDIANS - ZSERIES CM

Mules ain't fit for ladies nor Mamma!
A mules thing is just a small comma.
We all know that Carol
Likes them like a barrel.
Put her in the pen with the Brahma!

22092 COWBOYS AND INDIANS - ZSERIES Cyber Wizard

We feel for the poor Seminoles;
They were here before Cabots and Lowells.
But they're denied sufferage,
'Cause white men took umbrage
At their scalping a few Anglo-souls.

22093 COWBOYS AND INDIANS - ZSERIES Arnie Schoenbrun   P0212

The red men, it's worthy of note,
Scalped some of the people they smote.
The Sioux and Shoshone
Left many heads bony
Long ago, but they still cannot vote.

22094 COWBOYS AND INDIANS - ZSERIES Arnie Schoenbrun   P0212

The red men are patient old souls;
They strive for political goals.
But in retaliation
For decapitation,
White pols don't let Reds near their polls.

22095 COWBOYS AND INDIANS - ZSERIES Arnie Schoenbrun   P0212

Despite the political gaffe,
The Indian has had the last laugh.
He smiles 'cause he knows
Who owns the casinos,
With whites as the underpaid staff.

22096 COWBOYS AND INDIANS - ZSERIES Arnie Schoenbrun   P0212

Well, here's my brand new resume;
I wrote it myself, just today.
Including job history,
So they'll be no mystery,
I think I'll measure up okay.

22097 COWBOYS AND INDIANS - ZSERIES

I've ridden on many a saddle --
Not western though, too hard to straddle.
Not bow-legged yet,
Not deep into debt,
And once saw a whole herd of cattle!

22098 COWBOYS AND INDIANS - ZSERIES

On tobacco I never chaw;
I'm not on the run from the law.
I can make things grow,
And also I know,
The difference between hay and straw.

22099 COWBOYS AND INDIANS - ZSERIES

You won't find a gal here more fitter,
I'm not known to be a fence sitter.
Once worked a saloon,
Sang this cowboy tune,
"Blood on the Saddle" by Tex Ritter.

22100 COWBOYS AND INDIANS - ZSERIES

Now don't get me wrong about dancing
Around on the stage and the prancing
She did, was all class,
Though she did shake her ass.
The dance ended not with depantsing.

22101 COWBOYS AND INDIANS - ZSERIES Jon Gearhart

And when she had finished the song,
I'd make my way up through the throng,
Then lightly I'd kiss her.
Oh God! How I miss her!
Strong feelings as thick as my dong.

22102 COWBOYS AND INDIANS - ZSERIES Jon Gearhart

As I led her out the stage door,
The barcrowd screamed out for encore.
But we slipped outside
For a long wild ride
In my cherry Chevelle '64.

22103 COWBOYS AND INDIANS - ZSERIES Jon Gearhart

The only strip that night by Carol
Is when she stripped down for my barrel.
Fully clothed in the bar
Till we got to my car,
Then we both shed all trace of apparel.

22104 COWBOYS AND INDIANS - ZSERIES Jon Gearhart

It won't hurt if Jon doesn't know,
That I did more than sing for that show.
Those hoots and those hollers
Brought me lots of dollars,
And filled up my thong full of dough.

The worms crawl in and crawl out.
Don't eat that! It had the gout!
They want something yummy
Like fudge in your tummy,
They'd eat it embalmed, without doubt.

22517 DEATH - GRAVES

I hope when they bury my ass,
The caretaker makes a pass
Around me with a mower,
'Cause at six feet and lower,
My dick will stick up through the grass.

22518 DEATH - GRAVES - SERIES MrMalo

The mower that gives you a buzz,
Won't match up to soft pussy fuzz.
The worm in the middle
Won't allow you to piddle,
And it won't be as hard as it was.

Once planted you won't get much ass
And your pecker, though swelled up with gas,

My wife's cousin's father's last goal
Was burial at sea, we were tol'.
He died, Pat and Mick
Took shovel and pick,
And try yet to dig there a hole.

22521 DEATH - GRAVES - SERIES Tiddy Ogg

Those salts, Pat and Mick, were sure brave
To dig in the sea a fine grave,
In order to lay
That sailor that day,
Then say their 'good-byes' with a wave.

I've a horrible feeling I'm dead;
It is due to something I said.
I joked I'd be off in
A gold plated coffin
But from inside, it could just be lead.

The worst thing about it is this
I'm losing my air with a hiss.
On my back, what a plight
And there's no fucking light.
What the hell will I do for a piss ?

Oh God, there's much much worse to it
As I feel my internals commit.
My true epitaph

"He was buried before his last shit"

By the locals, It's rarely admitted,
But once a foul crime was committed,
When a man with a knife
Took a young lady's life,
In a lane near the town of Combe Bisset.

22530 DEATH - GRAVES - SERIES Tiddy Ogg

The damsel who died was named Maeve,
And she lies in a poor unmarked grave.
And the legend I hear
Says on March 3 each year,
Comes the ghost of the killer, a slave...

22531 DEATH - GRAVES - SERIES Tiddy Ogg

...To the guilt of that terrible blight.
And one year on just this grim night,
To the pub came a stranger,
Who said he'd arrange a
Bet that he'd stay without fright...

22532 DEATH - GRAVES - SERIES Tiddy Ogg

In that graveyard until break of day.
All the men tried his will to gainsay.
But the stanger, the fool,
In his long coat of wool,
Was determined that he'd have his way.

22533 DEATH - GRAVES - SERIES Tiddy Ogg

He insisted that he'd have no fright,
Though they argued with all of their might.
So a strange knife they gave
Him, in order to stave
Off that ghost that would come in the night.

22534 DEATH - GRAVES - SERIES Tiddy Ogg

In the graveyard he soon squatted down,
And drove the knife into the ground,
Very close by his side
And there he did hide,
'Til he heard some peculiar sound.

22535 DEATH - GRAVES - SERIES   Tiddy Ogg

That cry -- was it only an owl,
Or something unspeakably foul?
And that scrabbling he heard --
Just a rat or a bird?
And something now started to howl.

22536 DEATH - GRAVES - SERIES   Tiddy Ogg

He cannot take more of that sound.
He tries to rise up from the ground.
But he finds he's stuck fast...
Through his fright, breathes his last...
In the morning the body is found.

22537 DEATH - GRAVES - SERIES   Tiddy Ogg

When that knife he plunged into the grass,
Through his thick woolen coat it had passed.
It was this held him tight
And prevented his flight...
In his terror his heart beat its last.

Use a hammer or axe,

Showing no sense of fatherly pride,
And displaying a greedier side,
Our draftsman (Sicilian)
Shagged a comely Brazilian,
And was caught by his common-law bride.

Now Miss Gift's in a jail in Back Bay
Where she'll languish for many a day.
You see, morally, Bean Town
Is a dreadfully clean town,
In which crime of this sort doesn't pay.

22808 DEATH - MURDER - ZSERIES G1986

Had I shot her in ninety and one,
When I caught her with Steve and his son,
She'd be dead for more years;
I'd be quaffing my beers,
'Cause parole I'd already have won.

22809 DEATH - MURDER - ZSERIES Eugene L

But since you are not very rich,

Dirty glasses and plates,

Miranda, remember an inn,
Where you had them all in a spin?
When the chandelier broke
And you thought it a joke,
And your twat landed in that fellow's gin.

22815 DEATH - MURDER - ZSERIES Jim Weaver Collection

In that inn, Miranda, do you
Remember you swore to be true?
Then fellated the waiter,
Blew the old undertaker,
And boffed the ferry boat's crew.

22816 DEATH - MURDER - ZSERIES Jim Weaver Collection

And now Miranda, remember,
What I told you last December.
You've been such a tart,
I'll tear you apart;

You've freely given your quim,

22818 DEATH - MURDER - ZSERIES Jim Weaver Collection

The most blackmailable man on the hill,
Might think he might do what he will,
And sit on committees
And ponder the titties,
Of the girl that he told thugs to kill;

22819 DEATH - MURDER - ZSERIES

She had her brief uses, it's true,
But then when it's best that she flew,
She's taken, erased;
All done in hot haste,
With hardly a moment to rue;

22820 DEATH - MURDER - ZSERIES

And shaking my head, I just sigh;
A pity, this girl had to die.
For power corrupts,
And bucks upon bucks,
Tempt that elected official to lie.

22821 DEATH - MURDER - ZSERIES

Oh woe; for impending is doom.
A week in a far away room;
A small taste of hell
In some dingy hotel,
In a city renowned for its gloom.

22822 DEATH - MURDER - ZSERIES

So dingy you wouldn't believe;
Especially selected by Steve,
My boss, who is raving
And nuts about saving
Expenses which cause him to grieve.

22823 DEATH - MURDER - ZSERIES

And that means each fractional cent
Which might be, for comfort's sake, spent,
Is carefully weighed
And dismissed I'm afraid.
Why he's even suggested a tent.

22824 DEATH - MURDER - ZSERIES

Or a small cardboard box and a mat,
A spade or a shovel (for that
Which one has to do
On occasions) and two
Cents a meal which just might feed a gnat.

22825 DEATH - MURDER - ZSERIES

So off I shall go very soon,
Some three or so hours after noon,
To work yet again.
(Maybe ill I should feign
And phone Doctor Petunia Swoon.)

22826 DEATH - MURDER - ZSERIES

Mrs. Jones was suspected of killing
Her husband to use as a filling
In pastries and pies,
So the cops thought it wise
To arrest her and give her a grilling.

22827 DEATH - MURDER - ZSERIES Peter W

On searching the garden they found
A disturbed patch of earth and a mound
Where she'd buried the bones
Of the late Mr. Jones,
Just a yard and a half underground.

22828 DEATH - MURDER - ZSERIES Peter W

They raided her larder that night
And were shocked at the horrible sight
Of some twenty-four dozen
Meat pies which were buzzin'
With flies in the vanishing light.

22829 DEATH - MURDER - ZSERIES Peter W

(These verses I've tried to keep clean
But the rest of the story's obscene.
If you really don't feel ya
Can take zoophilia,
Stop reading; you know what I mean.)

22830 DEATH - MURDER - ZSERIES   Peter W

With evidence mounting, she said,
"I confess that I wanted him dead,
'Cause I viewed with revulsion
His sexual compulsion
For jacking-off donkeys in bed.

22831 DEATH - MURDER - ZSERIES   Peter W

I said to him, "Why can't you play
With your donkeys's dongs out in the hay,
'Cause I'm fed up with cleaning
And washing machining
Our bedsheets and blankets all day."

22832 DEATH - MURDER - ZSERIES   Peter W

"I'll do what I like, you old bat."
Said my husband while screwing the cat.
"And I'll take up with dogs,
Armadillos and hogs,
Even elephants; how about that?"

22833 DEATH - MURDER - ZSERIES   Peter W

"You bastard!" I said, and I tore
At his balls as we fell to the floor.
With a knife in my hand,
Which I swear wasn't planned,
I just stabbed him and mopped up the gore.

22834 DEATH - MURDER - ZSERIES   Peter W

His soft fleshy pieces I charred on
The griddle while digging my garden.
And yes, I admit,
That I fondled my clit
As I pickled the bugger's last hard on.

22835 DEATH - MURDER - ZSERIES Peter W

At her trial the psychiatrist said
That she wasn't quite right in the head.
So they took her away

Firmly strapped to a hospital bed.

22836 DEATH - MURDER - ZSERIES Peter W

Joe found a cure for headache pain,
And now he is happy again;
He took a late flight
With his wife one night,
And dropped the bitch out of the plane.

22837 DEATH - MURDER - ZSERIES Travis Brasell

What Joe did not know was his bitch,
Indeed was naught but a witch.
A broom pulled out, she
For her man to see,
That she can fully fly with no hitch.

22838 DEATH - MURDER - ZSERIES R Rezel

The witch (the ex-bitch) was wee miffed,
'Cause her man had set her adrift.
A spell she did caste,
And they heard a blast;
The crash of the plane was quite swift.

22839 DEATH - MURDER - ZSERIES R Rezek

The witch (the ex-bitch) was now happy.
She had got rid of her ex-chappie.
Burst was her big bubble;
Her broom gave her trouble,
'Cause the engine on it was so scrappy.

22840 DEATH - MURDER - ZSERIES R Rezel

The witch (the ex-bitch) was then falling;
Her screaming was simply appalling.
The witch was a bitch
Which is something which
Did not stop her destiny's calling.

22841 DEATH - MURDER - ZSERIES R Rezel

The moral, this story proclaims
That whenever bitches play games,
It's they who will suffer,
'Cause life's a lot tougher
For bitches who think they are dames.

22842 DEATH - MURDER - ZSERIES R Rezel

Big Brother now wants to relate
Brutal actions to -- would you guess? -- Hate!
So before my next killing,
I have to be willing
To wipe all ill will off my slate.

22843 DEATH - MURDER - ZSERIES John Miller

Let's say my next victim is gay;
Why then, I must carefully say
Where it's sure to be heard,
"Hating queers is absurd,
Why, I've ALWAYS loved people that way!"

22844 DEATH - MURDER - ZSERIES John Miller

At the same time, I mustn't be slack
To renounce, if the victim is black,
All my old negro jokes
"'Cause I do love those folks!"
Or the court will be taken aback.

22845 DEATH - MURDER - ZSERIES John Miller

My head I'll bow low if I choose
Some priest to blow out of his shoes.
And don't be surprised
If I get circumsized
To prove brotherhood with the Jews.

22846 DEATH - MURDER - ZSERIES John Miller

Also Squareheads, and Froggies, and Poles,
I love all those clods, bless their souls.
I love all persuasions
(Even Germans and Asians)
While I fill up their bodies with holes.

22847 DEATH - MURDER - ZSERIES John Miller

So next time I'm offing some slob,
I'll declare for the witnessing mob,
As I'm twisting the knife,
"I'm not taking your life
'Cause I HATE you -- It's part of my job."

22848 DEATH - MURDER - ZSERIES John Miller

The couple next door had a daughter,
Who was doing what she hadn't oughter.
She asked me my name,
And I said, "Are you game?"
She replied, "Yes I am," so I shot her.

The fucking thing broke,
And turned her insides to whipped cream.

For my needs is no better than neuter.
Now my passion's fulfilled--
Though I just may get killed--
By a large, well-equipped Roto-Rooter."

23365 DILDOES - MECHANICAL G2210

There was an old maid of Balaclava
Who made a great dildo of lava.
It rasped and it scraped
As her pouty lips gaped,
And an old Peeping Tom yelled out "Brava!"

I'll purchase a smashin'
New dildo extrusion machine."

"I'll make 'em in different sizes,
But bigger than regular guys is;
I'll make 'em much longer
And fatter and stronger,
With nodules for extra surprises."

And thus did ambitious Doreen
Acquire a new dildo machine;
In minutes (about)
She was turning 'em out,
In all sizes and colors (bar green).

23369 DILDOES - MECHANICAL Peter Wilkins

And soon with her profits galore
She opened her very first store,
A fancy HQ
And a factory too
Filled with dildo machines by the score.

23370 DILDOES - MECHANICAL Peter Wilkins

Not churning out normal-size lean ones,
But fat ones and long ones and mean ones,
And hugely vibrating,
Pulsating, gyrating,
Exceedingly monstrous obscene ones.

23371 DILDOES - MECHANICAL Peter Wilkins

Inspecting for quality (natch)
She tried one or two from each batch.
And if she was moved
She would stamp them "Approved!
Doreen's Dildos (for Butt and for Snatch)."

To itch that spot no mere man can;
A steam-driven battering ram,
With adjustable speed,
(It comes guaranteed)
My very well used, Steely-eye Dan.

23381 DILDOES - MECHANICAL Karen

I've designed a much better device.
It lets you come once, twice or thrice.
And on the console,
You can click for a hole,
And forthwith your hubby entice.

23382 DILDOES - MECHANICAL OgniGioia

I cannot afford just a buck,
Not for a synthetic fuck.
We'll take a collection
For kids and affection
And all of that other sweet muck.

23383 DILDOES - MECHANICAL Karen

You keep your well-oiled Dan,
I've been preacticing with my man.
His speed is quite varied,
And we're already married,
So I might as well use what I can.

23384 DILDOES - MECHANICAL Karen

Ann's craving for sex seems psychotic;

With infinite styles
She sets dildo dials,
To positions quite autoerotic.

Then the rubber cock shook
When crammed in her nook,
And it shot a fake wad on her mammaries.

23387 DILDOES - MECHANICAL Mad Max

Gave a sun-powered cock to my hon,
And she said "It's incredibly fun!
But the minutes of waiting
Can be so frustrating,
When a cloud blows in front of the sun."

A position that's even more mean
Is one that is almost obscene.
I'm afraid when I like I'll
Get on the spin cycle
Of my faithful washing machine.

23389 DILDOES - MECHANICAL Michelle

In my mind, there's been planted a seed;
I can sell the girls just what they need!
Those machine agitaors
Can be sold as vibrators,
That will do a great job at high speed!

23390 DILDOES - MECHANICAL Travis Brasel

Now all you can come 'round and watch!
(No fiddling around with your crotch!)
As I moan and grin,
As it goes into spin,
And I switch it up faster a notch!

23391 DILDOES - MECHANICAL Michelle

An insatiable nympho in Rome
Built a gadget to use in her home;
A steam-driven dildo,
That can dish out her fill, though
It used enough coal to heat Nome.

23392 DILDOES - MECHANICAL Don Moore P9304

But the next time I'm feeling the heat,
May I take this fake hardon
Out into my garden?

The size of Sue's clit is obscene;
Her dildo? -- the largest I've seen!
For heavy vibration,
Sue gets the sensation
By straddling her washing machine!

23399 DILDOES - MECHANICAL Travis Brasell

I've heard of this practice, I think;
She'd sit her ass on it and wink.
When starting to spin,
She'd stick her clit in.
That's how Susan stayed in the pink.

23400 DILDOES - MECHANICAL Dudeshead

I want my clit polished and shined,
Yet appliances I'm disinclined.
With a bit of dumb luck,
I will find me a buck
Who can lick, stick, and give a good grind.

23404 DILDOES - METAL

As I danced with the adorable chick,
I heard a sound, clickety-click.
Though the hormones were active
It was pretty distractive,
But they were not my balls 'gainst my dick.

23405 DILDOES - METAL

So quickly, I asked her a question;
Quick the answer came -- to my perplexion --
You hear my pleasure balls
Loved by all of us gals;
And she spoke of them with much affection.

23418 DILDOES - METAL Puff Adder

There's problems with an iron cock,
Aside from electrical shock.
Women, I'm told,
Say it feels much too cold,
And your dick wears holes in your jock.

Penile replacements are neat
When some can reach down to your feet!
But one should avoid
Those with metal alloyed...
Choose a texture that's closer to meat.

23421 DILDOES - METAL Frank Fazed

The older male should be discrete
When chosing the best way to treat
That failing erector.

It probes and it pulsates, oh boy!
My girlfriend enjoys it,

23459 DILDOES - VIBRATORS

At one time I might've been pissed
And thought of myself badly dissed,
By the obvious fact,
Though my pecker you lacked,
You bought things so I'd not be missed.

23460 DILDOES - VIBRATORS

I'd rather not temper your joys,
'Cause that isn't one of my ploys.
So when I'm not near,
Just switch it on, dear,

Hey Girls! Oggmart has a new line --
Sun-powered vibrators! They're fine
For tickling your poosy,
But you got to be choosy;
Don't stick 'em where sun doesn't shine.

23482 DILDOES - VIBRATORS Tiddy Ogg

Your invention sure sounds like a honey,
And a sure way to save lots of money.
It's not fun when I'm hot,
But the battery's not.
And I hate that annoying pink bunny.

23483 DILDOES - VIBRATORS Jeanie

Yes, your sun powered cock's really neat,
But the next time I'm feeling the heat,
Must I take this fake hard-on

The neighbors are in for a treat!

23484 DILDOES - VIBRATORS Jeanie

There's buzzers for all sorts of sin,
Ones with feathers or furs or a fin.
There's one methane powered,
If your backsides deflowered,
It runs great when you go and break wind.

23485 DILDOES - VIBRATORS CM

Meanwhile, if while taking a tan,
I get horney and there is no man,
A sun-powered bone
Can be all my own.
Do you offer an installment plan?

23486 DILDOES - VIBRATORS Carol

Although a young girl I am not,
A sun-powered dildo sounds hot.
I wouldn't abuse it
But cautiously use it,
For picking out bogies and snot.

23487 DILDOES - VIBRATORS Tiddy Ogg

And if my cock started to harden,
I'd go for a run 'round the garden,
To get rid of the stiffy
'Cause nose cleaning is iffy
In the sexual field -- beg your pardon.

23488 DILDOES - VIBRATORS Chris Lilley

Go heat up your skull in the shower
And wear a warm hat for an hour.
Rub a vibrator
Over that tater.
But be sure to plug in the power.

23489 DILDOES - VIBRATORS

There once was a girl from Decatur
Had a 20 horsepower vibrator,
With auxilliary spanker,
A thirteen inch anchor
That had to be reinforced later.

23490 DILDOES - VIBRATORS MrMalo

His balls did ache, yes quite sore;
He's to meet her at quarter past four,
Next to her he did sit,
But he'd stepped in dog shit,
So she left with her old vibrator!

23491 DILDOES - VIBRATORS Jim Weaver Collection

My versatile vibrator fits
Comfortably between my tits.
And even down there
Amid my pussy hair,
Or back by where I sometimes sits.

And I even thought I could sate her.
But now it seems,
'Twas only my dreams;
She's in love with her vibrator.

23496 DILDOES - VIBRATORS Bob Moers TP9804

A bloke, upon learning love matters, 'e
Is likely to give a lass flattery.
However, a present
Will make her more pleasant:
She wants for her dildo -- a battery!

23497 DILDOES - VIBRATORS BATTERIES Travis

Those double-A batteries, see,
Last twice as long as a size C.
But they will leak acid
Before they go flaccid,
And spew on a large double-D.

23498 DILDOES - VIBRATORS BATTERIES Travis Brasell

A vibrator can't lose erection;
You can dispense with protection.
But if batteries fail,
You must look for a male.
It can cause a girl's utter dejection!

23499 DILDOES - VIBRATORS BATTERIES Al Willis T9801

The batteries in my device
Are weekly replaced at least thrice.

The neighbors began to complain
Whenever it started to rain;
I stayed in my room
With my toy (vroom vroom vroom).
It was audible even in Spain!

23501 DILDOES - VIBRATORS BATTERIES LadyJ

My dildo no longer needs keys,
And is not quite so able to please...
But before you all mock,
Just buy lots of stock
In companies that sell batteries.

23502 DILDOES - VIBRATORS BATTERIES LadyJ

Sobbed Jill, uncontrollably crying --
She's desolate 'cause
She gets off on that buzz
In mere seconds, and only half trying.

The joy it imparted

My vibrator's battery's dying!

She got off instead
With ten minutes of head,
Then she gave his old Willy a ride!

My vibrator's batteries dying;
My husband's not here and I'm crying.

We need for our twats,
A generator we'll be buying.

Where he had in pursuit
A young virgin, so cute --
He awoke and he found the bed made.

25074 DREAMS - WET - SERIES   Albin Chaplin   3024-1903

There was a young man of Belgrade
Who dreamed of a game that he played,
Where he chased a fair lass
And he pounced on her ass;
He awoke and he found the bed made.

25075 DREAMS - WET - SERIES Albin Chaplin 3024-1836

Ring! Ring! There goes my phone.
The sound of it gives me a bone.
I'd hoped it would be
My sweet Carol, see,
But it seems I'll be holding my own...

25076 DREAMS - WET - SERIES

Ding-Dong! My doorbell then sounded
And I was simply astounded
To open and find
Sweet Carol behind
A t-shirt marked 'I want mounted!'

25077 DREAMS - WET - SERIES

As you'd guess I quickly obliged
And carried her gently inside,
Back into my bed
Without a word said;
Muffled tones as our tongues intertwined.

25078 DREAMS - WET - SERIES

I lowered her onto my bed,
And tore that t-shirt to a shred
As I could not wait
And not hesitate,
For her clothes by her to be shed.

25079 DREAMS - WET - SERIES

It was all that she was wearing
And after tugging and tearing,
I mounted my steed
To fulfill her need;
She whineyed out loud, not caring...

25080 DREAMS - WET - SERIES

...If my neighbors should overhear
She quite simply was beyond fear.
And at that point I
Let out a loud cry --
"It's a dream -- I wish you were here!"

25081 DREAMS - WET - SERIES

Sweet Carol, I've fallen so quick,
And for you I have grown heartsick.
I can scarce stand the thought
That I'm here and your not;
We're apart, but not by my pick.

25082 DREAMS - WET - SERIES

When sex with my wife isn't good,
I pretend I am in Hollywood,
Poking my Johnson
In Gloria Swanson,
In my Rolls...Better yet...On the hood!

Kate Hepburn peeps on from the side,
While Cher rides the shifter astride.

Madonna's buttfucking the brake;
It's not half what she's able to take.
I'm on the dashboard
With Rachel Ward,
Muffdiving on Veronica Lake.

Vera Miles and Betty Hutton
Are both in the back seat sluttin'
With Lucy Arnaz,

But all things must end and alas,
Not as nicely as Janet Leigh's ass.
So as Barbara Bain

We come to a stop, out of gas!

25087 DREAMS - WET - SERIES Jim Weaver Collection

As the evening is getting quite late
And I'm back in my bed and sedate.
Draw the old girl near,
Whisper in her ear
Mmmm baby, that really was great!

25088 DREAMS - WET - SERIES Jim Weaver Collection

While drawing to keep from my mind
Last night , I seem hard to find.
In my hand my old ink-
pen is turning to pink
And starts growing! Am I going blind?

25089 DREAMS - WET - SERIES

Now the ink's growing pale! Does it seem
To my eyes it is turning cream-
Coloured? Ink's blotting out!
And I feel I'm about
To, er, swoon! Is this all a strange dream?

25090 DREAMS - WET - SERIES

At the drawingboard's foot, I drop down
With my clothes all scattered around.
I can sure feel my boy
With his marvelous toy,
Entering me and then probe to the ground.

25091 DREAMS - WET - SERIES

Some time later, recovering my mind
On the floor and all naked I find
Me, my pussy a wreck,
Very pleased (so the heck...!).
But my drawings look...Shit! My behind!

25092 DREAMS - WET - SERIES

A Swiss girl so eager to please
Lifted her filmy chemise...
On her tits was fondu,
An hors d'oeuvre impromtu.
Then she mounted me from a trapeze.

25093 DREAMS - WET - SERIES OgniGioia

Her thighs were all covered with cream,
Her breasts had a sweet honey gleam.
But too good to be true,
This sex cordon bleu;
He awoke with two spurts from his dream.

25094 DREAMS - WET - SERIES OgniGioia

The queerest of dreams came last night.
I speelunked a cave, dark and tight.
Great stinking stalagmites
And skin-burning bat bites,
Soon had me cold-sweating with fright.

25095 DREAMS - WET - SERIES

Was this a night-ass-fucking-mare?
I woke with a start and a scare:
An earth-quaking spasm
Had squeezed from the chasm
Both me and a sticky brown bear.

25096 DREAMS - WET - SERIES

I think that my mind's playing tricks,
For I dream each night in limericks,
Of the girls who here rhyme,
Naked, lying in line
And from one to the other, it flicks.

25097 DREAMS - WET - SERIES Jack

They all are nice girls in my dreams,
With skin just like peaches and cream,
Till they part the red lips
'Neath their child-bearing hips,
Then they change, become sluttish, obscene...

25098 DREAMS - WET - SERIES Jack

And they chase me out into the streets,
Where I'm assaulted and battered by teats.
Then I find when I wake
That I lie in a lake,
For I've just creamed my crop in the sheets.

25099 DREAMS - WET - SERIES Jack

Last night in my slumber I yearned
For the pussy of Kate who has spurned
Me and fell out of bed
In mid-dream on my head,
But despite that my thoughts have returned.

25100 DREAMS - WET - SERIES

I've taken a very cold shower
With the water-spray on at full power.
The effect on my dong
Though didn't last very long;
Maybe less than one-tenth of an hour.

25101 DREAMS - WET - SERIES

Instead of cold water immersion
I need, for my mind, a diversion;
But all of my thoughts
Involve bedroom-type sports
And a certain delightful insertion.

25102 DREAMS - WET - SERIES

The sun is shining in my room;
It takes away the wintry gloom.
But what is this?
Something's amiss.
My old PC has started to bloom.

25103 DREAMS - WET - SERIES Tjarda Van Den Berg

I think I'm in the sun too long,
Or else lenses were put in wrong.
Strange things do I see
Right in front of me.
I think it is a mile-long tongue.

25104 DREAMS - WET - SERIES Tjarda Van Den Berg

Yes, it's a tongue coming after me;
It's aiming for my clit decidedly.
Ok, I won't fight
This wet sweet delight.
Delivered am I from misery.

25105 DREAMS - WET - SERIES Tjarda Van Den Berg

Ouch! With a bang I hit the floor.
I'm awake, someone's at the door.
It's here the dream stops,
But still my heart throbs,
Still unsatisfied, wanting more.

25106 DREAMS - WET - SERIES Tjarda Van Den Berg

I travel to work in a train,
Which in many respects is a pain.
But today I sat next
To a girl highly sexed,
Who kept moaning again and again.

25107 DREAMS - WET - SERIES Peter Wilkins

She rocked herself forward and back
To the rhythm of wheel upon track.
As the train gathered speed,
She completed the deed
With her fingers caressing her crack.

25108 DREAMS - WET - SERIES Peter Wilkins

She turned to me smiling; a gleam
In her eye. I felt ready to cream
As she took me in hand
And I came to a stand...
But alas, it was only a dream.

25109 DREAMS - WET - SERIES Peter Wilkins

I dreamed of a virile young stud;
We rolled like two pigs in the mud.
We spent half an hour
Making love in the shower,
Then I fell out of bed with a thud...

25110 DREAMS - WET - SERIES Jayne

'Twas dirty? That dream it was not.
Did you give as good as you got.
After half an hour
Of love in that shower,
You're clean, if the water is hot.

25111 DREAMS - WET - SERIES Frank

If you're in the shower with soap
And a studly young fellow to grope,
What could be cleaner,
Unless it's his weiner;
In which case there is still hope.

PUNCTILIOUS isn't the style

Have four years to complete
On the governor's seat
Or the gubernatorial tush!

When Dubya gets lost in L's bush,
And does the wrong love button push,
Remounting with care, he
Just admits she's to hairy,
And he can't tell her twat from her tush.

George Dubya, I'll just tell you what;
On his rival, the door has slammed shut.
That fellow, McCain
Not too long will remain;
It was just a campaign in the Butt

25116 DUBYA

The right wing not very endearing.
But I have the suspicion,
Though you whine to perdition,
If this were George Bush, you'd be cheering.

But Bush plus a Harley -- laughs raucous.

His social concerns are cosmetic.
His energy's mostly kinetic.
It's quite plain then you see,
He's a prize wanna be,
But his hindsight is almost prophetic.

I do hope George Dubya gets well,
Attacked by a vicious pretzel.
Who were the makers?
Why bin Laden Bakers,
Now in America, as well.

The song says Mobile has a lighthouse,
That birdies all use as a shitehouse.
And old 'Bama dames,
Call it three different names,
The lighthouse, or shitehouse or White House.

With birds Dubya's worked out a deal.
They all use the White House
As communal shite-house;
The best use made of it, I feel.

That by forcing new stem-cell lines closed,
Bush's promoting the ends

The anti-abortionist Right

Pays for abortions --
The point is electoral might.

25130 DUBYA - ABORTION/SEX Dr Limerick

Didn't rate this much work cogitative.

Yielding cash of which Bush got large slices.

Bush promised, as we all well know
To govern like a CEO.
Cooked books, and layoffs,

Concern with political polls
Does not match up well with my goals,
Of winning the war,

As they contemplate strict oversight?
Somehow I must doubt --

You'll be tried by procedure court-martial,
By officers sworn as impartial.
But don't be naive;
Their Commander-in-Chief
Says you're guilty; the rest is quite farcial.

25341 DUBYA - JUDICIAL Dr Limerick 11-14-01

The Association, American Bar,
Went out on a limb, 'way too far.
For being outspoken,
Credibility was broken;
Team Bush now has said, Au revoir.

25353 DUBYA - LOBBYS Ron Bev

The recount results are just in:
The headlines all scream a Bush win.
But below the fold
The true story is told --
The headline's just media spin.

25356 DUBYA - MEDIA Dr Limerick 11-11-01

If they'd counted the overvote ballots
Mistakenly tossed as invalid,
They'd have seen Gore won big
But the recount was rigged
So overvotes wouldn't be tallied.

25357 DUBYA - MEDIA Dr Limerick 11-11-01

If Joe punches a chad and then writes
The same name in handwriting nice,
The counting machine
Rejects, sight unseen
Such ballots for being marked twice.

25358 DUBYA - MEDIA Dr Limerick 11-11-01

But the law says the standard to use
Is whether Joe's merely confused,
But intention is clear.
If so, then Joe's mere
Mistake does not his right reduce.

25359 DUBYA - MEDIA Dr Limerick 11-11-01

Gore erred when he didn't demand
And overvote recount by hand;
But if he had, Gore
Would have lost, 5 to 4,
Because the Court decreed recounting canned.

25360 DUBYA - MEDIA Dr Limerick 11-11-01

It's clear now, that Gore would have won
In a count what was honestly done.
What makes me depressed
Is how the liberal press
Hid this fact under headlines, Bush Won!

25361 DUBYA - MEDIA Dr Limerick 11-11-01

Though some have been known to go whoosh,
Why are tight panty hose
Like reporters - who knows?
'Cause both of them irritate bush!

25365 DUBYA - MEDIA

The press longs for phrases VERBATIM
To show public figures and rate 'em
To build or lay waste
In the public taste,
For which they may love or just hate 'em.

25366 DUBYA - MEDIA Dr Limerick

Dubya bragged, "I got lots of great hints
And egged my gang on to dark stints,
From a book read to me,
On my Daddy's knee."

My mate, George and I just abhor
Views of refugees, sheep, or the poor.
Why not tell us we're great,
And we've set the world straight,
Then leave us to plan our next war.

25369 DUBYA - MEDIA Leslie Porter

The Post must believe it controls
The movement in King George's polls;
Like Canute and the tide,
Their command's been applied,
But the downward momentum still rolls.

25370 DUBYA - MEDIA   Dr Limerick

Last year, the conservative press
Found appointments made during recess
Legally problematic
And undemocratic --
But now, for their guy, they're the best.

25371 DUBYA - MEDIA   Dr Limerick 01-11-02

When King George was safe on a roll,
With stratospheric approval polls,
The Washington Post
Would ask folks, foremost,
If they approved how he'd handled the role.

25372 DUBYA - MEDIA   Dr Limerick 02-24-02

But now that approval is waning,
Is the great Post abruptly abstaining
From popping the question
To dodge the suggestion,
That good sense and fair play might be gaining?

25373 DUBYA - MEDIA   Dr Limerick 02-24-02

The question was just, after all,
A part of the Post pollster's call.
But we're not supposed to know
Bush's approval is low
'Til after the elections of fall.

25374 DUBYA - MEDIA   Dr Limerick 02-24-02

As with drugs, poverty,
Homeland Security,
We will win. We'll throw money at it.

25441 DUBYA - MONEY L C Fitz P0209

Not content with the cash that they took
From future needs that they forsook,
The Bushies are willin'
To grab four more billion
By cooking Social Security's books.

25442 DUBYA - MONEY Dr Limerick

To their candidates grief and frustration,
The dems have to fund renovation.
There's just no tomorrow.
They can't beg nor borrow
Under soft-money's new regulation.

25443 DUBYA - MONEY Dr Limerick 08-30-02

Now the head of the Federal Reserve
Wants a social security swerve,
Cutting what old folks make
To keep Bush's tax break.
What a nerve! What a nerve! What a nerve!

25444 DUBYA - MONEY

We have some great food in our state!
George Bush is here -- says he can't wait
To sit down tonight,
Where cookin's done right,
At one thousand dollars per plate!

25445 DUBYA - MONEY

It's only four months 'til the voting
And the GOP is loudly gloating;
"We have so much money,
It just won't be funny;
The Dems will be belly-up, floating."

25446 DUBYA - MONEY Dr Limerick

I'm doing my best to abolish
The notion that work equals college;
Who, may I ask,
Will do menial tasks
Once welfare moms have all that knowledge?
(work not college for welfare moms)
25447 DUBYA - MONEY Dr Limerick

Forget about Pledge of Allegiance;
On guard against free-thinking deviance.
King George's attack
Plans for Iraq,
Add up to a pledge of Beligerence.

25448 DUBYA - PATRIOTISM Dr Limerick

Senator Collins, Republican Maine,
Is the first to take up the refrain.
She's using the Pledge
As entering wedge;
Off the table the issues remain.

25449 DUBYA - PATRIOTISM Dr Limerick

If you want a new flag for your home,
Don't get plastic from China or Rome;
For ten or twelve bills,
Your Senator will
Send you one from the Capitol Dome.

25450 DUBYA - PATRIOTISM Dr Limerick 11-21-01

As the Bushies look mortally ill,
McCain rushes in for the kill;
"It is catastrophic
And unpatriotic
For us not to question at will."

25451 DUBYA - PATRIOTISM Dr Limerick 05-22-02

The Bush people tell us with surety
Their motives are absolute purity.
Every mean or dumb act,
Regardless of the fact,
Is needed for national security.

25452 DUBYA - PATRIOTISM Arnie Schoenbrun P0401

Let me go out on a ledge
And proclaim my disdain for the Pledge.
Its biggest effect
Is to erode respect,
So patriotism is sledged.

25453 DUBYA - PATRIOTISM Dr Limerick

In grade school I learned its main lesson:
"Just do what you're told and don't question.
Hand on your heart,
Stand up straight and look smart,
And learn all the words without guessin'".

25454 DUBYA - PATRIOTISM Dr Limerick

No teacher in all of the crew
Seemed to think explanation was due.
Pledging allegiance
Resembled religions --
'Twas a right that we had to get through.

25455 DUBYA - PATRIOTISM Dr Limerick

"Under God" for sure should be removed,
But not because ACLU'd.
Two seconds are saved
Per kid, and per day,
Yielding thousands of hours accrued.

25456 DUBYA - PATRIOTISM Dr Limerick

Those proclaiming concern for the Pledge
Are just partisans seeking an edge.
If we'd met in fourth grade,
I'm quite sure that they'd
Have admitted the things I allege.

25457 DUBYA - PATRIOTISM Dr Limerick

Governor Jesse Ventura,
Best known for bombast and bravura,
Defined Right-wing legions
Requiring "allegiance",
The act of a man with a Fuhrer.

25458 DUBYA - PATRIOTISM Dr Limerick 05-24-02

As we look back on these hundred days,
We are better in so many ways.
We are rid of the blight,
Our new prez does what's right
And from all he's deserving of praise.

25459 DUBYA - PRAISE

Our union is strong and united,
Our president firm and far-sighted;
First term started well,
Despite all that befell,
High approval, widespread, - I'm delighted.

25460 DUBYA - PRAISE Joel D Ash P0205

A grasp of essentials with speed,
Priorities matched to real need,
Tax promise fulfilled,
Love of country instilled.
Expectations exceeded, indeed!

25461 DUBYA - PRAISE Joel D Ash P0205

A team with much talent possessed,
His minions, the best, met each test;
Bush leads without fear,
Letting these stand so near,
Leadership manifest in his quest.

25462 DUBYA - PRAISE Joel D Ash P0205

In this time of great threat, what relief
That our leader exudes true belief;
National grief doth subside,
In a burst of deep pride,
Those who died would say, "Hail to the Chief"

25463 DUBYA - PRAISE Joel D Ash P0205

Oh hush!, Bush ain't that bad now;
You heard him on hustings vow
To keep us free
From all poverty;
With jobs for the boys, he's a wow!

25464 DUBYA - PRAISE

Bush got the nod from Perot
Who said, "Well, there's one thang that ah know,
And that is that afta
Al's debate on NAFTA,
Beating Al made Big George my hero.

25465 DUBYA - PRAISE Dr Limerick 11-03-00

The country's economy stalls;
The stock market falters and falls,
While our nation's boss
Is on the golf course.
That Dubya -- He really has balls!

25466 DUBYA - PRAISE Arnie Schoenbrun P0209

Horticulturist Herman O. Queek,
Raises plants that are truly unique.
At his novel creation
People jump with elation,
Upon hearing his Bumbling Bush speak.

25467 DUBYA - SMARTS/STUPID Al Chaplin P0109

To all of you C students out there,
Our President at Yale did declare:
Hard work makes no sense;
Be lazy or dense --
But do pick your parents with care!

25468 DUBYA - SMARTS/STUPID Lynn Mostafa

Today I saw Bush stand with Blair,
They both looked familiar, I swear!
With faces of fear,
They looked like two deer
When caught in the headlight's bright glare!

25469 DUBYA - SMARTS/STUPID

That's just the impression I find;
They seem to be two of a kind.
Two brains, finely wrought,
Never troubled by thought;
They'd disagree, if they'd a mind.

25470 DUBYA - SMARTS/STUPID Tiddy Ogg

George Bush, a President slight,
Has an IQ that possibly might
Reach double figures
With cranial vigors,
And a large intellectual fight!

25471 DUBYA - SMARTS/STUPID Will Lobban

Bush's plan for the poor was bizarre -
He agreed there was trouble out thar.
He said "Prices are dropping;
It's time to go shopping.
They can purchase a house or a car."

25472 DUBYA - SMARTS/STUPID Albin Chaplin

There once was a Washington man,
Whose limericks never would scan;
When they asked him "Why?"
He said, "Because I
Am dumb as a barrel of bran."

25473 DUBYA - SMARTS/STUPID David Martin

In today's Wall Street Journal, the news is
That Dubya is dumb when he chooses.
On executive options,
He pushed the adoption
Of a rule to encourage abuses.

25474 DUBYA - SMARTS/STUPID Dr Limerick

Perhaps his ideas are subliminabubble;
I must say his style is inimitabubble..
For no one can flub
So much wording as Shrub;
His stupidity must be unlimitabubble.

25475 DUBYA - SMARTS/STUPID   MrMalo

George Dubya does sure seem a twit;
He's certainly lacking in wit.
But just like you trolls,
He's got two assholes,
Because he's so full of shit.

25476 DUBYA - SMARTS/STUPID   Tony Burrell

Distinguished professors of law
Could hardly believe what they saw!
They squirmed as Bush lectured
And angrily hectored,
And moved lots of air with his jaw.

25477 DUBYA - SMARTS/STUPID   Dr Limerick 05-03-02

He repeated the old worn-out screed
That Democrats better concede.
If you're president,
Advise and consent
Are just words of which you don't heed.

25478 DUBYA - SMARTS/STUPID   Dr Limerick 05-03-02

Have you heard why George Bush has plans made
To support more Liberian aid? ...
'Cause no libery shelves
Can have books on themselves,
If liberians cannot be paid!

25479 DUBYA - SMARTS/STUPID

Words have gotten him in hot water,
With labor and arsenic slaughter.
Though he's a real twit,
You've got to admit,
He raised two "like father, like daughter."

25480 DUBYA - SMARTS/STUPID Cyberwizard

What Dubya's come up with's not new,
Since his thoughts number less than a few.
So he postures and prates,
Charging his thieving mates,
"Do as I say and not as I do."

25481 DUBYA - SMARTS/STUPID L C Fitz P0209

Our candidate Shrub, son of boosh,
Just can't tell his head from his toosh.
His farts, like his thinking,
Produce a great stinking,
And his empty head echoes the whoosh.

25482 DUBYA - SMARTS/STUPID MrMalo

Perhaps his ideas are subliminabubble;
I must say his style is inimitabubble;
For no one can flub
So much wording as Shrub.
His stupidity must be unlimitabubble.
(Shurb - Molly Ivans nickname for Bush, Jr)
25483 DUBYA - SMARTS/STUPID

MRIs of his head are quite rare,
And Bethesda, near D.C. is where
Dubya had his brain scanned
With their imagery grand.
The Rx arrived at? "Nothing there."

25484 DUBYA - SMARTS/STUPID Loren Fitzhugh P0306

Facile allusions to Oedipus
Or the citation of Daedalus
May escape notice
Of the current POTUS,
But he's still there in the edifice.

25485 DUBYA - SMARTS/STUPID Daniel Ford

That Texas man from the White House,
He said, "I ain't lacking in nous!"
His dad said, "Now sonny,
You may have much money,
But you sure ain't got nothing else."

25486 DUBYA - SMARTS/STUPID Tony Burrell

Headline, Chicago Sun-Times:
Bush gives China a piece of his mind.
At this rapid rate
He'll reach vegetable state,
In time for the Fourth of July.

25487 DUBYA - SMARTS/STUPID Dr Limerick

When asked by reporters arrayed,
What he thought about Roe vs. Wade,
Bush said, "That decision
By a man with a vision,
Was the smarted George Washington made."

25488 DUBYA - SMARTS/STUPID Hugh Clary

Give George W Bush the 'bums rush;'
He's monied on Texas oil-gush.
At Yale he got by
With barely a try,
Endowed with grey neuronal mush.

25489 DUBYA - SMARTS/STUPID Chris Papa

I worry for George Bush's sanity;
For his mighty and scary inanity.
For this bloke sticks his nose
Into war, not a rose.
So much for our bleeding humanity.

25490 DUBYA - SMARTS/STUPID Jo McGahey

Geography's not a sensation
For one with a Yale education.
That's President Bush
With his war-on-AIDS push,
Helping Africa 'cause it's a nation!

25491 DUBYA - SMARTS/STUPID Peter Wilkins

When George Bush to Dick Cheney declared
"Can my thoughts on the press now be shared?"
Dick replied, "If you like,
Though let's turn off the mike."
But too late; George's thoughts had been aired.

25492 DUBYA - SPEAKING Prof M-G

I said "Few could chew gum and walk,"
But not that George Dubya could talk.
When put to the test,
He's doing his best,
To sound both like dove and like hawk.

25493 DUBYA - SPEAKING Marlene Lewis

The new prez elect sure was humble,
And spoke every word without stumble.
He must have been sober;
He didn't trip over
His own two feet and take a tumble.

25494 DUBYA - SPEAKING

When he speaks some take him for a fool;
Many others do not, as a rule.
Though he doesn't stammer
It's plain from his yammer
That he went to a Grammar-less School.

25495 DUBYA - SPEAKING Loren Fitzhugh P0212

Bush was born, as Ann Richards announced,
With a silver foot in his mouth.
She spoke of the dad,
But the son, just as bad,
Put his silver head further south.

25496 DUBYA - SPEAKING Dr Limerick 01-11-02

Have you heard why George Bush has plans made
To support more Liberian aid?
'Cause libery spaces
Can't have books on their cases,
If liberians cannot be paid.

25497 DUBYA - SPEAKING Prof M-G

MALAPROP of verbal wrecks is,
And though liberal press it just vexes,
When Dubya's tongue strays
In peculiar ways,
They just love him the more down in Texas.

25498 DUBYA - SPEAKING Chris Papa

It seems that Bush won't soon be stopping
His habit of crude malapropping.
When we think we've heard
His words most absurd,
We harvest another outcropping.

25499 DUBYA - SPEAKING Gary Hallock

Says George Bush, "I'm an ethical guy;
I insist my campaign doesn't lie,
Or try spoiling Al's stats
With subliminal 'Rats!'
I hereby deny that 'twas I."

25500 DUBYA - SPEAKING Prof M-G

Public speaking with fuzzy techniques:
Sounds like daze, but perhaps it means weeks.
Sounds like ant, but it's niece.
Sounds like wore, but it's peace.
It's the way that the president speaks.

25501 DUBYA - SPEAKING Peter Wilkins

Young George W Bush can recall
Bon mots, as he spins his tales tall.
With most out of reach,
That nightmare, his speech,
"He dreamt he dwelt in GARBLED halls."

25502 DUBYA - SPEAKING Chris Papa

I hope not too long I'll detain ya.
But pacifists, this here may pain ya.
This latest attack
Has set Dubya back...
He's gonna invade Pretzylvania.

25503 DUBYA - SPEAKING

That phrase came from Bush, I hear tell;
Dunno though, it's ringing a bell.
It's pure plagiarism,
'Twas said about jizm,
By some tart called Monica L.

25504 DUBYA - SPEAKING

The TV stations were happy to show
Dubya calling that reporter 'asshole.'
I have to laugh
At this politician's gaffe,
Because a spade is a spade, don'cha know?

25505 DUBYA - SPEAKING Jon Steckelberg

On Monday, the Dems had a prequel.
After Bush spoke, they then had a sequel.
But, as we've come to know,
And as they always show,
They fall short of being his equal.

25506 DUBYA - SPEAKING Al Bienstock

Bush began, and it didn't take long
Before he said "Our union is strong."
To Tom Daschle, our state
Has been anxious of late.
George Bush is right and Daschle is wrong.

25507 DUBYA - SPEAKING Al Bienstock

"We delivered," said Bush with elation,
"The largest tax relief for this nation",
Not just in recent years,
But -- let's give him three cheers --
In the life span of a generation.

25508 DUBYA - SPEAKING Al Bienstock

It's not a difficult thing to trace;
The economy grows in each place
Where each person may spend
For his own preferred end.
Don't tax it away in the first place.

25509 DUBYA - SPEAKING Al Bienstock

And, despite the Democrat spinning,
The Al Qaeda ranks we are thinning.
Some are in jail, some dead
And we're forging ahead.
The war goes on and we are winning.

25510 DUBYA - SPEAKING Al Bienstock

In this war, if we had our druthers,
Our old allies would be our brothers.
Yet the course of the nation
Does not depend (ovation!)
On the wimpy decisions of others.

25511 DUBYA - SPEAKING Al Bienstock

The UN inspectors were not sent
To conduct a scavenger hunt event.
Their job's to verify
Disarming -- not why;
On preventing inspections they're bent.

25512 DUBYA - SPEAKING Al Bienstock

To the Armed Forces, we know it's true:
You believe in America, you do.
It is so evident
That it's heartfelt and meant --
And America believes in you.

25513 DUBYA - SPEAKING Al Bienstock

The media's made the decision
To keep treating Bush with derision.
Maybe some day they'll see
That it's their fallacy --
He's a man with insight and vision.

25514 DUBYA - SPEAKING Al Bienstock

The Dem response, by Governor Locke,
Is incredibly easy to mock.
Written before Bush spoke,
Its content was a joke --
It ignored what Bush said. What a crock!

25515 DUBYA - SPEAKING Al Bienstock

His pronunciation is criminable,
With a grasp of the language that's minimable.
Three times, on the news
George W spews
An adjective unknown - 'subliminable'.

25516 DUBYA - SPEAKING

I guess I'm like George Bush, I fear,
Fit for bureaucratic career.
With nary a doubt,
The words just slip out,
Before my brain clicks into gear!

25517 DUBYA - SPEAKING Chris Papa

To spin means to shine the best light
On an unpleasant fact or insight;
But Ari relies
On out-and-out lies,
Non-answers and personal slights.
(Ari Fleischer - Dubya's flack)
25518 DUBYA - SPINNING/LIES Dr Limerick

If exerting free thinking and reason
Leads to damning Bush's lies and his legions,
They'll bring out a flack
To counterattack,
And promptly accuse you of treason.

25519 DUBYA - SPINNING/LIES Dr Limerick 12-08-01

In Texas they need anesthesia
To deal with Dubya's paramnesia;
Claims poor kids are fine,
The air is sublime,
And the schools are just certain to please ya'.

25520 DUBYA - SPINNING/LIES J'Carlin

To end the "death tax" is Dubya's aim;
Saves money for those with big names.
Helps those he likes best
And screws all the rest;
"It's to save family farms," he exclaims.

25521 DUBYA - SPINNING/LIES Arnie Schoenbrun P0311

As everyone knew from the start,
Bush has serious flaws in his heart;
Of moral compassion,
Less than a full ration,
And of courage, much less than full part.

25522 DUBYA - SPINNING/LIES Dr Limerick 01-28-02

And true to his form, Fleischer lied
'Bout the heart problem's physical side.
The reason Bush fainted
Was not what they painted;
His arrythmia knocked him off-stride.

25523 DUBYA - SPINNING/LIES Dr Limerick 01-28-02

Bush and his spinmeisters will
Self-congratulate madly until
Someone with a brain
Remembers Mark Twain:
God cures, and the doc sends the bill.

25524 DUBYA - SPINNING/LIES Dr Limerick

When Gore's finally saying Bush lied,
Its obviousness can't be denied;
It's good politics
To put well-deserved kicks
With vigor, on Bush's backside.

25525 DUBYA - SPINNING/LIES Dr Limerick

The President's time it was ending,
While he ran around still defending.
His toxic lies spewing,
While trouble was brewing;
Fuck off, George, there'll be no more spending.

25526 DUBYA - SPINNING/LIES Melanie Alexander

King George, shooting straight from the hip,
May regret the boast that he let slip;
Recall how his Daddy
Looked weak small and shabby,
When breaking his pledge, read my lips.

25527 DUBYA - SPINNING/LIES Dr Limerick 01-05-02

If he'd listened in school, then he'd know
That his dead body's too far to go;
If two-thirds of the Congress
Support wisdom and progress,
Then his tax cut is out the window.

25528 DUBYA - SPINNING/LIES Dr Limerick 01-05-02

The earliest Dubya scandal
Was the lie that the Clintonite vandals
Made like Charlie Manson
In the Executive Mansion --
GAO found that naught was mishandled.

25529 DUBYA - SPINNING/LIES Dr Limerick

Mr Bush deserves no approbation;
His White House, a right-wing convocation.
We doubt his veracity
And executive capacity;
He disseminates untruths and obfuscation.

25530 DUBYA - SPINNING/LIES   Arnie Schoenbrun   P0312

The old folks don't like "privatize"
So the GOP finally got wise.
They quickly announced
"Personal Accounts",
That's "privatized" but euphemized.

25531 DUBYA - SPINNING/LIES   Dr Limerick 09-11-02

Georgie Bushie, Pudding and Pie;
Rigged elections, told big lies.
Just to folow his dad,
He's a little bit mad.
You can tell by the look in his eyes.

25532 DUBYA - SPINNING/LIES   Jo McGahey

John Howard, young Blair, and that Bush
Formed a cartel, a union, a "putsch".
Now many are dead
And so sadly it's said,
They told their own experts to shush.

25533 DUBYA - SPINNING/LIES   Jo McGahey

The Bushies are mightily spinning;
They fear that the end is beginning.
He has no relations
With Miss Information!
But this time the truth may be winning.

25534 DUBYA - SPINNING/LIES   Dr Limerick 05-18-02

The Alternative Minimum Tax
Is where lobbyists focus attacks.
Corporations all pine
For a simpler time,
When deductions would count to the max.

25535 DUBYA - TAXES Dr Limerick 11-23-01

In the good old days, sharp-penciled heroes
Could drive a tax bill down to zero;
It was up to the schmuck
Without courage or luck,
To pay double on Form ten-four-zero.

25536 DUBYA - TAXES Dr Limerick 11-23-01

This new regime sure is the tops,
Chortle Congressional GOP's.
With my cut in taxes,
I'll buy a new Lexus;
I hope this gravy train never stops.

25537 DUBYA - TAXES Dr Limerick 05-01-01

Bush and Cheney don't care about health;
Their agenda they're pursuing with stealth.
The Republican aim,
They're quick to disclaim,
Is for more concentration of wealth.

25538 DUBYA - TAXES Arnie Schoenbrun P0401

The estate tax falls like a light dew
On the rich oligarchial few;
Economical health's
Impaired when the wealth
Distribution's so badly askew.

25539 DUBYA - TAXES Dr Limerick

Nobody thought or predicted
Our sovereign states were addicted
To federal funds.
For programs they run,
The hardships will now be inflicted.

25540 DUBYA - TAXES Dr Limerick

This won't affect Georgie, of course,
Who blithely sits on his white horse.
Layoffs at schools,
Cops, parks, and pools
All, by his tax cut, now are forced.

25541 DUBYA - TAXES Dr Limerick

With a backdrop of bombing and anthrax
Bush said, "Let us get down to brass tacks.
We'll stop when we've gotten
Our hands on bin Laden
And marked down the capital gains tax.

25542 DUBYA - TAXES Dr Limerick

When it comes to affairs of the purse,
Our president couldn't be worse.
Tax cuts for the greedy
And less for the needy;
He's a real Robin Hood ---in reverse.

25543 DUBYA - TAXES Arnie Schoenbrun P0209

Tom Daschle is loaded for bear;
He's stressing the cash isn't there,
To cope with recession
And future inflation --
Bush's tax cut was what set the snare.

25544 DUBYA - TAXES Dr Limerick 01-04-02

U.S. taxpayers should all recall
That just recently as last fall,
Bush said we need tax cuts
And the Dems said that's nuts;
We don't need any tax cuts at all.

25545 DUBYA - TAXES

So on tax cuts I just have to grin
When I listen to Democrat spin.
There was no cut they'd do,
Then okayed 1.2
Trillion dollars -- for Bush that's a win!

25546 DUBYA - TAXES

In his State fo the Union address
Did Dubya offer tax-cut largesse,
That the poor are due
To the wealthiest few.
It's called Trickle-down Theory, I guess!

25547 DUBYA - TAXES Peter Wilkins

Bush like to count by machine;
The Gore camp prefers human beings;
It's an apt metaphor;
Labor likes Gore;
But capital likes G.O.P.

25548 DUBYA - VOTING Dr Limerick 11-10-00

The Florida Court gave five more
Days to determine the score.
But today's indication
In the final summation,
It still will disappoint Mr Gore.

25549 DUBYA - VOTING Dr Limerick 11-21-00

But the voting for Dubya was hot!
He got votes where he thought he would not!
In the North and out West,
He got votes like the best,
And way down in Dixie, a Lott.

25550 DUBYA - VOTING

I should put my self back in my place,
'Cause reality stares in my face.
There's a very large number
Of those who are dumber
Than Shrub, cause he's winning the race!
(Shrub - George W Bush labeled by Molly Ivens)
25551 DUBYA - VOTING

Katherine's book on the stolen election
Will be written with great circumspection;
No tales of her web
Of connections with Jeb,
Or how felons were picked for rejection.

25552 DUBYA - VOTING Dr Limerick 05-29-02

K Harris to the Florida Supremes:
"The problem is worse than it seems.
Recounts publicized
Then ruled unauthorized
Cost the process it's public esteem."

25553 DUBYA - VOTING Dr Limerick 11-15-00

The Supremes said to Katherine Harris:
"We're sorry if you are embarrassed.
But let hand-counts continue;
In in the interim, you
Should let us decided which is fairest."

25554 DUBYA - VOTING Dr Limerick 11-15-00

Said Harris to Palm Beach and Dade,
"I'm the Secretary of State.
I'll grant no extensions
For certification --
The Supreme's order I shall vacate!"

25555 DUBYA - VOTING Dr Limerick 11-15-00

Dubya's all pouty and hurty
And claiming that he's been done dirty.
Some absentee ballots
Were tossed as invalid
And his lead is now down to 930.

25556 DUBYA - VOTING Dr Limerick 11-18-00

King George is apparently jealous
Of all of the world wide fellas
Whose authority
Comes from majority
Of votes, not from what the courts tell us.

25557 DUBYA - VOTING Dr Limerick

There was a V.P. call Gore,
Who said let's recount once more.
I don't want to trouble ya,
Replied George W,
But if you do I'll call in the Law.

25558 DUBYA - VOTING Jonathan Delaney

Gerald Ford and George Bush: kindred souls;
So alike in their president's roles.
They're the two living guys
To acquire the top prize,
Despite not having won at the polls.

25559 DUBYA - VOTING Prof M-G

A liberal whose name is Albright,
Said, "Bush is just way out of sight.
Though he might be a bore,
I voted for Gore,
Screw the road sign, l'll pass on the right."

25560 DUBYA - VOTING Bob Birch P0301

First-time voters are likely to be
Democrats, not GOP;
To keep them from voting,
The Gop is promoting
The use of a photo ID.

25561 DUBYA - VOTING Dr Limerick 02-27-02

What do these primaries PORTEND?
Who will emerge in the end?
Dubya or John?
At least Steve is gone.
Will the GOP be able to mend?

25562 DUBYA - VOTING Norm

Nader once characterized
Bush as corporations, disguised;
Then he made a small dent,
Taking just 2%,
Just enough to give Bush the big prize.

25563 DUBYA - VOTING Dr Limerick 11-08-00

George Bush, I must tell you in rhyme,
Is In Florida this Christmas time.
There's a constant belief,
It's the norm for a thief
To return to the scene of the crime.

25564 DUBYA - VOTING Prof M-G

Having worked Dubya's campaign like mad,
It will be a career launching pad,
If young George is anointed.
She'll soon be appointed
Ambassador, country of Chad.

25565 DUBYA - VOTING Scott

George Bush is the top man to beat,
Which could turn out to be quite a feat.
Though his spending is huge,
There could be a deluge
Of Bush votes from Saddam's defeat.

25566 DUBYA - VOTING Tomer Shiran

Tonight we set clocks back an hour,
To save some electrical power.
But the chance is now here
To turn clocks back years;
Just vote Bush and Helms into power.

25567 DUBYA - VOTING Dr Limerick

Bush heads the American nation,
Though in doubt was his call to this station.
For the vote was rejigged
Bu a court that was rigged,
Yet he still wants a standing ovation.

25568 DUBYA - VOTING David McKay

Oh dear, it's the smell of hypocracy,
For Dubya upholding democracy.
He wants Yasser ejected
Though truly elected,
Not pushed by a legal bureaucracy.

25569 DUBYA - VOTING Tiddy Ogg

We thought our election was through,
Till lawyers demanded their due.
If Al Gore wins now,
Then George Bush will vow,
The courts were his sad Waterloo.

25570 DUBYA - VOTING   Chris Papa

They'll be rushing to have three or four
Anti-missles by 2004;
Their haste means we know
Their principal foe
Is Daschle or Gephardt or Gore.

25571 DUBYA - WARFARE   Dr Limerick

President Bush, it is clear, is quite mad.
Why else wage a war on Baghdad?
It pissed off the Iraqis,
And all Saddam's lackeys,
And now the situation's REALLY bad.

25572 DUBYA - WARFARE   Coralie Venus

Dubya's mid-terms provided a shush
To objections re: his warlike push.
Per White House instruction,
Weapons of mass destruction
Are to be found behind every Bush.

25573 DUBYA - WARFARE   Loren Fitzhugh   P0301

King George has committed his Reich
To the doctrine of pre-emptive strikes.
Beware, Minnisota
And South Dakota,
If you vote a way he doesn't like.

25574 DUBYA - WARFARE   Dr Limerick

They told you men walked on the moon.
With Dubya and Blair facing doom
In the polls, in real trouble,
So catch Saddam's double,
And watch those opinion polls zoom.

25575 DUBYA - WARFARE Tiddy Ogg

I do not believe it's his double;
I don't mean to be bursting your bubble,
But it sure was a treat
And it tickeled your feet
And got Bush and Blair out of their trouble.

25576 DUBYA - WARFARE Nawahl

You betcha! You know what he needs
That to overcome Democrats leads,
By the "statesman" the 'Crats
Have fielded, that's stats
In the papers that eeveryone reads.

25577 DUBYA - WARFARE John Miller

Well, damned if I know about Blair.
He's British, so why should I care?
But if he dropped dead,
Would you come out ahead
Or have something worse in your hair?

25578 DUBYA - WARFARE John Miller

Or else some political chap
Who's spouting the usual crap,
Supporting his creed
Of power and greed,
And think's every voter's a sap.

25579 DUBYA - WARFARE John Miller

But try as they might they can't hide
That their ultimate mission defied
The rules that were set
By a UN gazette.
By the looks of it, justice has died.

25580 DUBYA - WARFARE Nawahl

Now, Saddam might have been a bad chap
Who now sits with his head in his lap.
But I'm very frustrated
And a little irated,
Of hearing from Bush and Blair's crap.

25581 DUBYA - WARFARE Nawahl

Now they highlite the crimes of Saddam
And denounce him the ultimate bum,
But forget not the hour
He was kept in power,
When with US, Kuwait he did numb.

25582 DUBYA - WARFARE Anon

He comes now to give us the score
In the neocon's unprovoked war.
The dollars we've sent,
Have been so well spent,
That they'll need only several times more.

25583 DUBYA - WARFARE DC Dave

Of course, the new Prez is a twit
And much worse -- does that make him unfit?
To bomb little nations
And their populations,
Brains could be a drag, you'll admit.

25584 DUBYA - WARFARE Edward Leer

To attack or not to attack?
That's the question proposed on Iraq.
But Its Arabic neighbors
Don't favor such labors,
Which they see as another Bushwhack.

25585 DUBYA - WARFARE Limerick Savant

Some say Bush is running AMOK
And in quagmire will soon be stuck.
But history will show
He struck the right blow,
While Chirac his thumb he did suck.

25586 DUBYA - WARFARE Norm brust

Seeking Weapons of Mass Distraction,
Ashcroft and Bush find real satisfaction.
They warn us of doom;
They say 'twill be soon.
Change the color and watch the reaction.

25587 DUBYA - WARFARE Anon

When those who now die in Iraq
Meet those who were under attack
That September day,
Do you think they will say,
"Let's give Dubya a pat on the back?"

25588 DUBYA - WARFARE Jo McGahey

They say now, Osama Bin Laden
Away from our soldiers has gotten.
Those making such claims
That we've met our war aims,
Are clearly by power besotten.

25589 DUBYA - WARFARE Dr Limerick 02-24-02

American President Shrub
Is in love with the thud of a Scud,
So he wanted a war
To drop bombs galore,
But it's terror we're fighting, G'Dub.

25590 DUBYA - WARFARE Chris Cleirigh

Wasn't finding Hussain just sublime,
Grimy, dirty and not in his prime?
But something went wrong,
It's been planned all along
To unearth him at election time.

25591 DUBYA - WARFARE Loren Fitzhugh P0402

Survivors of bullets all tell
That war as we know it, is hell.
But there's dough to be made,
So our soldiers are bade
Go fight for Halliburton and Bechtel.

25592 DUBYA - WARFARE Arnie Schoenburn P0305

Said Bush, "The Iraqis have hidden
Weapons that I have forbidden
And I'm Chief of Police.
In the name of world peace,
I'll invade them. By George, I'm not kiddin'!

25593 DUBYA - WARFARE Lachlan Dengate

The bookies, (I read in the press,)
Are now asking gamblers to guess
Which first will be found:
Saddam's weapons mound,
Or the beast that lives in Loch Ness.

25594 DUBYA - WARFARE Tiddy Ogg

Now here, sir, you're downright insulting;
George Bush's gulf war was revolting.
Once Iraq was pushed back...
After years of attack,
Have you seen any great good resulting?

25595 DUBYA - WARFARE

Said Dubya: "Now it's time to make war;
It's irrelevant what it is for.
'Cause I'm for it as long
As it makes me feel strong
And I'm able to settle Dad's score!

25596 DUBYA - WARFARE   Lims for 2003

Bush at Guantanamo Bay
Lets prisoners all have their say,
As long as they hide
Any truth from their side,
And agree to the "Amercan Way".

25597 DUBYA - WARFARE   Will Lobban

Guantanamo's evilly brainy
As a place to imprison detainees.
No meddlesome lawyers
Or media voyeurs
To ask about rights miscellany.

25598 DUBYA - WARFARE   Dr Limerick 12-27-01

The Bushies will be up all night
Devising excuses to fight.
Bush can't go to war
Without saying what for --
In your heart, though, you know that he might.

25599 DUBYA - WARFARE   Dr Limerick

The presumption of physical force
Appeals to the mind of a horse;
In deference to
What presidents do,
A horse is a horse, of course.

25600 DUBYA - WARFARE Paul Bowman

"The axis of evil," said Bush,
"It is clear, must be given the push."
So with Howard and Blair, (Aussie and Brit PM's)
(Such a charming wee pair.)
I'll blow up Iraq with a whoosh!

25601 DUBYA - WARFARE Noela Maletz

A declaration with a date it must meet,
To be credible, must be complete.
But how will we know?
The inspection will show;
George says either way I'll defeat.

25602 DUBYA - WARFARE Anon

Cried Dubya in the White House one day,
"My marbles have all gone astray!
By the time they got back,
I'd invaded Iraq.
What on Earth can I possibly say?"

25603 DUBYA - WARFARE Sue Carey

There once was a rich boy from Dallas,
Who had a very small phallus.
To make up for this lack,
He invaded Iraq
And got toxic with oil greed and malice.

25604 DUBYA - WARFARE Graeme Dunstane

George Bush the second, cried "War
Will settle my Daddy's old score."
Well, Saddam may have lost,
But Iraq bears the cost.
But they're worse off than ever before.

25605 DUBYA - WARFARE Jo McGahey

There's now a way, much simplified,
To warn when with the terror threat high:
Check news sites to see:
Is Bush in D.C.?
If so, then it's okay to fly.

25606 DUBYA - WARFARE Dr Limerick 05-18-02

One clue that will help you to know
If the terrorist danger is low,
Is to log on and see.
If Bush's in D.C.,
There's probably no danger, if so.

25607 DUBYA - WARFARE Dr Limerick

How can ordinary living go on
While the U.S. is waving its gun,
And Tony tells Britain
That war's only fittin',
And hurries to join in the fun.

25608 DUBYA - WARFARE Edwina Leer

But hundreds of millions worldwide
Are opposed to this mass homocide.
From nation to nation
Tomorrow's demonstration
Will show that with peace we're allied.

25609 DUBYA - WARFARE Edwina Leer

The anti-war crowd is immense;
With millions, the act was intense.
But God! Did you see
The billions, like me,
Not showing dumb signs, but good sense?

25610 DUBYA - WARFARE   Travis Brasell

Dubya, a top German did mention,
By turning domestic attention
To warrin' and bombin'
Is acting in common
With Hitler's despotic ascension!

25611 DUBYA - WARFARE   Anon

Tigers are dangerous without fail;
We know this from the World War II tale.
Japs kicked a sleeping one,
Setting the Rising Sun,
And now Dubya has one by the tail.

25612 DUBYA - WARFARE   Loren Fitzhugh   P0312

The State of the Union oration
By Bush promised lower taxation,
For those whose high living
Needs oil to keep giving,
And war for the rest of the nation.

25613 DUBYA - WARFARE   Lims for 2003

They say they've deciphered the ciphers
And warned us of terrorist divers;
Planes, trains, and ships;
Alerts seem to drip
As needed from White House connivers.

25614 DUBYA - WARFARE   Dr Limerick 05-25-02

There once was a young chap from Texas,
Who said, "Saddam, you sure do vex us.
We are coming to see
All your WMD, (weapons of mass destruction)
But they soon found themselves in a nexus.

25615 DUBYA - WARFARE Tony Kiek

Hans Blix under UN instruction
Sought weapons of massive destruction.
But none could be found
In Iraq on the ground.
What's more, there were none in production.

25616 DUBYA - WARFARE David McKay

There was a young Texan named Bush
Who, through to the White House, did push.
He invaded Iraq;
Clapped himself on the back;
May he fall ass over head on his tush.

25617 DUBYA - WARFARE Jo McGahey

Bush is pushing for missile defense,
Despite pressures which can be intense.
He will follow through --
It's the right thing to do --
Self-protection makes so much good sense.

25618 DUBYA - WARFARE

Georgie, Bush, not Puddin' and Pie,
Crushed iraq from the land, sea, and sky.
The UN might return;
How old Gerogie must yearn
To pull out of this mess on a high.

25619 DUBYA - WARFARE Jo McGahey

Why does Dubya want to start a new war,
That the rest of the world isn't for.
'Cause without such a brawl,
There is no way at all
He can win in 2004.

25620 DUBYA - WARFARE Anon

Bush vowed, with an eye on the polls,
To smoke terrorists out of their holes.
That's all well and good
And I wish that he would,
But I hope he has more precise goals.

25621 DUBYA - WARFARE Dr Limerick

The "holes" calls to mind Vietnam
Where we dropped tons and tons of big bombs.
But we never knew
What we wanted to do.
At the end, it was we who succumbed.

25622 DUBYA - WARFARE Dr Limerick

As we march on Afghanistan's plains,
One hopes that in D.C., the brains
Can appoint a commission
To draft statement of mission
Beyond, "Get Bin Laden's remains!"

25623 DUBYA - WARFARE Dr Limerick

The future will slowly unwind;
We cannot be willfully blind;
We can't just tell when,
In one year or ten;
The exact date cannot be divined.

25624 DUBYA - WARFARE Dr Limerick 05-20-02

But your fear's an essential ingredient
To be used when we find it expedient.
When the Gops feeling hurt,
We'll call an alert,
To be broadcast by press corps obedient.

25625 DUBYA - WARFARE   Dr Limerick 05-20-02

The Pentagon, strategy-wise,
On disinformation relies;
Explaining, perhaps,
Credibility gaps,
And denying October Surprise.

25626 DUBYA - WARFARE   Dr Limerick

Dubya's terror war now is his foil,
And the country he's roiled to a boil.
But before he's all through,
He'll convince us anew
That he won't profit from Iraq's oil.

25627 DUBYA - WARFARE   Loren Fitzhugh   P0301

Bush has done right at long last,
About captured guys at "Gitmo" amassed. (Guantanamo Bay)
The Geneva accords
For the Taliban hordes,
But no slack for the Al Qaida caste.

25628 DUBYA - WARFARE   Dr Limerick 02-07-02

Said the WMD expert Kay,   (weapons mass destruction)
"We found no such weapons today,"
Bush shouted out loud
To a partisan crowd,
"This proves that my war is okay."

25629 DUBYA - WARFARE   Arnie Schoenbrun   P0311

There was Bush, there was Powell and Rice;
And Rumsfeld et al with advice.
They saw money and oils
From the war as their spoils;
Never counted lost lives in their price.

25630 DUBYA - WARFARE Jo McGahey

For months I have wondered not if,
But when Dubya's Arabic miff
Would lead us to war,
With blood, guts and gore,
From women and kids cold and stiff.

25631 DUBYA - WARFARE Archie

A puppet, George Dubya Shrub,
Received two incredible snubs.
One from Bin Laden;
Another from Saddam,
So he bombed them; don't mess with George Dub.

25632 DUBYA - WARFARE Chris Cleirigh

There once was a President named Bush,
Who should have been tossed out on his tush.
But not getting the sack,
He waged war on Iraq,
And gave millions of protesters the push.

25633 DUBYA - WARFARE Coralie Venus

Bush tried diplomatical tact
That his previous efforts have lacked;
He told the U.N.
We're all allies and friends,
Now that we're the ones who've been attacked.

25634 DUBYA - WARFARE Dr Limerick 11-11-01

A reduction in arms sounds quite nice
But reread the document twice;
As per the accord,
The nukes can be stored
And from mothballs be pulled in a trice.

25635 DUBYA - WARFARE Dr Limerick 05-24-02

Look, old Dubya's again on his feet,
And he's treading his old war-path street.
As he's marchin' along
With his threatening schlong.
'Course I'm talking George, and not Pete.

25636 DUBYA - WARFARE

A coke-fiend and a confirmed lush
Has only a button to push,
So we'll glow in the dark;
Someone get a narc;
DEA save us from Dubya Bush.

25637 DUBYA - WARFARE Phil T

The American plan is quite clear;
We bomb and we buy till they hear.
Pipelines and oil
We find on their soil,
For Dubya holds these things dear.

25638 DUBYA - WARFARE Anon

I had feared that the rubber-stamp Congress
Would say little and then respond less,
To the first-strike attack
George wants for IRAQ,
But there's reason to hope that's a wrong guess.

25639 DUBYA - WARFARE Dr Limerick

The plan was in place and rehearsed,
In case worse had come to the worst.
When time came to call out
And hide from the fall out,
The plan was Republicans first.

25640 DUBYA - WARFARE Dr Limerick 03-05-02

Said King George to Crown Prince Abdullah:
"Now don't give me none of your bulla.
Our Military might
Gives me the right --
Who cares 'bout the rag-headed mullah?"

25641 DUBYA - WARFARE Dr Limerick

"Saddam," said George, "you're a pain.
We will just have to bomb you again."
So he sent the Marines
To dig lots of latrines,
In the hope that they'd shit on Hussein.

25642 DUBYA - WARFARE Tony Kiek

There's a wee bit of Irish, they say,
Touching everyone's heart in some way,
Save for Bush, Rumsfeld, Rice
And their gang who're not nice,
Starting war on St Patrick's own day!

25643 DUBYA - WARFARE Lims for 2003

You Yankees think you are the greatest,
But checking out news of the latest;
Your leader's a twit
With barely a whit
Of intelligence; "He that doth hateth!"

25644 DUBYA - WARFARE Narni

That wimp of J. W. Bush
Will turn all of us into mush,
Over his love of war,
And the ultimate score
Will be humans en-masse turned to slush.

25645 DUBYA - WARFARE Narni

I send you a welcoming greet,
And warn you, be careful, my sweet.
My soft pussy paws
Hide razor sharp claws,
Which makes easy work of new meat.

25646 DUBYA - WARFARE Goin2later

Old George to his president son,
"Go fight that war I should have won,
In battle engage;
Because of your age,
You'll not even need your own gun."

25647 DUBYA - WARFARE Bob Birch P0302

"You're right, Dad, you do speak the truth,
We pay folks to fight tooth to tooth.
So the radical right,
Says let them fight our fight,
They are our expendable youth."

25648 DUBYA - WARFARE Bob Birch P0302

Says Bush, "It's Iraqi skulduggery;
They are evil and cunning as buggery."
So his troops he paraded;
He bombed and invaded
In an act uf unparallelled thuggery.

25649 DUBYA - WARFARE John Dengate

I'm sure that you all will recall
The precedent on which we'll fall --
The Resolution of Tonkin
Got hardly no talkin';
And evidence? Nothing at all.

25650 DUBYA - WARFARE Dr Limerick 08-26-02

Dubya said, "It makes my blood boil,
To hear that we want Iraq's oil.
We'll just take some to pay
For my war, and each day
That our troops occupy Iraq's soil.

25651 DUBYA - WARFARE Lims for 2003

When Dubya was elected as President
On spurious votes -- that's self-evident --
To cover his shame,
He made war on Hussein,
With excuses egregiously magniloquent.

25652 DUBYA - WARFARE Bob Phillips

Said the chief of staff, "I've got a beef:
Those casualties give me much grief."
Said the Sec. of Defense,
"I'm not in charge, hence:
Take it up with the flight-suit-in-chief."

25653 DUBYA - WARFARE Arnie Schoenbrun P0312

Young Dubya, who should have known better,
Sent Saddam a short bragging letter:
"Your WMD
Are too tiny to see.
In Texas they're bigger and better!"

25654 DUBYA - WARFARE Tony Kiek

The best Christmas greetings from me.
It may be the last one we see,
'Cause Mesopotamia's
Near turning uranious,
As Dubya begins World War III.

I don't think we're in Kansas at all.
Scientific Creation
Screwed up my vocation;
It's beautician, not Princeton, next fall.

25687 EVOLUTION Arthur Deex P0001

Said Dorothy, in mid-test, "Oh crap!
The science I learned has a gap.
Out here in the sticks
With the born-again hicks,
Church and State have a vast overlap."

25688 EVOLUTION Arthur Deex P0001

Dorothy said, "My choice is MIT,
If I score on this damn SAT.
I know physics and math
And can plot a bar graph --
So who needs to know biology?"

25689 EVOLUTION William N Nesbit P0001

Said Dorothy, "I've a lot of confusion
About Mitochondrial Eve's contribution
To our genes long ago,
For in Kansas, you know,
Pseudo-science replaced evolution."

25690 EVOLUTION Arthur Deex P0001

Said Dorothy, "I now have no doubt
That my SAT score is a rout!
I haven't a clue, see,
About Australopithecus afarensis Lucy
For in Kansas, Evolution is out."

The dispute the creationists begot,
Has been eased by a compromise, somewhat.
The issue's resolved
That some folks evolved,

25709 EVOLUTION - DARWIN T. L. McCarthy P9501

Then, discarding all circumlocution,
He faced up to the final solution,
That the shape of Mankind

By the principles of evolution.

25710 EVOLUTION - DARWIN T. L. McCarthy P9501

You can hardly believe the sensation
That was caused by the first publication
Of his 'Origins'--Why?
Well, it seemed to imply
That the monkey was Man's close relation.

25711 EVOLUTION - DARWIN T. L. McCarthy P9501

From the pulpits priests thundered objection
To the doctrine of Nature's selection,
And it's said there were some

Dismayed bible-bangers and Popes
By teaching that Man
An Orangutan;
His trial predates modern-day soaps.

25815 EVOLUTION - HUMAN Irving Superior P8810

A famed biochemist from Thrace
Claims people take up too much space,
So now he is thinking
Of working on shrinking
Mankind to a half-pint sized race.

25816 EVOLUTION - HUMAN Armand E Singer 906

Early man didn't survive
Due to high IQ with which to strive.
It was BO, the stink,

Twice 'fore eating him or his wive.

25817 EVOLUTION - HUMAN Sam Shaffe P8810

But you may be right, my dear Pan;
I should get out more when I can.
'Twould require better clothes
But for now I shall close, with
Respectfully yours, Stone Age Man.

25818 EVOLUTION - HUMAN

The arrogant Pithecanthropus erectus,
Whose traits, through inheritance, affect us,

Like some of those whose morals deject us.

25819 EVOLUTION - HUMAN Arthur Guiterman

The great ape was chewing a fern;

So where did they take the wrong turn?

25820 EVOLUTION - HUMAN Arnie Schoenbrun P0306

Two researchers who never would quit,
Traced their family tree, they admit,
So far in the past,
They discovered at last,
Their ancestors climbing in it.

25821 EVOLUTION - HUMAN A. N. Wilkins

In Niffelheim 'twere cold and snows;
For our sins some say Jesus rose.

Had tales quite mythic; us
Moderns will have to suppose.

25822 EVOLUTION - HUMAN

Proposals of marriage of yore;
A dragging by hair through the door.
It was "Vidi Vici"
With guttural "Veni"
With courtship considered a bore.

25823 EVOLUTION - HUMAN Irving Superior P9711

Who says humans must be the last
To evolve? Evolution's not fast.
I'm sure we will see
Eventually
A creature more smart and whole-assed.

25824 EVOLUTION - HUMAN Sam Shaffe P8810

Little by little degree,
The first man came down out of the tree.
And what revolution
Brought this evolution?
More likely, his wife had to pee.

25825 EVOLUTION - HUMAN MrMalo

Down ages through eons of time,
Evolution, females made the climb.
Left back on the trail,
Homo sapient male
Still swims in primordial slime.

You couldn't show up as much dimmer.
That one word you sent
Shows how you are bent.
I doubt if you're much of a quimmer.

"Why don't you," said Tracy to Clare,
"Be more thorough when doing your hair.
The one way to nudge on
A man with a bludgeon
Is coiffure." But her friend said "Don't care."

25830 EVOLUTION - HUMAN - SERIES

"When Quentin comes back from the pub,
His foreplay's the same, with the club.
But he then grabs my feet,
Not my hair, like your Pete,
And it does cause me grief, that's the rub."

25831 EVOLUTION - HUMAN - SERIES

"Though he's kind, and he's terribly loyal,
It's a habit I really must foil,
'Cause that way around,
When I'm dragged on the ground,
My pussy gets filled up with soil."

25832 EVOLUTION - HUMAN - SERIES

If for cave folk these names do seem strange,
Well, high in the Transpennine range,
There are caves, and the walls
Are covered with scrawls;
It just proves that some names never change.

25833 EVOLUTION - HUMAN - SERIES

A caveman who called himself Og,
Had lived all his life in a bog.
Extinction he faced,
So in desperate haste,
He buggered his friendly old dog.

25834 EVOLUTION - HUMAN - SERIES   PeterW

A silly mistake and unwise,
'Cause the dog turned around in surprise,
And quick as a jiffy,
He bit off his stiffy,
Which hastened his final demise.

25835 EVOLUTION - HUMAN - SERIES PeterW

It seems Og deserved what he got,
In trying to cornhole old Spot.
He should have resolved
Just how far Spot's evolved.
Canis familiaris the lupus type's not.

25836 EVOLUTION - HUMAN - SERIES Irish

About women, I've heard the news sung;
They're evolving; this ain't idle dung;
This may give you a fit,
What we now call a clit,

25837 EVOLUTION - HUMAN - SERIES AAllen Wolverton

What are now fibroid tumors today,
Will become vocal chords, so they say.
By the year 10k-ten,
Gals will yell at their men
In full stereophonic array!

25838 EVOLUTION - HUMAN - SERIES Allen Wolverton

There once was a caveman called Ogg
Who lived most of his life in a bog.
With his wife Ermintrude,
He wrote limericks rude,
Hieroglyphically carved on a log.

25839 EVOLUTION - HUMAN - SERIES

Now his great great great ancestor Tid
Has deciphered them; lifting the lid
On the old-fashioned ways
Of romance in those days,
When a girl did whatever was bid.

25840 EVOLUTION - HUMAN - SERIES

Our Ogg of the paleolithic
Thought pussy pelt downright terrific.
And the cavegirls would moan
At the sight of his bone,
Whose lengthy proportions were mythic.

25841 EVOLUTION - HUMAN - SERIES

But the girls all exclaimed it in chorus:
He's hung like a brontosaurus!
He'll rupture your gizzard
With that thunder lizard!
It's just too damn fucking big for us!

25842 EVOLUTION - HUMAN - SERIES

Oh Ogg, we're afraid you might kill us
With the size of your homo habilis.
Its been dragged in the dirt
Where the dinosaurs squirt,
And we do not yet have penicillus.

25843 EVOLUTION - HUMAN - SERIES

So it seems that our Ogg has a plan
To see if a large fire can
Illuminate nightly,
Martys cave brightly.
He's evolving into Peking Man

25844 EVOLUTION - HUMAN - SERIES

He was desperate for a solution
To avert his poor tribes diminution.
When a big kaylipithecus
Quiffened his stifficus,
And ensured Tiddy Oggs evolution.

25845 EVOLUTION - HUMAN - SERIES

What people are most stupid, here
On this planet, Mother Earth so dear.
I say it's Eskimos
With deep-frozen toes,
And the reason for this should be clear.

25846 EVOLUTION - HUMAN - SERIES

'Cause thousands of years ago,
These people decided to go
Across the Bering Street,
To a new world to breed,
Arriving in cold Alaska (Oh No!).

25847 EVOLUTION - HUMAN - SERIES

Now, the smart ones real quickly got
The idea that the north was a lot
Too cold, day and night.
So they soon turned right
And came to the south where it's hot.

25848 EVOLUTION - HUMAN - SERIES

But what did the rest of them do?
Did they all search for the heat too?
No, the morons spread
In this land of the dead;
They must have had brains made of poo.

25849 EVOLUTION - HUMAN - SERIES

There's nothing like Eskimo tail,
Hale and hardy and not a bit frail.
All warm and squishy
And not the least fishy,
Though it does smell a bit like a whale.

25850 EVOLUTION - HUMAN - SERIES

I'm a member of an old family.
So ancient that our family tree
Fell into a hole
And turned into coal,
Back in something or other B.C.

25851 EVOLUTION - HUMAN - SERIES   Tony Burrell

My family is quite old as well.
I thought that I probably should tell
Your family I'm sorry,
But was a bit chary,
'Cause mine dug the hole where yours fell.

25852 EVOLUTION - HUMAN - SERIES   Marlene Lewis

I hear they have recently dug
Up two cave people, Ugga and Ugg,
Who were trapped in the ice
While indulging in vice;
It's no wonder they're looking so smug.

25853 EVOLUTION - HUMAN - SERIES   Peter Wilkins

Now Ugga and Ugg in vice blushed,
When exploreers into their cave rushed,
With axes and picks,
Getting their kicks.
For Ugga and Ugg it's ice crushed.

25854 EVOLUTION - HUMAN - SERIES   Travis Brasell

That Ugg lad was certainly bold.
When thawed, the exploreers he told,
"I shouldn't have scorned
My mates when they warned
Me about that Ugga, she's COLD."

25855 EVOLUTION - HUMAN - SERIES   Frank Fazed

She dropped to her knees;
"For my encore I'll do it again."

A lonely old fellow is Bert. In
His bedroom he twitches the curtain
And looks through his glasses
At nubile young lasses,
And uses a bucket to squirt in.

26520 EXCRETIONS - SEMEN - ZSERIES   Peter Wilkins

A bucket a week he gets through,
And he keeps them downstairs in the loo.
He lets none go to waste
And makes wall-paper paste
With it. That's what he does with his goo.

26521 EXCRETIONS - SEMEN - ZSERIES   Peter Wilkins

A sperm doesn't cry when he falls,
Even splattered on floors and on walls.
Where ever he's spent,
A sperm is content
Just to get the hell out of your balls.

26522 EXCRETIONS - SEMEN - ZSERIES   MrMalo

Every word that you say is quite true:
I have seen what those little guys do.
They jump and they lean,
Wiggle through gabardine,
Lest those tightening balls turn bright blue.

26523 EXCRETIONS - SEMEN - ZSERIES   MrMalo

Do your sperm carry halos and wings?
Are they feisty and fertile wee things?
When you've had a stiff drink,
And you enter a mink,
Do they hobble out wearing their slings?

26524 EXCRETIONS - SEMEN - ZSERIES   Jayne

My sperm, they have Halos and Wings,
But let's not Harp on Heavenly things.
I don't drink and screw;
That simply won't do;
Booze weakens my sperm's innersprings.

26525 EXCRETIONS - SEMEN - ZSERIES

My dictionary doesn't explain;
I tried to look it up in vain.
What is this about?
Can you help me out?
"Jism" can drive you insane.

26526 EXCRETIONS - SEMEN - ZSERIES   Tjarda

It affects many women that way;
They search for it all night and day.
It takes over the mind
But it's easy to find.
A lack of it's worse, I must say!

26527 EXCRETIONS - SEMEN - ZSERIES   Lynn

There was a young man of Cadiz
Whose nickname was Billy the Whiz,
On account of the speed
He can finish the deed
And the singular fizz of his jizz.

26528 EXCRETIONS - SEMEN - ZSERIES   Peter Wilkins

He was with me on Hogmanay night   (Scottish New Years)
And I knew it would all be alright
When the bubbly was gone,
Because Billy's great horn
Made us plenty -- and I got quite tight.

A batchelor named Fibber McGee
Said "Marriage is never for me.
Instead I will wank
The sperm to the bank,
And for that I will get a big fee.

26530 EXCRETIONS - SEMEN - ZSERIES   Mulqueen

"Big fee?" Can it be? I'm curious --
In college I wanked fast and furious,
Just making enough
For textbooks was tough;
Earning dorm fees was downright injurious.

26531 EXCRETIONS - SEMEN - ZSERIES   John Miller

The unfortunate Fibber McGee,
While wanking, got stung by a bee.
He looked at his knob;
Cried, "From me this will rob
My considerable sperm bank fee."

26532 EXCRETIONS - SEMEN - ZSERIES   Mulqueen

The nurse at the sperm bank said "Fibber!
I see that you knob is much bigger.
So big and so red,
My! You I would wed!"
Said Fibber, "You are a gold digger!"

26533 EXCRETIONS - SEMEN - ZSERIES   Mulqueen

Fibbers red knob, it did heal;
He returned to his wanking with zeal.
But the spurting was little;
Not very much piddle.
And the foreskin, not easy to peel.

26534 EXCRETIONS - SEMEN - ZSERIES   Mulqueen

He lamented the great loss of money;
Fibbers future was not looking sunny.
Then he felt a great urge
And with a great surge,
He spurted a half ton of honey!

26535 EXCRETIONS - SEMEN - ZSERIES   Mulqueen

Fibber no longer is wanking;
He is very much now into banking.
The considerable dosh
Lets him eat the best nosh,
And the little old bee he is thanking.

I am such a curious elf.
I'll interview his

My hound dog grew large eating snacks,
And slept in a shed with few cracks.
Old Peck is his nick,
He finds game real quick...
We marvel how well Pecker tracks.

26539 EXCRETIONS - SEMEN - ZSERIES   Tiddy Ogg

A dog that can track game so good,

Neither oak, ash or peach.
I wonder what wood pecker would.

From causing light rain,
Then the key to the bathroom, I'll lose.

To sit on a hospital toilet,
One must take the seat off and then boil it,
To kill off the germs,
And wash off the sperms,
And other foul stuff that may soil it.

26638 EXCRETIONS - TOILETS - DIRTY   Jayne

Your limerick brought to the fore
The things behind the toilet door.
It's truly disgusting
To imagine them crusting,
And dripping on down to the floor.

26639 EXCRETIONS - TOILETS - DIRTY   Jayne

If your seat is never in sync,
Smarmy with man-piss and stink,
You just nail it down,
And turn him around.
Better he piss in the sink.

26640 EXCRETIONS - TOILETS - DIRTY   H Whelchel

If you use this pot, heed my word.
(Although some may find it absurd.)
You've cleaned up your tush?
Then USE THE DAMNED BRUSH!
The rest shouldn't look at your turds.

26641 EXCRETIONS - TOILETS - DIRTY   Rusty Smith

In the restroom, the walls are real slick;
It will take the starch out of your dick!
Most graffiti don't last;
They just slide down the plast-
er; the floor is where nothin' won't stick!

26642 EXCRETIONS - TOILETS - DIRTY

Been locked in the outhouse all day,
'Cause Pa locked the door all the way.
I'm up to my knees
In spiders and fleas;
I can't even kneel down to pray.

26643 EXCRETIONS - TOILETS - DIRTY

Leave it, my friend -- be so smart --
Just as clean as when you did start.
First you flush, flush and flush;
If it fails, use the brush.
Leave it a guess: shit or fart?

26644 EXCRETIONS - TOILETS - DIRTY   Jesper Sloth

I've heard of this floating turd caper;
You want it to vanish to vapour.
But it keeps coming back,
So just give it a whack,
And flush it with some toilet paper.

26645 EXCRETIONS - TOILETS - DIRTY   Jayne

Parsely will give you the runs,
Unless its been blest by the nuns,
Or by an old monk.
Many toilets have stunk
'Cause people have shat tons and tons.

26646 EXCRETIONS - TOILETS - DIRTY   Anon

I live in a house that has got
Some things that working are not.
I flush the loo
To get rid of my poo,
But it keeps floating back to the top

26647 EXCRETIONS - TOILETS - DIRTY

If your shit is sticky old mush --
So tacky it barely will flush --
And clings to your hole,
And sticks to the bowl,
For Christ's sake, USE THE DAMNED BRUSH!

26648 EXCRETIONS - TOILETS - DIRTY   H WHELCHEL

No matter how much you do flush,
That thing that came out of your tush
Just keeps going round;
But some TP I've found,
Will do wonders to give it a push.

26649 EXCRETIONS - TOILETS - PAPER   Arden

At home, in the toilet you'll find me,
Having printed the page you assigned me;
As I hold it before me,
I confess that you bore me,
So, soon I will have it behind me.

26650 EXCRETIONS - TOILETS - PAPER   Hugh Clary

A collection of stories absurd
Is known as the Lord's Holy Word.
But a much better use
For the Good Book abstruse
Would be cleaning up splatters of turd.

26651 EXCRETIONS - TOILETS - PAPER   Albin Chaplin   3024-0960

I was told that in Turkey, the loo
Has no TP, so what do you do?
There's a sponge and a bowl
Full of water (how droll)
For a wet-wipe right after you poo.

26652 EXCRETIONS - TOILETS - PAPER   Barbara Tepper

My Goodness! That technique is awesome!
For messed cracks -- just wash 'em and floss 'em.
But what would you do
If some nut before you,
When through with the sponge, would just toss 'em?

26653 EXCRETIONS - TOILETS - PAPER   Travis Brasell

In other lands, bathrooms are funny;
For paper you first must pay money.
If you can't buy a bit
Before you go shit,
Your ass will be smelly and runny.

Who cried, "What's a woman to do?
The cat, with its caper,
Shredded all the T-paper,
And I can't reach the spare from the loo!"

Priest takes in his head

Still no response, which made him a seether.

There's no paper in this one either!"

At a petrol stop loo.
What was I to do?
I washed at the basin, God bless.

Good old Rabelais chanced to peruse,
For an arse-wipe, what's optimum use?
He said: "Folks, I do swear,
Nothing else can compare,

While sitting in that stinky loo:
Just pull off your sock
To clean out the schlock,
Then shove it right back in your shoe.

26670 EXCRETIONS - TOILETS - PAPER   Pilar

Oh No! Why spoil a good shoe;
Here's a way you can clean up that poo:
Take your underwear off,

Then leave the whole mess in the loo.

To wipe off his ass,
Because clingons offended a bit.

His girl wed a fellow named Potts;
When they get a case of the trots,

When I'd forget to leave the seat down,
My sweetheart wore a permanent frown.
I found a solution;
No more revolution,
I just go out and piss on the ground.

26701 EXCRETIONS - TOILETS - SEAT UP

When a guy has to go take a piss,
What really annoys me is this:
The seat is left high,
Now come on, don't be shy!
To just leave it down, would be bliss!

26702 EXCRETIONS - TOILETS - SEAT UP Jayne

Leaving the seat down may be sweet,
But it means that I soak the seat.
It would really be great
If I could pee straight,
But most times I just wet my feet.

26703 EXCRETIONS - TOILETS - SEAT UP

I was already thirty three
When we wed, my true love and me.
I figured I'd miss
My singular bliss,
But I knew we'd live happily.

26704 EXCRETIONS - TOILETS - SEAT UP Karen

He dotes on my every desire;
He'd walk through flood or a fire,
But he leaves up the seat
When he's taken a leak --
It's a flaw they all seem to acquire.

26705 EXCRETIONS - TOILETS - SEAT UP Karen

Nothing makes any impression;
There's no way to teach him a lesson.
I've thought on it much,
Disliking to touch
The seat that he's made such a mess on.

26706 EXCRETIONS - TOILETS - SEAT UP Karen

Much less, to walk through the splatters;
Do they think that shaking it matters?
Where does it splash,
When they jiggle the last?
On the floor where I pitter my patters!

But the concept that they just won't get
Because they infrequently sit:
"When you lift the seat UP,
Put it DOWN so my butt
Won't fall in and get soaking wet!"

26708 EXCRETIONS - TOILETS - SEAT UP Karen

This problem is easy to fix
With one of those feminine tricks.
Pad, thickly, the cover,
The seat will just hover,
Then slam when we're through with our dicks.

26709 EXCRETIONS - TOILETS - SEAT UP Karen

Ladies, they will miss the point,
Their own heads, they want to annoint.
They need their own bath,

No matter, they'll piss up the joint!

26710 EXCRETIONS - TOILETS - SEAT UP Karen

Women always say men should be
Thoughtful of them after they pee.
"Put zee seat down, ach tung!

Why don't you PUT IT UP for me?

26711 EXCRETIONS - TOILETS - SEAT UP Gearhart

She complained when the seat wasn't down,
And called me a mannerless clown;
But when, on the top,
She found a wee drop,
That also soon gave her a frown.

To me, the objection seems silly,
And how does her fanny get chilly?
Seems the ones with the tits
Should look, 'fore they sits,
And not raise their voices so shrilly.

26713 EXCRETIONS - TOILETS - SEAT UP

What's the deal with this toilet-seat crap?
If we don't put it up, there's a flap.
Leave it up, and we get,
A new lecture yet.
Either way, we'll be in for a rap.

26714 EXCRETIONS - TOILETS - SEAT UP Bluebird

Well I tend to leave the seat down;
It's better than cleaaning the ground,
And easier on me
For scrubbing the sea,
Cause I have to wash up the town.

Looks like one has found
Enough mops and buckets for ten.

I don't think that soap ought to talk.
At dancing men's undies I gawk.
A tough singing beard

There once was a man in a pumpkin,
Who had nothing to take a nice dump in.
So he carved a nice crack;
Now he calls his house, "Jack,"
And his neighbors all call him "Bumpkin."

The man took a wife in the pumpkin,
And she became known as his rump kin,
Because they would rut

Those strange looking toilets in town
(Sort of circular) cause me to frown.
For the doors automatically
Open erratically,
Just as you're squatting right down.

26722 EXCRETIONS - TOILETS - ZSERIES

Caught short in the town yesterday;
Did my business; could not get away,
For the door stuck; oh shit --
Tried to hide but got hit
By that needle-sharp self-cleaning spray.

Pay toilets get me hot under the collar!

I like to lim but, pity!
I can offer no cute little ditty.

The loo is a place where it's hushed;
Where thoughts can be pondered unrushed.
So stay there to read
And don't try to speed

The toilet has no space to hide
My dong, so this here's what I've tried:
Fling over your shoul-

26729 EXCRETIONS - TOILETS - ZSERIES

I got me an over-sized bowl
To keep that hard chill off my pole.

On her legs, she applies oily nair.

Their bladders are groaning
This one bath, the poor family shares.

Friends, welcome here to our abode,
Our bathroom has passed the health code,
Though, to our lament,
There is an odd scent,
From Heather, there, on the commode!

26733 EXCRETIONS - TOILETS - ZSERIES Observer

Oh Lord, let this bathroom be blessed
With freshness for each passing guest.
May they always have papers,
Never suffer from vapors,
And remember to leave fully dressed!

Consider this bathroom, please do,
Right now while you're sat on the loo.

How well the seat's heated
And how ergonomical too.)

26735 EXCRETIONS - TOILETS - ZSERIES Peter Wilkins

The bath? That's no bath, why excuse me;
It might look quite quaint, but it's new see?
I bought it last week,
A converted antique
Mid-Victorian whirlpool jacuzzi.

26736 EXCRETIONS - TOILETS - ZSERIES Peter Wilkins

It matches the washbasin made
Of onyx, ceramic and jade,
With fitments of gold
I'm reliably told;
Though it seems that they've faded a shade.

26737 EXCRETIONS - TOILETS - ZSERIES Peter Wilkins

The wallpaper, note, is Art Deco;
Its sound-proofed design absorbs echo
Which saves you the blushes
Of multiple flushes
Or screams (if you're bit by a gecko).

26738 EXCRETIONS - TOILETS - ZSERIES Peter Wilkins

Now look at the carpet awhile
And ponder the depth of the pile;
It really ain't meant
For the regular gent
Who oft misses by more than a mile.

26739 EXCRETIONS - TOILETS - ZSERIES Peter Wilkins

But never mind that; are you done?
You finished whate'er you begun?
Now flush it and if

Will you please use this aerosol gun.

And moanin' and groanin' and .. whoooshh!!

26742 EXCRETIONS - TOILETS - ZSERIES

Here's Heather, a-straddling the bidet,
She's not had a lover since D-day.
She's stripped in the bars,
Flashed titties at cars,
And now the girl's trying on E-Bay.

26743 EXCRETIONS - TOILETS - ZSERIES

Now this bathroom I created with pride,
As a place where Heather could hide.
The bath is inviting,
The shower exciting,
Safe to show her kinky cute side.

There's several methods to choose:
One: wait till it clogs,
Then saw off in logs;
And two: if too runny and loose...

26745 EXCRETIONS - TOILETS - ZSERIES

The trick, if you've run short of paper,
You wait till it's all turned to vapor,
Then taking great care
To avoid singing hair,
You light the stuff off with a taper.

26746 EXCRETIONS - TOILETS - ZSERIES

I went to the john in John's Gym,
Where I'd gone to get agile and slim.
But there, strange enough,
Was a girl in the buff:
Ninety pounds (counting muff) stripped for Jim!

But who gives a damn about him?
Ninety pounds may be small
But she fit in the stall
Very nicely with me in her quim!

O'er an ice cavern carved out so neat;

26751 EXCRETIONS - TOILETS - ZSERIES

In the ice-pile were tokens of grunting;
T.P. hung in festoons, just like bunting;
Here and there, did adorn,

Knock, knock. "Yes?" "I'm Desperate Dan."
"Not as desperate as I am, young man,
For I've not had a screw
Since July '92;
Get yer clothes off as fast as you can."

27035 EXCRETIONS - URINE - ZSERIES

She moaned as she rapidly stripped,
For with animal lust she was gripped;
But this wasn't the plan
Of young Desperate Dan;
He just stared at her, trousers unzipped.

27036 EXCRETIONS - URINE - ZSERIES

"For fuck's sake; don't stand there and drool.
Can't you tell that I want it, you fool?"
"Yes I see; but my need
Is much greater indeed
Than your desperate need for my tool."

27037 EXCRETIONS - URINE - ZSERIES

27040 EXCRETIONS - URINE - ZSERIES   M. Elliot

When it comes to male micturate,
On girlish nerves it does grate;
The ease of your action
Causes female reaction
Of envy at our cruel fate.

27041 EXCRETIONS - URINE - ZSERIES   Alison Boden

Ah yes! But when you're a male,
The plumbing is certain to fail,
With age, I'll bet you,
Prostate will get you,
And make for a very sad tale.

27042 EXCRETIONS - URINE - ZSERIES   Chris Papa

You either can't go any more,
Or else it just leaks on the floor,
Or maybe C.A. (cancer)
Will put you away,
So try not to be very sore.

27043 EXCRETIONS - URINE - ZSERIES   Chris Papa

Seems he'd had a few drinks or more,
And was bragging of his pissing score.
Four people bet him
That he couldn't wet 'em,
From thirty feet off of the shore.

27044 EXCRETIONS - URINE - ZSERIES   Ericka

So he drank down 5 or 6 beers
And amid the clapping and cheers,
Swam nude, to the mark,
Put his shifter in "park"
And tried to range-find the piers.

27045 EXCRETIONS - URINE - ZSERIES   Ericka

He was close, but it still didn't matter.
Soon he had emptied his bladder.
"Irish, you goat,
You owe a C-note!"
They cried at his final splatter.

27046 EXCRETIONS - URINE - ZSERIES   Ericka

He had spent all his money before,
On booze and cigars and a whore.
So to pay off his debt
To the waiting quartet,
He needed a new way to score.

Some folks can get thrilled for hours
With a love-play they call "Golden Showers."
Whick folks? You can tell
By the way that they smell --
Rather more like an outhouse than flowers.

27049 EXCRETIONS - URINE - ZSERIES   Robin K. Willoughby P8710

And should there come lightning a-flash,
Along with cloudbursts from your gash,
We all could burn
A blast from your stern.
I'd grin as I lick my moustache.

27050 EXCRETIONS - URINE - ZSERIES   H Whelchel

Mary, who was cute beyond belief,
While camping, sore needed relief.
Off the trail, she squatted,
And poison oak gotted,
And spent weeks standing in grief!

27051 EXCRETIONS - URINE - ZSERIES   Christopher Anton

This tale I have told is quite true;
Take care where you piss, or you'll rue
The day that you said
"I'll be a bridesmaid,"
And itch at the wedding, till blue!

27052 EXCRETIONS - URINE - ZSERIES   Christopher Anton

Can some local madam or sir
Assist me as I take a whirr.
I was trained near Nantucket
To whizz in a bucket,
While standing and combing my fur.

27053 EXCRETIONS - URINE - ZSERIES

But carpel has tunnelled my grasp;
Hands gnarled are unable to clasp.
Mantilla or brush
Through follicular bush,
And trigger my bladder's collapse

27054 EXCRETIONS - URINE - ZSERIES

I'm bloated but cannot burst free
With gallons to spray, at least three.
I don't care if you're jerkin'
While boffin my merkin,
Please hurry, I'M ANXIOUS TO PEE!

27055 EXCRETIONS - URINE - ZSERIES

My back teeth are floating away.
Had too much tea to drink today.
Can't get to the loo;
Don't know what to do --
Can't walk with my legs crossed this way!

27056 EXCRETIONS - URINE - ZSERIES

That gal is one talented lass.
She can type, walk and hold on to her ass.
If you don't want to pee
Don't drink so much tea.
Just eat beans, then you'll only have gas.

27057 EXCRETIONS - URINE - ZSERIES

My aunt, may her soul be in heaven,
On a dirt road one night 'round eleven,
On returning from work,
Was harassed by a jerk,
The village fool called Drunken Kevin.

27058 EXCRETIONS - URINE - ZSERIES   Dirruk

In panic the poor woman fled
From the drunken bum she had just met,
And the dangers so grave,
To a place she thought safe;
There behind a small hedge near a shed.

27059 EXCRETIONS - URINE - ZSERIES   Dirruk

Now it's certainly not a great sin,
When you've had a good time at the inn,
To drain off some water;
A liter and a quarter;
That's common after a gallon of gin.

27060 EXCRETIONS - URINE - ZSERIES   Dirruk

So Kevin looked for a good place
To let go and do it with some grace.
So the hedge was his choice
And my poor auntie Joyce,
Got the ballast all over her face.

27061 EXCRETIONS - URINE - ZSERIES   Dirruk

A tomboy who hiked o'er the land
Once showed me a trick with her hand.
She zipped down her pants,
Adjusted her stance,
And peed out my name in the sand.

27062 EXCRETIONS - URINE - ZSERIES   H WHELCHEL

Now, seeing it done with great ease,
I seek to teach others this squeeze.
This one-male dominion --
The ladies opinion?
Can any girl piss in the breeze?

27063 EXCRETIONS - URINE - ZSERIES   H WHELCHEL

It is really quite tricky to try,
But if you don't want to pee down your thigh,
Just pee through a straw,
As those males gape in awe,
As you stand with legs opened and dry.

27064 EXCRETIONS - URINE - ZSERIES   Jayne

There was a woman from Buffalo
Who challenged a fellow to show
That he could pee
Much higher than she;
How could the stout fellow say no?

27065 EXCRETIONS - URINE - ZSERIES   Karen

So they went on out back of the pub;
She put puss to the wall and said "Bub,
I'm going first;
I'm about to burst."
Then she proceded to let go a flood.

27066 EXCRETIONS - URINE - ZSERIES   Karen

She managed about three feet high,
So the Bub whipped open his fly,
Grabbed hold of this thing,
But the "Lady" did sing:
"The rules are no hands, by the by!"

27067 EXCRETIONS - URINE - ZSERIES   Karen

"Your boy," said a farmer named Joe,
"Has got to stop seeing my Flo.
My girl was along --
I know I'm not wrong --
Last night when he pissed in the snow."

27068 EXCRETIONS - URINE - ZSERIES   A. N. Wilkins   P8511

Said his friend, "Isn't that rather tame?
Does the boy deserve all that much blame,
If that's all that he's done?"
"It isn't. Your son,"
Replied Joe, "went and spelled out her name."

27069 EXCRETIONS - URINE - ZSERIES   A. N. Wilkins   P8511

He answered, "I still don't see, though,
Why you've got your dander up so."
"Well, damn it!" he swore,
"I've a right to be sore.
It's in Flo's own handwriting, I know."
(Randolf's book of folklore "Pissing in the Snow")

27070 EXCRETIONS - URINE - ZSERIES   A. N. Wilkins   P8511

In Vegas one day, it was hot;
I'd drunk rather more than a lot.
I wanted a pee,
But all I could see
To use was a fruit machine slot.

27073 EXCRETIONS - URINE - ZSERIES

I finished, the thing made a fizz,
As circuits were shorting: the dis-
Play flickered and clicked
Up 3 lemons, then kicked
Out winnings... a gallon of piss.

When bursting to go in the night,
Or when beer has affected my sight,
Then the first thing I think
Of is using the sink,
For it's such a convenient height.

27078 EXCRETIONS - URINE - ZSERIES Jim Weaver Collection

It's a gentleman's duty to do
It in sinks, if his aim isn't true.
For it shows that he cares
For the lady he shares,
By not splashing the seat of the loo.

I'm writing this letter to say
The government's taken away
The tools that I use
Every year, like my shoes,
My workshop, my reindeer, my sleigh.

27353 FAMOUS - SANTA Liam na Beag

I am left, with a donkey. He's slow
And he's stubborn and cranky. So know,
If you don't see me pass
Before this Christmas,
I'm out on my ass in the snow!

27354 FAMOUS - SANTA

I'm sorry to hear of your fate,
That this year, Xmas is to be late.
But come on St. Nick,
I can teach you a trick,
On how to charge them a fixed rate.

27355 FAMOUS - SANTA

If the kids don't leave you something
In return for the gifts that you bring,
Like cookies and milk,
Or gold, silver and silk,
Then how can you live like a king?

27356 FAMOUS - SANTA

It seems times are now very hard
For Old Nick to get some reward.
He's getting too old,
The North Pole's too cold,
And the night sky is no longer starred.

27357 FAMOUS - SANTA

So goodbye to our yearly tradition
Of fire places roaring ignition.
No more stockings to hang,
And fireworks to bang,
Thanks to St. Nicks poorly made decision.

Be sure to leave space

We drank all the beer that we had.
Then started on Buds;
Would've drunk some soap suds.
Santa's still here, drunk! Egad!

Under covers in Grandmother's bed.

Why Santa's unfruitful, by jiminey.
The conclusion is clear,
Only one time a year
Does he come, then he shoots down the chimney.

The thought makes me quiver;
Now he can't deliver,

Found many problems there along strip;

What Santa next learned increased stress.
Mother-in-law would visit distress
Upon his poor head,
But then more was said:
Three pregnant reindeer, too gone to press.

27370 FAMOUS - SANTA - MINIONS Daniel Ford

Even more stress came with sleigh broken,
Spilling the toys; left only token.
Santa nedded drink
Broke glass in the sink,
Empty cabinet left him smokin'.

When Santa chose coffee, he stumbled.
The doorbell rang and then he grumbled,
"Who the hell is this?"
But little angel miss
Stood there at door and he was humbled.

An errant brunette in Atlanta
Had trouble believing in Santa.
But the day that Saint Nick
Flashed his candy-striped prick,
Her belief and her nipples grew granda.

His tongue, in her crotch, got to flyin'

You'd think that this might be a drqag
But the maiden was not one to brag
A thing she had goin',
So she kept right on blowin',

Then there's the lawyer from Lowell,
That took everything Santa could dole.
She demanded from Santa
What the girl from Atlanta
Got, but all that he brought her was coal.

But with increasing depravity
He'd fill the wrong cavity;
Now all think that Santa's a jerk.

27472 FAMOUS - SANTA - ZSERIES Sandman

Suddenly Santa took moment to pause,
As James Dean waltzed in through the doors.
He arrested him quick
It's the end of St. Nick,
Now we've a rebel...without a Claus.

27473 FAMOUS - SANTA - ZSERIES Sandman

Those last limericks were in fact mine;
Sandman hopes you thought they were fine.
My life is a rhyme,
Yet strangely sublime.
I'll make sure I sign each line that's mine!

27474 FAMOUS - SANTA - ZSERIES Jim Weaver Collection

Think of all the fun that I've missed,
And all of the guys I've not kissed.
I've been awful good
And I think you should
Bring me all the things on my list.

27475 FAMOUS - SANTA - ZSERIES Carol

Oh Goodness, you've missed the true gist.
All good girls just love to get kissed.
A truly good girl
Gives each bloke a whirl --
A great girl will lend them her fist!

27476 FAMOUS - SANTA - ZSERIES Brian Belge

I know I'm not top of your list,
But I hope that I haven't been missed.
And if I'm transported
Or part teleported,
I'll welcome a Christmassy tryst.

27477 FAMOUS - SANTA - ZSERIES Archie

On the day before Christmas Day,
A runner fell off of the sleigh.
Rudolph fell on his ass;
Santa ran out of gas;
The elves went on strike for more pay.

27478 FAMOUS - SANTA - ZSERIES Tony Burrell

Santa said, "The elves are all fired.
Rudolf is old and he's tired.
I can't afford gas
And although it sounds crass,
Tell kids "Forget it, I've retired."

27479 FAMOUS - SANTA - ZSERIES Tony Burrell

It soon will be time for that bloke;
White whiskered, and scarlet-hued cloak.
Or so it appears
These last seventy years
In corporate colors of Coke.

27480 FAMOUS - SANTA - ZSERIES Tiddy Ogg

Yes, soon on that sleigh he will sling
His goodies and parcels to bring.
His reindeer will fly
Through the snow-laden sky,
As down every chimney he'll swing.

27481 FAMOUS - SANTA - ZSERIES G Watson

"Is Santa Claus coming our way
With his jingle bells, reindeer and sleigh?"
"Don't be silly! It's Dad
In disguise! Ain't he sad!
And he's drunk too much whisky today."

27482 FAMOUS - SANTA - ZSERIES Peter Wilkins

He should have known better, that goof!
That whisky, it was ninety-proof.
He tried to kiss Rudolph,
Who told him to screw off.
Then Santa fell off of the roof!

27483 FAMOUS - SANTA - ZSERIES Kaylin

Last year we all had a fright;
Saint Nick was, I fear, a bit tight.
He cursed and he grumbled,
With his fly he fumbled,
Then pissed on the fireplace light.

27484 FAMOUS - SANTA - ZSERIES Frank

The silly old muddled-head dear,
Got drunk on a six-pack of beer.
He puked in the night
And gave me a fright,
Then he tried to hump all eight reindeer.

27485 FAMOUS - SANTA - ZSERIES Arden

He shouted, "I'm no jolly elf!
Hell, I don't even smile at myself;
And I've got a bad back,
Just from lugging that sack.
Ouch! I just hit my head on a shelf."

27486 FAMOUS - SANTA - ZSERIES Kent B. Hale P9612

Don't want milk or a fancy sweet snack.
All that stuff could cause a heart atack.
I'll be perfectly clear,
Give me pretzels and beer,
And just maybe next year, I'll be back.

27487 FAMOUS - SANTA - ZSERIES Kent B. Hale P9612

I'm so tired of wearing this suit.
Makes me look like a jolly fat fruit.
I want T-shirts and jeans
Or some nice L.L.Beans,
Casual style while delivering the loot.

27488 FAMOUS - SANTA - ZSERIES Kent B. Hale P9612

By the way, Merry Christmas, I guess.
Now I've got my complaints off my chest.
I like turkey and stuff,
Seems I can't get enough,
But I clearly like deer steaks the best!

27489 FAMOUS - SANTA - ZSERIES Kent B. Hale P9612

Reindeer sometimes create yellow snow,
And/or rain when they are on the go;
Said Santa, "My deer,
So it would appear,
Are just guilty of going with the flow."

27490 FAMOUS - SANTA - ZSERIES Kent B. Hale P9612

Did you know, deer break wind as they fly?
Enough gas to light up the sky.
The air is so ripe
I can't light up my pipe.
It's enough to make old Santa Cry.

27491 FAMOUS - SANTA - ZSERIES Kent B. Hale P9612

Another Christmas is now in the books,
And I'm just as tired as it looks.
Kiddies had me up early,
Which left me a bit surly;
Damn Santa and those retailing crooks!

27492 FAMOUS - SANTA - ZSERIES Faerie

I worked late just the night before,
When I got home, I locked the damn door.
The sumbitch got in,
Still can't figure out when,
All I know is he did, now I'm poor.

27493 FAMOUS - SANTA - ZSERIES Faerie

The pile of busted up toys,
That was wrought by my girl and the boys,
I'd sure like to stick
Up his ass, the big prick.
It would be one of my greatest joys.

27494 FAMOUS - SANTA - ZSERIES Faerie

But the asshole went back to the Pole;
Fifty-one weeks a year...On the dole!
He fucks with his missus,
Hope it burns when he pisses,
'Cause she was out screwing some troll.

27495 FAMOUS - SANTA - ZSERIES Faerie

This story has grown to be stale;
I'll relax with a nice big cocktail.
Be glad when it's done,
And thank Heaven for one
Nice gift. I'm too broke to make bail.

27496 FAMOUS - SANTA - ZSERIES Faerie

Santa has landed with sleigh
Right on my lawn during day.
The harness ondo,
Now the deer are askew;
Now my dog has entered the fray!

27497 FAMOUS - SANTA - ZSERIES Azul

With much barking and nipping at heels,
He rounded them up and did reel
Back to the harness knot,
Fixed on the spot,
And away they went in that sleigh mobile.

27498 FAMOUS - SANTA - ZSERIES Azul

When Santa dropped down in a puff,
Young Katie lay there in the buff.
But before he was socking
His gift in her stocking,
He heard a loud voice say, "Enough!"

27499 FAMOUS - SANTA - ZSERIES

Mrs. Claus, who was out in the yard
Had noticed his johnson get hard.
Where a line she'd attached,
So from bliss he was snatched,
And hoisted by his own petard.

27500 FAMOUS - SANTA - ZSERIES

For the old man the day began wrong:
It had all to do with his dong.
Mrs. Claus had been naggin'
'Bout hubby's habit for shaggin'
Young birds, so hence his raucous song:

27501 FAMOUS - SANTA - ZSERIES

"Ho-ho little rascals ho-ho,
Tonight Santa starts his fake show.
You'll believe every bit
'Cause you are just dumb shit,
And you lack the I.Q. to know!"

27502 FAMOUS - SANTA - ZSERIES

Now this, of course, is a false start,
But life on the old chap is hard.
He shows signs of demention
In spite of intention;
This year he plays the wrong card.

27503 FAMOUS - SANTA - ZSERIES

And when you start from the north pole
To this latitude, it's a long haul.
It's especialy hard
For a crappy old fart
Who's for most of the year on the dole.

27504 FAMOUS - SANTA - ZSERIES

For all of us, sleighs have their charm,
And a ride won't do you any harm.
But for Santa up high
In a dark freezing sky,
It's darn difficult to keep his balls warm.

27505 FAMOUS - SANTA - ZSERIES

Well, it's plain for us to see why
On this dreadful trip, our Santa guy
Wasn't up to the task,
And he groped for the flask.
From his icicled beard came this outcry:

27506 FAMOUS - SANTA - ZSERIES

Poor Rudolf the red-nosed reindeer
Had a little bit too much beer;
Kept his nose right bright
Throughout the whole night,
But could not guide the sleigh this year.

27507 FAMOUS - SANTA - ZSERIES

Hey, Santa babe, come over here!
I have been a good girl all year.
I can't wait to see
What you can show me,
In your line of holiday cheer.

27508 FAMOUS - SANTA - ZSERIES

Come here and hop on Santa's lap;
Oops something's popped up by your gap.
It's a brand new toy
For you to enjoy;
Hope you don't mind there is no gift wrap.

27509 FAMOUS - SANTA - ZSERIES

Well, 'tis the season to stroke Santa's bells,
As his sack full of toys fills and swells.
His sleigh is now stiff,
His delivery swift,
Like a Gatling gun, spraying out shells.

27510 FAMOUS - SANTA - ZSERIES

Like a master, he hits every house
In and out, quiet as a mouse.
To be nice is the goal,
So as not to get coal;
So be nice, now, and take off your blouse.

27511 FAMOUS - SANTA - ZSERIES

In the village of Cookham today,
The fellows put on an old play,
Where they kill Santa Claus,
For being the cause,
Of the misery they had yesterday.

27512 FAMOUS - SANTA - ZSERIES

At 3am kids woke from sleep.
To go shut them up, out you'd creep.
One new toy's right there,
At the top of the stair...
You trip, fall the flight in a heap.

27513 FAMOUS - SANTA - ZSERIES

That damned turkey tastes bloody foul,
You try, but you can't hide that scowl,
It's tough as a brick;
Now young June's being sick,
And Jim's lost control of his bowels.

27514 FAMOUS - SANTA - ZSERIES

Your head's splitting from that cheap booze,
The Christmas tree lights bblown a fuse,
And now as you put
Into it your foot...
Yes the cat has gone shat in your shoes.

27515 FAMOUS - SANTA - ZSERIES

Those Cookham townsfolk aren't deluded,
It's Old Nick, not Saint nickie who did
Print in small type
The cause of one gripe:
That batteries are not included.

27516 FAMOUS - SANTA - ZSERIES

You'll call me a scrooge 'cos I'm slatin'
This festival, but I'm just waitin'
For some clever man ta
Discover that Santa
Is anagrammatically Satan.

27517 FAMOUS - SANTA - ZSERIES

That turkey, plum pudding and jelly
Has vastly expanded my belly.
Like Buddha I sit;
Indigestion has hit
And my farts are exceedingly smelly.

27518 FAMOUS - SANTA - ZSERIES

Today I shall have me a rest;
Let the turkey and whisky digest.
I suppose I should take
A brisk walk by the lake
But, oh sod it, I'll stay here half-dressed.

27519 FAMOUS - SANTA - ZSERIES

Wallet takes the usual whopping.
Its race place to place without stopping.
I love Christmas season,
For many a reason.
But damn, how I loathe all the shopping.

27520 FAMOUS - SANTA - ZSERIES

Eat, drink, be merry! (A song?)
Fuel body and soul to stay strong
Take a good crap;
Have a nice nap;
I doubt you'll be half dressed for long.

27521 FAMOUS - SANTA - ZSERIES

Fish net stockings ol' Santa's got,
From his tootsies up to his cock.
Red garters of lace
To keep them in place,
Matching bra and panties so hot.

27522 FAMOUS - SANTA - ZSERIES

The reindeer eyes wide with fright,
Are locking their doors every night.
The chimney they block;
Won't answer a knock;
And pray it will soon be daylight.

27523 FAMOUS - SANTA - ZSERIES

Poor Rudolph, is now Santa's prey;
In locking up he did delay.
Now he's on the phone,
Hysterical tone,
Dialing help from the S.P.C.A.

27524 FAMOUS - SANTA - ZSERIES

And if so, have you another suggestion?

That was stuffed like a can of sardines.
Though it was quite terrible,

Whatever it is that sells Tucks.

In such awful pain,
And pried a fart out of her ass!

28013 FLATULENCE - MUSICAL L1680

I've read all these limericks symphonic,
Regarding this gaseous philharmonic --
To my highly trained ear,
It's easy to hear --
You could all use a good high colonic!

28014 FLATULENCE - MUSICAL Kaylin

Beg pardon, I do stand corrected,
Because I had never inspected
Those musical shorts,
From where loud reports
Left everyone, laughter infected.

Down where it's at,
But at least it isn't B sharp.

While Cager afarting away,

Had been farting the wrong Koechel number.
(Koechel number - organization of Mozart's works)

I can play the old trumpet invol-
untary, sometimes a kettle-drum roll;
But those symphonies great
Of old Mozart and Beet-
hoven? Shit! They need perfect control.

28033 FLATULENCE - MUSICAL Peter Wilkins

Some folk confuse farts with methane;
That results from a bad anal strain.
Though both can be deadly,
Only one plays a medley,
Especially after beans and champagne.

28034 FLATULENCE - MUSICAL S C Saint

The sphincter's an unruly thing;
A lifetime of study's the thing
For anal broadcasters,
Who wish to be masters,
And make the ass trill and sing.

28035 FLATULENCE - MUSICAL H

But if you just need a quick grin
(For you, not for those you chagrin),
Insert a duck call --
It's sure to appall,
With outrageous droppings of chin.

28036 FLATULENCE - MUSICAL H

Otherwise, get thee a glass,
Observing your reflected ass,
And patiently strain
And train once again,
Until even tones you can pass.

28037 FLATULENCE - MUSICAL H

To modulate pitch is the trick --
The brain-ass connections limbic.
A musical hole
Needs cortex control.
It's cheating to tug on your dick.

28038 FLATULENCE - MUSICAL H

If you ask of the average anus
To carry a tune, it would pain us.
But insert a reed,
With a dash of your seed,
And the pooting is quite far from heinous.

28039 FLATULENCE - MUSICAL Toots

Then I tried once again to extrude
Some noises melodic but rude.
As a single loud trump
Came forth from my rump,
I sang words about turds that were crude.

28040 FLATULENCE - MUSICAL Prof

A melodious old maid from Lorain

28044 FLATULENCE - MUSICAL Peter Wilkins

Here's old Charlie Giggle, the vagrant,
With audible flatulence flagrant.
He'll fart, for a tanner,
The Star Spangled Banner,
And leave all the city unfragrant.

28045 FLATULENCE - MUSICAL Tiddy Ogg

Jeez, I'm a forgetful old goat!
So here's that explanatory note:
A tanner's six pence;
Old style, that's 4 cents
(US); slightly more than a groat.

28046 FLATULENCE - MUSICAL Tiddy Ogg

Another explanatory note
I think is required for "a groat".
Now wasn't that four
Pence (old Sterling) no more?
Or have I got the brains of a goat?

28047 FLATULENCE - MUSICAL Peter Wilkins

That question on brains is rhetorical;
But seeing as groats are historical,
And older than tanners,
It's only good manners
I firstly consult the Ogg Oracle.

28048 FLATULENCE - MUSICAL Peter Wilkins

You're right, and for once on the job,
And poling old Sal with my knob,
She said for a groat,
She'd suck on my choat,
But to swallow the jizz was a bob.

28049 FLATULENCE - MUSICAL Tiddy Ogg

A bob, as you know, is a shilling.
And back then, most gals would be willing
To lower defence
For that small expense,
And give you a jolly good milling.

28050 FLATULENCE - MUSICAL Tiddy Ogg

There was a young girl from Savannah,
Who had a peculiar manner.
She stood on her head

Displaying their fart-songs, no doubt.
He would toot in low D,
She would rip in high C --
The "Ass-gas Symphony" was a blowout!

While he farted the Star Spangled Banner.

28054 FLATULENCE - MUSICAL Jim Menger P9204

He moved off to London one spring
And in London he did the same thing.

He'd learned a new tune
And now farted God Save the King.

28055 FLATULENCE - MUSICAL Jim Menger P9204

Then at gambling he lost all his bets--
Fled to Spain to avoid all his debts.
He earns minimum wage
Farting tangos on stage,
Accompanied by four castanets.

28056 FLATULENCE - MUSICAL Jim Menger P9204

I've taken the day off in lieu,
But of what? Well, I haven't a clue.
Thought I'd master the art
Of the musical fart,
But I cheated and used a Kazoo.

28057 FLATULENCE - MUSICAL Peter Wilkins

An upstart who gained notoriety
Is shunned by the cream of society,
For his foul ventral breezes.
He voids as he pleases,
In tones of fantastic variety.

28058 FLATULENCE - MUSICAL G1433

While musicians have battled for years,
Over which are the best symphoneers,
They agree from the start,
That a 'Whistling Fart'
Is great music to all of their rears. (their ears?)

28059 FLATULENCE - MUSICAL

An overweight lady named Tammy
Fell in the orchestra pit in Miami.
All of the brass
Went straight up her ass;
She farted and she won a Grammy!

28060 FLATULENCE - MUSICAL   Anon

The farter from Sparta had class,
And many awards did amass,
But a fellow named Carter
Was a much better farter,
Who could whistle a tune with his ass.

28061 FLATULENCE - MUSICAL   Albin Chaplin   3024-1197

A flatulent crooner named Swartz,
A loser with almost no smarts,
At last honed an act
Worth millions in fact:

28062 FLATULENCE - MUSICAL   Armand E Singer   591

There once was a young man from Sparta,
A really magnificent farter.
On the strength of one bean,
He'd fart God Save The Queen,
And Bethoven's Moonlight Sonata.

28063 FLATULENCE - MUSICAL - SPARTA   L0740

He could vary, with proper persuasion,
His fart to suit any occasion.
He could fart like a flute,
Like a lark, like a lute,
This highly fartistic Caucasian.

28064 FLATULENCE - MUSICAL - SPARTA   L0741

This sparkling young farter from Sparta,
His fart, for no money could barter.
He could roar from his rear,
Any scene from Shakespeare,
Or Gilbert and Sullivan's Mikado.

28065 FLATULENCE - MUSICAL - SPARTA L0742

He'd fart a gavotte for a starter,
And fizzle a fine serenata.

The Coriolanus:
Er-tum-too, er-tum, tootle, hum tah-dah!

28066 FLATULENCE - MUSICAL - SPARTA L0743

He was great on the Christmas Cantata.
He could double-stop fart the Toccata.
Brahm's B-Minor Mass,
Would boom from his ass,
And he'd finish with La Traviata.

28067 FLATULENCE - MUSICAL - SPARTA L0744

His repertoire, classics to jazz,
New effects using bubbles of gas.
With a good dose of salts,
He could whistle a waltz,
Or swing it in razzamatazz.

28068 FLATULENCE - MUSICAL - SPARTA L0746

His basso profundo, so rare,
He rendered with power to spare.
But his great work of art,
His fortissimo fart,
He saved for the March Militaire.

28069 FLATULENCE - MUSICAL - SPARTA L0747

He could whistle, could warble, could hum;
By constricting the hole in his bum.
And make animal sounds,
Or fire artillery rounds
With the force of a field cannon gun.

28070 FLATULENCE - MUSICAL - SPARTA llewtraH

The fabbulous farter from Sparta,

And for encore he did Bach's Tocccata.

28071 FLATULENCE - MUSICAL - SPARTA llewtraH

He'd accompanied Oasis and Blur,
And done backing music for Cher.
Though his style was obscene,
It's used on the big screen,
And is found in the movie, Ben Hur.

28072 FLATULENCE - MUSICAL - SPARTA llewtraH

When his farter was truly on form,
His asshole outplayed a French horn.
He'd give all day recitals
With the air from his vitals.
After a large plate of leeks and some corn.

28073 FLATULENCE - MUSICAL - SPARTA llewtraH

No one could play classics much finer,
As he showed me one day in a diner.
I had bagels with lox,
While from his buttocks,
He played Choin's Etude 12 in C-minor.

28074 FLATULENCE - MUSICAL - SPARTA Anon

He could imitate jets supersonic,
Or play compositions symphonic.
For Handel's Messiah,
He reached top C and higher,
Only after a mammoth colonic.

28075 FLATULENCE - MUSICAL - SPARTA llewtraH

A family size can of baked beans,
Could fuel for thee main movie themes;
Star Wars and some westerns,
Were often requested,
Though odors were somewhat obscene.

28076 FLATULENCE - MUSICAL - SPARTA llewtraH

He could play Holst's Mars and Uranus,
By expelling the air from his anus.
He did Copacabana,
But his Carmina Burana
Was proclaimed a cantus profanus.

28077 FLATULENCE - MUSICAL - SPARTA llewtraH

This man with the musical asshole,
Was asked to perform in a castle.
He ignited his gas,
Near exploded his ass,
And the Count cried "Once more, you rascal!"

28078 FLATULENCE - MUSICAL - SPARTA llewtraH

One day he was asked to perform,
The William Tell Overture Storm.
But naught could dishearten
Our flatulent Spartan,
For his fart was in wonderful form.

28079 FLATULENCE - MUSICAL - SPARTA   L0748

The Count hosted the concert in style,
And the queue to get in was a mile.
The farter ate leeks,
Lived on beans for two weeks,
Knowing his farts were on trial.

28080 FLATULENCE - MUSICAL - SPARTA llewtraH

He practiced by farting some tunes,
Till his arsehole made sounds like bassoons;
Symphonies, sonatas,
Serenades and contatas,
And the theme from 'The Mouse On The Moon.'

28081 FLATULENCE - MUSICAL - SPARTA llewtraH

He played 'The Ride Of The Valkyries,
And brought the whole crowd to its knees.
Women fainted and screamed,
At the Dambuster's Theme,
And the Flight of the Bumblebee.

28082 FLATULENCE - MUSICAL - SPARTA llewtraH

He farted on feeling quite merry;
Did the Dance Of The Sugarplum Fairies.
Farts echoed and swelled,
(And so did the smell)
And his face went as red as a cherry.

28083 FLATULENCE - MUSICAL - SPARTA llewtraH

With a smell like a heap of manure,
He began the William Tell Overture.
They gasped as it started,
Cheered the Farter from Sparta,
And soon they were screaming for more.

28084 FLATULENCE - MUSICAL - SPARTA llewtraH

It went off in capital style,
And he farted it through with a smile.
Then, feeling quite jolly,
He tried the finale,
Blowing double-stopped farts all the while.

28085 FLATULENCE - MUSICAL - SPARTA L0749

The selection was tough, I admit,
But it did not dismay him one bit,
With his head held aloft,
He suddenly coughed,
And collapsed in a mountain of shit.
(But it daunted our Spartan no whit)
28086 FLATULENCE - MUSICAL - SPARTA L0750

One mammoth turd blocked up his ass;
Around it no fart could be passed.
His bowel filled with farts,
From his ass to his heart,
And inflated his belly with gas.

28087 FLATULENCE - MUSICAL - SPARTA llewtraH

All at once, the poor farter exploded;
His expanding bowel overloaded.
The room filled with screams,
As gas-filled intestines
Rose up to the ceiling and floated.

28088 FLATULENCE - MUSICAL - SPARTA llewtraH

Like a string of long brown balloons,
His innards were strung 'round the room.
The odor was ripe,
So the Count lit his pipe,
And the whole place went up with a boom.

28089 FLATULENCE - MUSICAL - SPARTA llewtraH

His bunghole was blown back to Sparta,
Where they buried the rest of our farter.
With a gravestone of turds
Inscribed with the words,
To the Fine Art of Farting, a Martyr."

28090 FLATULENCE - MUSICAL - SPARTA L0751

He could blow stately themes in organlike styles,
Such as "Ein Fest Burg," with his sphincter in smiles;
He could fart "Dulciana"
Or a soft vox humana,
With tremolo stops from his piles.

28091 FLATULENCE - MUSICAL - SPARTA G1460

You've heard of that fellow from Sparta,
Renowned as musician and farter;
He could fart pizzicata,
With flute obbligata,
And boom out the bass of Bach's B-flat toccata.

28092 FLATULENCE - MUSICAL - SPARTA G1459

A fellow with the surname of Art
Often dined at the deli in the mart.
Some thought he was crude
And very much lewd,
For he finished each meal with a fart.

28093 FLATULENCE - NOISY

I suffered a flatulent spell
And my lady-love's ardor soon fell.
It wasn't the odor,
She told me, that slowed 'er,
But the noises announcing the smell.

28094 FLATULENCE - NOISY Norm Storer P9806

28460 FOREPLAY - WATER Tiddy Ogg

The rain's beating down with a thud
Here and turning the earth into mud,
In which Carol could roll,
And the thought, 'pon my soul,
Is quite raising my pressure of blood.

28461 FOREPLAY - WATER Peter Wilkins

I'll roll in the mud, front and back,
To get a full body mud pack,
And splash all around
'Til you hose me down,
And get the mud out of my crack.

28462 FOREPLAY - WATER Carol

Like most men, I love sporty girls;
I've sailed on the Solyent with Shirl.
Hacked horses with Hattie,
Plumbed pot-holes with Patti,
But best is mud-wrestling with Pearl.

28463 FOREPLAY - WATER Tiddy

People might as well wish
They had equipment like a fish.
You could get a good rub,
While floating in a tub,
But the guy'd have to be quite a dish!

28464 FOREPLAY - WATER

There was a girl in the bathtub,
Who said "Come on in for a scrub.
The water is hot,
And I'll show you the spot
You're welcome to rub-a-dub-dub."

28465 FOREPLAY - WATER Jim Weaver Collection

I plunged the cold depths of Loch Nevis
And surfacing spied a nude Scots miss.
Milky limbs so sublime,
Young breasts in their prime...
I dove to caress her sweet crevice.

28466 FOREPLAY - WATER TuttaGioia

Sex in the shower was grand;
His every wish was my command --
For leverage I clung
To the towel rack that hung
On the wall, but it broke in my hand.

28467 FOREPLAY - WATER Kaylin

Be both ended up on the floor;
My body was so bruised and sore.
I said "Leave me alone,
I've broken my tail bone!"
But that idiot still wanted more!

28468 FOREPLAY - WATER Kaylin

In Melbourne the lack of gas power
Has prevented much sex in the shower.
Now it's back! Come on baby!
No need to say maybe!
Let's do it for hour after hour!

28469 FOREPLAY - WATER Mike Dale

I'll give you a sudsy massage;
You'll guide the tactile entourage;
With hope in your soul
And soap in your hole,
Prepare for a holy barrage.

28470 FOREPLAY - WATER Jim Weaver Collection

How lucky the warm shower water,
Caressing McCarraher's daughter;
In each secret cranny
And nook of young Annie,
Where, if there were justice, I oughter.

28471 FOREPLAY - WATER

I do love a romp in the shower
With your extended hollyhock flower;
Your wet, slippery bod,
And that length of hot rod,
That I just cannot wait to devour.

28472 FOREPLAY - WATER Jim Weaver Collection

Darling wife, analyzing the water,
Stuck her hand in, something caught her.
She thought it might bite.
It caused her a fright,
Thought I put in what I hadn't oughter.

28473 FOREPLAY - WATER

I'm having a memorable ride
As I'm rushed on my raft with the tide
And I'm starting to get
A little bit wet,
But that's 'cause of you, I'll confide.

28474 FOREPLAY - WATER

As I ride down the river on waves,
It's you that my body still craves.
And though a bit tired
Of travel, I'm wired --
Thoughts of you my heart now enslaves.

28475 FOREPLAY - WATER

Just reached a rough bend in the river;
The sight ahead just sent a shiver
Up and down my spine,
Because it seems I'm
Heading for the falls as I quiver.

28476 FOREPLAY - WATER

I'm glad I have time to prepare
For what's going on just up there;
A very long drop
From here at the top;
I've stopped at the bend, don't despair.

28477 FOREPLAY - WATER

I've climbed off the raft now you see;
For there is the gear left for me,
Right here on the shore,
And now what's in store
Is to jump and to soar feeling free.

28478 FOREPLAY - WATER

The air rushing round as I fly
Out over the falls so that I
Can get down there fast;
How many have crashed
On the rocks down below? Did they die?

28479 FOREPLAY - WATER

Lay back in the bath, close your eyes,
While I slowly massage your thighs.
My hands will caress,
Every inch with finesse,
'Til your passion gives way to a rise.

28480 FOREPLAY - WATER

What a fine bathside manner thou hath;
My loins are ablaze with great wrath.
Your skillful finesse
As done nothing less...
Than lifted my thighs out the bath.

There once was a woman named June
Who got into the tub around noon;
She emerged around three,
Just as clean as can be,
With her skin wrinkled up like a prune.

Of Boston I sing a sweet ditty:
Hub of culture and learning, great city!
And sidewalk cafes
For pastries and teas,
But I don't like croissants 'a la gritty!'

I saw all the food I could wish
From pork chops to a kosher knish.
But what is it to me?
It was all on TV;
In my hands just a satelite dish.

There's a whimsical fellow in Deal
Who barks for his food like a seal;
Says his wife, with a sniff:
"'Twould be funnier, if

28485 GOURMETS Morris Bishop P8801

For love and for food it's the same:
If it is not messy, it's lame.
If the kitchen is neat
When you finish your treat,
You've none but yourself to blame.

28486 GOURMETS Karen

Love and food are alike.
If it doesn't hurt, it's not right.
I'm not saying a lot,
Just a little too hot,
And maybe a little too tight.

28487 GOURMETS Karen

A knockout new restaurant reviewer,
Her tastebuds and visage both pure,
Was about on the town,
And while making her rounds,
The heart of each chef she did skewer.

28488 GOURMETS Niven Shaw

A waiter ran into the walk-in
And said, "Chef, there's no time for talkin'!
The reviewer is here
And she's ordered a beer.
And the whole waiter staff's out there, gawkin'!"

28489 GOURMETS Niven Shaw

The Chef made his way to her table.
(Her melons were covered in sable!)
He said, "Madame critic,
Please have some Glenfiddich,
And I'll make the best meal that I'm able."

28490 GOURMETS Niven Shaw

He set out asparagus flan
And a stunning free-range coq au vin.
He plied her with cider,
And sat down beside her,
Presenting warm, crisp tarte tatin.

28491 GOURMETS Niven Shaw

She exclaimed, "What a wonderful dish!"
And the Chef, so emboldened by this,
Was so floored by her charm,
He took her in his arms,
And leaned in to pilfer a kiss.

28492 GOURMETS Niven Shaw

He'd prepared himself for a slap,
But instead, felt a hand in his lap!
What a glorious night!
And with no end in sight,
He dismissed his whole staff with a snap.

28493 GOURMETS Niven Shaw

He remarked on her miniscule waist
And worshiped her radiant face;
So fetching was she,
He fell to one knee
And proposed that they be wed post-haste.

28494 GOURMETS Niven Shaw

She slurred, "Chef, I am flattered and all,
And though I'm convinced you're a doll,
Many thanks for the thought,
But alas, I cannot --
I'm afraid your cucumber's too small.

28495 GOURMETS   Niven Shaw

When you go to a store in Ascutney,
There is no use to ask them for chutney.
You may plea, you may tease,
You may go on your knees.
It will do you no good, they ain't gotney.

28497 GOURMETS   Richard H. Field

At the village emporium in Woodstock,
Of chutney they keep quite a good stock.
They're more given to gluttony
Than the folk of Ascutney
Who neither of liquors or foods talk.

I'll eat anything if it's free of germs.
ESCULENT, you say?
Add it to my tray!
Tastes like chicken? Then it must be worms.

Deviled tomatoes are great;
Fried in butter -- a half pound by weight --

Jalapenos? Well what about James?
He ate some then started on games...
With his girl ('twas no joke)
She then started to smoke
And on climax she burst into flames!!!

29552 GOURMETS - MEXICAN

I once had a craving for tacos,
Which I bought at a stand they called Paco's.
My stomach did churn;
My heart it did burn;
From now on I'd rather eat nachos!

29553 GOURMETS - MEXICAN Zekow TP9804

For Mexican food you must learn
That the stuff is destined to return.
Just say, "What the hell"
And enjoy the smell,
While ignoring the mild anal burn.

29554 GOURMETS - MEXICAN

A Mexican fellow named Willie
Ate tortillas with spiced piccalilli.
His breath got so hot,
That whenever you got
Near Willie you never were chilly.

29555 GOURMETS - MEXICAN Warrick Elrod

In Mexico the culture's sublime;
Refried beans are tasting just fine.
But am I being a jerk,
Or could they save work,
By just frying them right the first time?

29556 GOURMETS - MEXICAN Ron Sartain

I like salsa that's very hot,
And spicey, that hits the right spot.
With lots of fire,
It is my desire.
It's exciting when heat it's got.

29557 GOURMETS - MEXICAN

A poor lonely man named Flaco,
Went looking for girls in Morocco.
A chica named Millie
Liked his big chile,
So he squirted his sauce in her taco.

29558 GOURMETS - MEXICAN Melissa Smead

And then there's the one about Rocko,
Who fell in love with a taco!
It reminded him of
That sweet place of love
And the sex with his taco was SOCKO!

Where the Wine Festival was to be,
Preparations progressed swimmingly.
They'd a van from "Conchita's"
From which sold Fajitas,
And their companion wine, a Chablis.

29560 GOURMETS - MEXICAN Loren Fitzhugh P0310

Tonight with a lover Divine,
I sat and ate cherries and wine.
So fast was the pace,
I was almost disgraced,
But like ice cream, it all came out fine.

29561 GOURMETS - SWEETS Mischief

Amazing how sweet is ambrosia;
Its glorious taste simply throws ya.
It smacks both your lips,
Demands more than sips,
And pounds as it paddles and rows ya.

29562 GOURMETS - SWEETS Matthew Montchalin

The food of the Gods is ambrosia;
It quickens your beat and then blows ya.
From Heaven descended,
By angels its blended;
It shows what it does when it knows ya.

29563 GOURMETS - SWEETS Matthew Montchalin

Three times over three is ambrosia;
It gives what it takes to engross ya;
Three mystical sips,
A slip and two skips,
And then with a hug it just holds ya.

29564 GOURMETS - SWEETS Matthew Montchalin

It seems you enjoy this ambrosia,
'Cause she quickens your beat and then blows ya;
You should offer her nectar
From Hector Erector,
To store in a southern exposure.

29565 GOURMETS - SWEETS Hugh Clary

I wandered through fields of ambrosia;
The gooey stuff squelched 'twixt my toes. Ya
May join me if rice
Is your fetish or vice;
Lay down so the substance enfolds ya.
(Ambrosia is canned rice pudding in UK)
29566 GOURMETS - SWEETS Tiddy Ogg

In America, ambrosia's food too,
But tastier than your rice goo.
'Tis a mixture of fruit
And coconut to boot,
And it sure makes me visit the loo!

29567 GOURMETS - SWEETS Liam na Baeg

There was an old woman named Jenny
Who sold custard pies for a penny.
She lost ha'pence a pie,
And it puzzled her why,
When evey day she sold so many.

A banana frozen and dipped
In chocolate topping, she nipped
From out of the case
As if in a race,
Then topped if with sweet cream, well whipped.

29569 GOURMETS - SWEETS

Of food that is sexy, I think
That blancmange is my favorite kink;
And the last one I boffed
Was amazingly soft,
And so wondrously squelchy and pink.

29570 GOURMETS - SWEETS Jim Weaver Collection

Blancmange is a creamy white pudding,
Into which your thing, don't be putting.
Instead let it swell;
Get a pastry shell
To fill with your own cream -- that's gooding!

The ferry for Ireland steamed out
But crashed on the Island of Grout.
The survivors, though, flourished
Because they were nourished
By duty-free chocolate and stout.

A girl from Madrid cried, "Ole!"
As creme he shot forth in a spray...
"Senor," she then said,
"I prefer warmer head..
Next time, could we have it brulee?"

I like chocolate, but in moderation,
A precursor to good copulation.
With choc boy paint,
I'll make you feel faint,
With the ultimate in titillation.

29574 GOURMETS - SWEETS Jayne

That chocolate titillation
Needs some more distillation;
By adding some mint,
My eyes they will glint,
And I'll try reverse osculation.

29575 GOURMETS - SWEETS Archie

Hot chocolate is always in season,
I drink it no matter the reason;
But I'll truly attest
That it's certainly best
When it's cold and my hiney is freezin'.

29576 GOURMETS - SWEETS Cap'n Bean P0104

Chocolate. I like it the most.
So I'm grateful whenever a host
Can see themselves clear
To be such a dear
And spread it on onions and toast.

29577 GOURMETS - SWEETS Erick Hinds

I think that my hair is allergic
To chocolate bits, thaumaturgic.
But the urge to eat more
Is what's at the core
Off my hair-loss, so dramaturgic.

29578 GOURMETS - SWEETS Archie

Your hair's not allergic, you Ace!
The point was to highlight your face!
Chocolate's devine
To help you to shine.
Your hair felt the need for some space!

29579 GOURMETS - SWEETS Bridget

For the heart they say chocolate is great,
And one aspirin DO take on each date.
And a shot of whiskey
At first sign -- don't you see --
Of a heart attack -- Now don't you wait!

29580 GOURMETS - SWEETS Hilde na Baeg

So if you feel the symptoms, just quit
What you're doing. Find some place to sit.
Take an aspirin quickly
With a shot of whiskey.
Then a chocolate -- a great first aid kit.

29581 GOURMETS - SWEETS Hilde na Baeg

Thank you and now I'll be quicker,
If ever I feel that my ticker
Is under attack,
To gulp me a snack
Of Goody's, Jim Beam, and a Snicker!

29582 GOURMETS - SWEETS Travis Brasell

I will say I just love what you wrote!
Diet expert -- you now have my vote.
It's better than sweating
And very trend setting
And when you are rich, I will gloat.

29583 GOURMETS - SWEETS Bridget

If you want to look good in the nude,
You have to cut back on rich food.
So rather than flirt
With that chocolate dessert,
Just cause your jaws to OCCLUDE.

29584 GOURMETS - SWEETS Norm Brust

Our Dorothy's got all of them, Mum,
And won't share them out, even some.
The cookies are mine;
I'm starting to whine --
So give me a cookie, Dot, come!

29585 GOURMETS - SWEETS Archie

You spoiled-rotten whiney small brat!
These cookies are mine and that's that!
Keep your hands to yourself,
You perverted old elf
Or I'm telling Mom 'bout the cat!

29586 GOURMETS - SWEETS Dorothy

A horror of pink cotton candy,
When down at the beach, gets all sandy,
And cause cavities
And fits of depravity,
And makes one sticky and randy.

29587 GOURMETS - SWEETS Blundel's

Crepes -- they are such fun to eat;
Filled with soft cream, can't be beat.
Topped with strawberry.
Sweet? Oh yes, very;
Juicy and ripe for your meat.

29588 GOURMETS - SWEETS Arden

Not much of a cook is Ms. Brand;
Her recipes get out of hand;
Her pumpkin pies stink;
The fillings all sink;
It's what she calls Custard's Last Stand.

29589 GOURMETS - SWEETS Armand E Singer 873

When Caroline's mother made custard,
She started to get a bit flustered.
Her daughter said "What

Put your specs on, the label says 'mustard'."

29590 GOURMETS - SWEETS Funfax Limericks

O poor ice cream vendor Joe Brand,
His softserve's not frozen as planned;
August's God-awful heat
Can fry eggs in the street;
He calls it his custard's last stand.

29591 GOURMETS - SWEETS Armand Singer P0310

Here's marshmallow Fluffy (it's white)
And Pet milk for coffee delight.
So don't be a bumpkin
Who only eats pumpkin,
There's way too much here for one bite.

29592 GOURMETS - SWEETS Jim Weaver Collection

A pox on those soggy old cakes,
With candied delights and tooth-aches.
Though some of them come
Well-bathed in dark rum,
And squeezing them some talent takes.

29593 GOURMETS - SWEETS Chris Papa

I am working up quite a sweat
Making fudge after fudge, and yet
Although it's delicious
And the calories vicious,
I can't get the damn stuff to set!

29594 GOURMETS - SWEETS Michelle

I've heard it from friends who are gay,
It's quite possible to make it stay
In place firmly set
Despite all your sweat,
When you pack in the fudge the right way.

29595 GOURMETS - SWEETS Obnoxio

You have a most sick twisted mind
And I think, I am sure you will find
That I'm simply looking
For a method of cooking
This damn stuff and get it to bind.

29596 GOURMETS - SWEETS Michelle

Well dearie, I'm beggin' your pard';
Will you take advice from this bard?
That fudge may be male,
There is one way to tell;
Cook naked -- that fudge will get hard.

29597 GOURMETS - SWEETS Travis Brasell

On New Year's Day in Alabam',
Had black-eyed peas, turnips, and ham;
But then for dessert
I pulled off her skirt,
And ate her hole pie..."Thank ya, ma'am!"

"And how many lumps do you take?",
Asked Jill, serving Joe tea and cake.
Those two, 'neath your sweater,"
Said Joe, "Would be better."
Jill, shocked, hit him twice with her rake.

They've put in a new ice cream store
By my shop -- in fact, right next door.
It's really not fair
To put it right there,
For now I'll gain pounds by the score.

They've vanilla with warm chocolate goo
And Heath Bar and Cookie dough too.
Sundae and floats,

That stick to my hips like soft glue.

I tell you, if I'm gonna sin,
I'd rather with sex or with gin.
The price is too high;
When I look at my thigh,
And see those three scoops once again.

A silly inventor from Kamloops
Invented both Fruit Loops and Spam Loops
But he made, I confess,
A most horrible mess,
When he tried to make Strawberry Jam Loops.

After eating all those jelly beans,
I'm looking for some other means
To keep my ass covered,
For I have discovered
I leave more than zip on my jeans.

29605 GOURMETS - SWEETS

Said a bad little youngster named Beauchamp:
"Those jelly tarts, how shall I reach 'em?
To my parents I'd go,
But they always say 'No,'
No matter how much I beseech 'em."

Don't give me milk duds, please.
They tend to make me sneeze.
'Til folks sitting behind me
Whisper "hush" to remind me.
But - I'd like some jujubes!

29608 GOURMETS - SWEETS Lynn Mostafa

I've had some strange dreams in my time,
Like some people licking green slime.
I too, had a taste.
One never should waste
That yummy pie known as Key Lime.

29609 GOURMETS - SWEETS H Welchel

But You should know Key Lime Pie
Although pleasing to tongue and to eye,
Should never be green,
Unless you are keen
On pollution with icky green dye.

29610 GOURMETS - SWEETS John Miller

The lime that is grown on a Key
Is paler than what you will see
If you pull down my pants
'Fore I get a chance
At a beach that is bathing-suit free.

29611 GOURMETS - SWEETS John Miller

The filling you make from Key Lime
Is too firm to be likened to slime,
And too tart for a tart
But will do for a start
In your search for a flavor sublime.

29612 GOURMETS - SWEETS John Miller

Though I make my own filling from scratch,
Now it's rarely applied to young snatch.
But if some girl is willing,
My filling's less filling.
Come here and I'll whip up a batch.

From the time we were threatened by Scuds,
The baker's lost the taste of his bud.
When he tries to make
A pudding or cake,

I'm not saying that's right or that's wrong.
Although not a fan,
I'll do all I can,
To keep passion and lust extra strong

29617 GOURMETS - SWEETS Jayne

I don't care for blackstrap molasses,
And if offered syrup, I passes.
No sugar or honey,
And jam just tastes funny.
I only want sweet sassafrasses.

29618 GOURMETS - SWEETS Heather McCabe

Abstention means no chocolate chips.
Among the best of "no-no" tips--
The cookie, eat all
But let the chips fall...
Or buy them with no chocolate pips.

29619 GOURMETS - SWEETS Irving Superior P9708

All diets are quite self-defeating,
'Cause all day you think about eating.
You mentally wilt,
Through the feelings of Guilt,
When on big Snicker bars you've been cheating.

29620 GOURMETS - SWEETS

A plum brought to mind food that's good.
Chocolate cookie-like things that I should
Not be eating. Now what
Is that there? I forgot...
Time for coffee and sleep. Yes, I could.

29621 GOURMETS - SWEETS Hilde na Beag

There is one thing that men get all sweaty for,
A treat like a fine chocolate petit four;
To imply it's to eat
Is not just conceit--
In fact, it's not even a metaphor.

Rhubarb is much better in pies;
Sweet, sour, and attracting flies.
It's good as goosebery
And tasty as cherry;
Please, have a slice -- don't be shy!

29626 GOURMETS - SWEETS Marlene Lewis

We would just wipe it off and chew,
Then watch each other's mouth go askew.
So sour yet so good
That in my boyhood,
Things were tastier in 1942.

My British friend, Rozzie's homesick;
Mum's cooking I thought would do the trick.

I like ice cream sundaes, don't you?
With nuts and some berries, it's true.
Whipped cream and caramel
And chocolate are swell.
It makes for a sticky goo screw.

I just made some cookies, "They're great!"
(My parents proclaimed as they ate.)
"Ease up on them, Pa!
They're made out of straw-

I feel just so rotten tonight.
I've been crying. I look a fright.
My face paint is smeared.
My vision is bleared.
My life is a deserted blight.

29632 GOURMETS - SWEETS Marlene

Too much sugar caused me to think
I should just sever my link.
Nobody there likes me
Every one of them hates me,
And all of my limericks just stink.

29633 GOURMETS - SWEETS Marlene

"Oh Yeah! I've got them Sugar Blues!"
It's harder on me than some booze.
I fly for a bit;
Then feel just like shit.
The only cure is a long snooze.

29634 GOURMETS - SWEETS Marlene

I feel much better today;
I want to pass warning your way.
Stay away from sugar;
It's really a booger;
Your nerves it will frequently fray.

29635 GOURMETS - SWEETS Marlene

Who needs to take illegal drugs,
When sugar will give your brain bugs.
The crash is so hard,
It ain't worth it, pard,
Unless someone is there to give hugs.

29636 GOURMETS - SWEETS Marlene

When sugar is made to appeal,
Lock the makers in the Bastille,
Where they can't get out
And spread it about.
I eat sugar when I need to heal.

29637 GOURMETS - SWEETS Marlene

This habit I can't seem to break --
It gives me this damn bad headache.
I just love the taste
Of food sugar-laced!
'Twas sugar Eve got from the snake!

29638 GOURMETS - SWEETS Marlene

With junkies I do sympathize;
Sometimes my words are wise.
Sugar makes me sick
But yet I do pick
The candy, the cookies, the pies.

I don't use cubed sugar no more.
I used to drop in three or four,
Then probe with my tongue
To where they had clung,
But my wife said it made her feel sore.

They're long and they're hard and they're wet,
And everyone wants one, I'll bet.
The best way to go
Is licking them slow;
What flavor popsicle d'you get?

29648 GOURMETS - SWEETS Marlene Lewis

My popsicle's a tasty red;
The flavor's straawberry, he said.
But it's melting fast;
Don't think it can last;
It's dripping all over the bed.

29649 GOURMETS - SWEETS Carol

What's left is a soggy old stick,
'Cause I just licked it up real quick.
Popsicles are nice,
But just flavored ice;
Next time an ice cream cone I'll pick.

29650 GOURMETS - SWEETS Carol

Not me -- I prefer something tastey,
That my tongue can plunge in real hasty;
Smooth soft and silky,
Meltingly milky.
My ice cream will not go to wastey.

My partner is really quite mean;
He likes me eat things that are green.
He made eggs on toast

29656 GOURMETS - VEGGIES

I also think carrots are over-rated,

But I prefer them when they're grated.
